Anxiety Status Anxiety.
This is a book about an
almost universal anxiety
that rarely gets
mentioned directly: an
anxiety about what others
think of us; about whether
we're judged a success or

a failure, a winner or a
loser. This is a book about
status anxiety. Status
Anxiety - Alain de
Botton De Botton's book,
"Status Anxiety", is a
modern day approach to
what has become an
obsession, "keeping up
with the Jones". Moral
confusion and materialism
are two different sides of
the same coin and we
only learn to reorient
ourselves as we
mature. Status Anxiety:

readers, I have some
problems with it. First, a
gentle reminder to
everyone who approaches
a "philosophical" book like
this one: all this
rationalizing of reality can
be helpful sometimes, but
it is often overestimated,
especially by

academics. Status Anxiety by Alain de Botton - Goodreads.
