Creative professionals seeking the fastest, easiest, most comprehensive way to learn InDesign CS6 choose Adobe InDesign CS6 Classroom in a Book from the Adobe Creative Team. The 16 project-based lessons show readers step-by-step the key techniques for working with InDesign CS6. Readers learn what they need to know to create engaging page layouts using InDesign CS6. This completely revised CS6 edition covers the new tools for adding PDF form fields, linking content, and creating alternative layouts for digital publishing. The companion CD includes all the lesson files that readers need to work along with the book. This thorough, self-paced guide to Adobe InDesign CS6 is ideal for beginning users who want to master the key features of this program. Readers who already have some experience with InDesign can improve their skills and learn InDesign's

newest features. "The Classroom in a Book series is by far the best training material on the market. Everything you need to master the software is included: clear explanations of each lesson, step-by-step instructions, and the project files for the students." -Barbara Binder, Adobe Certified Instructor, Rocky Mountain Training Classroom in a Book®, the best-selling series of hands-on software training workbooks, helps you learn the features of Adobe software quickly and easily. Classroom in a Book offers what no other book or training program does—an official training series from Adobe Systems Incorporated, developed with the support of Adobe product experts. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this

ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Adobe Illustrator WOW!

Book is updated to help intermediate through advanced students get up to speed on the more creative features of Illustrator and efficiently integrate workflow updates and improvements. With its practical, yet beautiful examples, this book focuses on real-world tips, tricks, and techniques extracted from the artwork of many of the world's best Illustrator artists. This 14th edition of the book will help students harness the most powerful creative features of Adobe Illustrator CS6 and CC (including the latest 2014 release), from painting and generating objects with raster brushes, to creating complex repeating patterns, and inserting Illustrator objects into an editable 3D perspective grid. They'll learn how to incorporate the vast array of feature enhancements designed to improve object and text creation and editing, including Live Corners, Live Rectangles, the new Path Reshaping functions, and the Touch Type tool. In addition, they'll discover how to add automatic corners to pattern brushes, apply gradients to strokes, prepare artwork for

animation and the web, and use Image Trace to transform raster art to vectors. Through real-world step-by-step lessons and stunning artwork, students will be inspired to master even the most challenging aspects of Adobe Illustrator.

Que Publishing Photoshop CC is an outstanding image editor,

but it can be pretty overwhelming. This book makes learning Photoshop as easy as possible by explaining the hows and whys in a friendly, conversational style. You'll unlock Photoshop's secrets, new goodies, and time-saving features, with expert tips and practical editing advice you can use every day. The important stuff you need to know: Learn your way around. Tour Photoshop's workspace and learn how to customize it. Unleash the magic. Use selections, layers, masks, and smart objects to safely edit images; automate common chores with actions. Perfect your photos. Learn to crop, resize, color-correct, retouch, combine, and prepare photos for print or online use. Master color. Drain, change, and add color, and even create digital makeup, partial-color effects, and duotones. Be artistic. Use filters effectively, create illustrations, paintings, artistic typography, animations, and videos. Go 3D. Create and edit 3D objects and send them off to a 3D-printing service from inside Photoshop. Export web graphics. Use Generator to instantly export and resize images—just by using

layer names.

 When it comes to digital

imaging software, Adobe Photoshop has long set the standard. Thus, when a new version of the popular program appears, designers tend to stand up and take notice--then get down to the serious business of learning about it! And for that, there's no better place to turn than the book from the people behind the product: Adobe Press' Adobe Photoshop 7.0 Classroom in a Book. Using the same style of self-paced instruction employed in the best-selling previous edition, this comprehensive set of Photoshop lessons provides everything you need to dive into the world of print, Web, and graphic design with Photoshop 7. Completely revised to cover all of Photoshop 7's new features (including the new Healing Brush, color correction commands, and file management tools), the book starts with an introductory tour of the software and then progresses on through 16 lessons, covering everything from Photoshop's interface to more complex topics like color management, Web graphics, and photo retouching. You'll find step-by-step instructions for a variety of projects

(from beginning to advanced) and review questions at the end of each chapter to reinforce what you've learned. Easy-to-use project files on the accompanying CD-ROM complete the package.

Designed to dazzle and inspire but not leave you in the dust, this beautifully designed volume lets you follow along as it dissects real-world projects from some

of today's top Illustrator artists. In the process it teaches you how to use Illustrator in ever more creative ways for your own projects. Best-selling author and award-winning artist Sharon Steuer uses four-color pictures of real Illustrator projects to show what's possible and then employs simple, step-by-step instructions to explain the techniques that will produce those effects. You'll find comprehensive ground-up coverage of all of Illustrator CS' most

important capabilities. Veteran users will be grateful to explore Illustrator CS' new features: powerful new tools for creating 3D graphics on the fly, a new Scribble Effect that lets you add a loose, hand-drawn look to your artwork, a redesigned text engine, enhanced PDF support, and more. On the CD, you'll find artwork from the book, technical documents, third-party software, clip art, and more.
