Topics discussed include dualism, behaviorism, the identity theory, functionalism, the computational theory of mind, connectionism, physicalism, mental causation, and consciousness. Philosophy of Mind - Ian Ravenscroft - Oxford University Press A very interesting introduction to the philosophy of mind. I recommend pairing it with a beginner's level book from a materialist perspective such as Dennett's Consciousness Explained, or The Mind's I (edited by Douglas Hofstadter). For a book purporting to be an introduction to the subject, Philosophy of Mind is more partisan than one might expect.
