The Kamasutra Independently Published

Dogra Magra is a story about a young man, Ichiro Kure, who wakes up in an asylum cell with no memory of who he is or how he got there.

Modern Hausa Dictionary Blurb

Dogra Magra is one of most famous novel by Yumeno Kyusaku. This is suitable for middle - high level Japanese learner or native Japanese reader.

A Punjabi Village in Pakistan U of Minnesota Press

Russian novelist Victor Pelevin is rapidly establishing himself as one of the most brilliant young writers at work today. His comic inventiveness and mind-bending talent prompted Time magazine to proclaim him a "psychedelic Nabokov for the cyber-age." In his third novel, Buddha's Little Finger, Pelevin has created an

intellectually dazzling tale about identity and Russian history, as well as a spectacular elaboration of Buddhist philosophy. Moving between events of the Russian Civil War of 1919 and the thoughts of a man incarcerated in a contemporary Moscow psychiatric hospital, Buddha's Little Finger is a work of demonic absurdism by a writer who continues to delight and astonish.

Balarama in Hindu and Jain Mythology Haymarket Books+ORM

The book weaves through an intricate tapestry of ideas relating to pan-Asianism, nationalism, cosmopolitanism, and friendship, and positions the early modernist tensions of the period within—and against—the spectre of a unified Asia that concealed considerable political differences. The book draws on pan-Asian works such as *The Ideals of the East* and *The Awakening of the East*, in counterpoint to Tagore's radical Nationalism. The book, offering new insights into the ways in which the Orient travelled within and beyond Asia stimulated by emergent modes of vernacular cosmopolitanism, will appeal to students and scholars of cultural studies, South Asian postcolonial literature, literary theory, and performance studies, as well as general readers.

IMPRESSIONS Routledge

The little-known story of Gandhi's reluctance to challenge the caste system, and the man who fought fiercely for India's downtrodden. Democracy hasn't eradicated caste, argues bestselling author and Booker Prize-winner Arundhati Roy—it has entrenched and modernized it. To understand caste today in India, Roy insists we must examine the influence of Gandhi in shaping what India ultimately became: independent of British rule, globally powerful, and marked to this day by the caste system. Roy states that for more than a half century, Gandhi's pronouncements on the inherent qualities of black Africans, Dalit "untouchables," and the laboring classes remained consistently insulting, and he also refused to allow lower castes to create their own political organizations and elect their own representatives. But there was someone else who had a larger vision of justice—a founding father of the republic and the chief architect of its constitution. In *The Doctor and the Saint*, Roy introduces us to this contemporary of Gandhi, B.R. Ambedkar, who challenged the

thinking of the time and fought to promote not merely formal democracy, but liberation from the oppression, shame, and poverty imposed on millions of Indians by an archaic caste system. This is a fascinating and surprising look at two men—one of whom has become a worldwide symbol and the other of whom remains unfamiliar to most outside his native country. Praise for Arundhati Roy "Arundhati Roy is incandescent in her brilliance and her fearlessness." —Junot Díaz "The fierceness with which Arundhati Roy loves humanity moves my heart." —Alice Walker

Balarama in Hindu and Jain Mythology is the most comprehensive study of the God Balarama to date. The book analyzes historical understanding of Balarama through comparative analysis of mythology of Balarama from Hindu and Jain texts. Examination of Balarama in Hindu and Jain mythology demonstrates that cultural and religious symbolism is deeply rooted in the myths of Balarama. A comparison of Hindu and Jain myths indicates that although there are similarities between the two traditions, Jain traditions demonstrate sufficient differences to postulate that they may have been derived from an independent historical tradition separate from Hindu tradition.

A young man describes his torment as he struggles to reconcile the diverse influences of Western culture and the traditions of his own Japanese heritage.

Modern Somali Dictionary Farrar, Straus and Giroux

Miri Nakamura examines bodily metaphors such as doppelgangers and robots that were ubiquitous in the literature of imperial Japan. Reading them against the historical rise of the Japanese empire, she argues they must be understood in relation to the most "monstrous" body of all in modern Japan: the carefully constructed image of the empire itself.

The Doctor and the Saint Penguin UK

Sultans, Spices, and Tsunamis: The Incredible Story of the World's Largest Archipelago Indonesia is by far the largest nation in Southeast Asia and has the fourth largest population in the world after the United States. Indonesian history and culture are especially relevant today as the Island nation is an emerging power in the region with a dynamic new leader. It is a land of incredible diversity and unending paradoxes that has a long and rich history stretching back a thousand years and more. Indonesia is the fabled "Spice Islands" of every school child's dreams--one of the most colorful and fascinating countries in history. These are the islands that Europeans set out on countless voyages of discovery to find and later fought bitterly over in the 15th, 16th and 17th centuries. This was the land that Christopher Columbus sought, and Magellan actually reached and explored. One tiny Indonesian island was even exchanged for the island of Manhattan in 1667! This fascinating history book tells the story of Indonesia as a narrative of kings, traders, missionaries, soldiers and revolutionaries, featuring stormy sea crossings, fiery volcanoes, and the occasional tiger. It recounts the colorful visits of foreign travelers who have passed through these shores for many centuries--from Chinese Buddhist pilgrims and Dutch

adventurers to English sea captains and American movie stars. For readers who want an entertaining introduction to Asia's most fascinating country, this is delightful reading.

[A Course in Nepali](#) Henry Holt and Company

I Am the Beggar of the World presents an eye-opening collection of clandestine poems by Afghan women. Because my love's American, blisters blossom on my heart. Afghans revere poetry, particularly the high literary forms that derive from Persian or Arabic. But the poem above is a folk couplet—a landay, an ancient oral and anonymous form created by and for mostly illiterate people: the more than 20 million Pashtun women who span the border between Afghanistan and Pakistan. War, separation, homeland, love—these are the subjects of landays, which are brutal and spare, can be remixed like rap, and are powerful in that they make no attempts to be literary. From Facebook to drone strikes to the songs of the ancient caravans that first brought these poems to Afghanistan thousands of years ago, landays reflect contemporary Pashtun life and the impact of three decades of war. With the U.S. withdrawal in 2014 looming, these are the voices of protest most at risk of being lost when the Americans leave. After learning the story of a teenage girl who was forbidden to write poems and set herself on fire in protest, the poet Eliza Griswold and the photographer Seamus Murphy journeyed to Afghanistan to learn about these women and to collect their landays. The poems gathered in I Am the Beggar of the World express a collective rage, a lament, a filthy joke, a love of homeland, an aching longing, a call to arms, all of which belie any facile image of a Pashtun woman as nothing but a mute ghost

beneath a blue burqa.
