Book Two in the Legon Series K.A. Linde Inc.

A fast paced and action packed Science Fiction thriller. A definite page turner in the tradition of Blade Runner, Elysium and Minority Report. Military action with a twist of genetic manipulation and fast paced action. Like Jack Ryan on steroids, with more action and set in the future! GRIPPING FROM START TO FINISH, DIFFICULT TO PUT DOWN! Rye Braden always knew he was different, even faster and stronger than the other special forces soldiers he had worked with over the years. Now that he was working as a private military contractor fighting conflicts across the globe, he was becoming acutely aware that his capabilities may be more than just what he was born with. In 2054, the world had changed. The United Continents now controlled most of the planet and had meant to rid the world of conflict. However, there would always be those that were opposed to change. With Sky Zone One being commissioned high above the Earth, it meant the privileged had an opportunity to leave the Earth's surface and live in luxury. Anger rose quickly, as those not worthy are excluded from any chance of ever being considered to live their lives on the first Sky Zone. No longer would people stand by and bow down to the United Continents. Something spectacular had to occur to effect change. What begins as a simple question may turn out to be a dangerous road for Rye and his colleagues. The very answers he is searching for may even become his deadliest enemy in a battle to save millions of lives. Can Rye find the truth about himself in time to fully harness the power he may have? Discover what is held in the balance for all of mankind in the conclusion of the trilogy series titled The Sovereign. In book three called Ascension, a plague ravishes humanity where an inoculation that doubles as an implant and cure is traded for an individual's registration to the Luciferian rebellion. As the globe falls to a manufactured epidemic every person is forced into choosing life or death by acceptance or denial of a pledge. The Council of New Eden bear's witness helplessly as mass suffering is unleashed by The Shadow as Constantine. Death sweeps across the entire planet with the eruption of a solar flare caused by the arrival of Wormwood. The the battle of self is occurring in all dimensions. It is displayed in the further tribulations experienced by the arrival of the Sun's binary twin as a red dwarf. Yet the Council of New Eden still has its hopes rested on the triumph of our heroes and the mission they have been sent to execute by a "higher authority." Having penetrated the underground lairs of The Corporation's base in Antarctica, Sci and his crew enter a world never breached by humans. The underground cities of The Son's Of The Serpent are

vast and never ending. The creature ruled and enslaved man from below residing in the bowels of the Earth's crust since time in memorial. The Moon defectors success or failure in their missions objective will have a direct effect on Lance and his predicament to include all those given the implant. Lance is held in the Star Chamber run by The Corporation that imprison only the people that threaten to crack the icy grip of the power structures that rule humanity. His "spiking" is picked up on their radar which alerts the highest authorities of his potential to cause the tipping point that could help to usher in a new era. Placed before the enemy that wish to break him and force him to register himself back into their system, he is subjected to sophisticated psychological tortures perfected by The Corporation. The fate of humanities bondage or liberation is held in the balance by the choices our players will make on a stage that will effect the outcome of a battle being fought in every dimension. A plague, the return of the Sun's twin, and The Shadows plan for forcing humanity to register to the Luciferian Rebellion are brought to a spellbinding conclusion in Ascension. "The Sovereign is a bold blend of science fiction, futuristic utopian novel, adventure yarn, and treatise on universal spiritual principles. A courageous first novel, it holds together as a satisfying page-turner that pays off the reader's attention." - Philip Goldberg, author of American Veda and other books. Life on the Mothership - Pleiadian Perspective on Ascension Somnium Press, LLC

This fourth book in the Essence Path series, "Timeline Collapse and Universal Ascension: The Future of Third Dimensional Earth and Fifth Dimensional Terra," continues an extraordinary journey into higher levels of spiritual guidance, awakening and the metaphysical world. The first part of the two-part book provides detailed information concerning the collapse and regeneration of the current Third Dimensional timeline on Earth. It details predictions of major world events, including the advent and aftermath of World War III as well as other cataclysmic global transformations seen to occur on the future timeline of Earth between now and the year 2569. It also gives insight into why there is a widening rift on Earth between those Souls destined to continue incarnating in lifetimes on Third Dimensional Earth and those destined to Ascend to a Fifth Dimensional version of Earth known as the planet Terra. Part Two of the book opens an unprecedented window into the ongoing Ascension of Human Angelic Souls to higher dimensional fields and provides a first look at lifetimes and galactic events seen on the future timeline of the Fifth Dimensional planet Terra. Almost two decades of telepathic work has led to the astounding revelations compiled in the Essence Path series. Like the first three books in the Essence Path series, "Discovering Your Essence Path" Books One and Book Two and "The System Lords and the Twelve Dimensions," the latest book in the series, "Timeline Collapse & Universal Ascension: The Future of Third Dimensional Earth and Fifth Dimensional Terra," continues a riveting journey into the multi-dimensional nature of the Universe and the Soul, providing new and unique levels of higher spiritual guidance and awakening.

In Michael Carroll's follow-up to the acclaimed Super Human, the world has been remade in the Chancellor's image, and it's about to get much much worse. Only this young band of heroes has a chance of stopping him, but can they return the world to what it was, or will they be stranded in this alternate world forever?

In Waking the Goddess, Book Two of the Body Ascension Series, Angela courageously shares the gifts of her deep exploration of the creative and sexual energy, as she opens the circuitry within her body through Explosive Sexual Healing and G-spot orgasm. The opening of the pathways within her body and the activation of the sacred feminine Shakti energy initiates her into the deepest transformation of her life, as this awakened energy draws her to her Twin Flame. Many believe in the fairy tale concept of happily-ever-after when Twin Flames meet, but the truth is much different. While the gift of eternity is literally experienced in a single meeting of the eyes, it is also the most intense catalyst of spiritual awakening one can imagine. Anything that stands between where you are and true unconditional love gets served up for incineration. Every illusion and false belief around relationship, love, sex, money and religion rises to be transmuted on behalf of self and the collective. Angela's extensive training in esoteric and yogic practice poises her to handle deep

cellular, mental, emotional and spiritual lessons as she literally transmutes millennia of feminine pain and illusion through her very body. Despite barriers that are destined to keep them apart, Angela and her twin Max are drawn together by a tractor beam of divine eternal love, and walk bravely into the flames of transformation, trusting a higher purpose within the blueprint of the true divine union. The gifts are as immense as the pain as they swing in the polarity of human experience, discovering the meaning of divine union in the act of unifying the polarity into oneness. Ultimately twins find each other to embody unconditional love and awaken to their roles of being in service to humanity. This is the most raw and naked sharing of truth as Angela bares it all in every way imaginable, reaching deeper levels of authenticity in her quest to inspire all others to the courage to be their truest, most authentic selves.
