The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions,

grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Mines Genealogical Publishing Com
Provides numerous county records from one of Virginia's original shires, including entries dating from the 1640s pulled from court records, cattle accounts, estate settlements, and criminal records.

The Complete Statutes

of England, Classified and Annotated, in Continuation of Halsbury's Laws of England and for Ready Reference Entitled "Halsbury's Statutes of England" ... Canongate Books

This book will enrich your knowledge of John Bunyan and the times he lived in. The book was written after an enormous amount of research and study and covers John Bunyan's life from lowly beginnings through his conversion to Christianity and onto his writing and creating his most famous work, *The Pilgrims Progress*.
Revelation Lindhardt og Ringhof

It is almost impossible to escape the Spanish Inquisition alive. However, Edgar Allan Poe's unnamed narrator, after suffering

innumerable tortures upon his body and soul in the hands of his tormenters, sees the light of the day at the very end of his sanity's tether. Even despite the lack of supernatural elements, "The Pit and the Pendulum" (1842) has enjoyed and influenced several notable movie adaptations.

Animations such as The "Flinstones", TV series like "Crime Scene Investigation", to films like Roger Corman's "The Pit and the Pendulum" (1961), starring Vincent Price and some torture methods found in the "Saw" franchise, the story's famous pendulum scene is a rather fruitful source of inspirations. Yet, despite the terrific torments, the story focuses primarily on

how terror is implicitly depicted through the workings of the mind. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).
