Francesco Koslovic--even his name straddles two cultures. And during the spring of 1955, in the village of Materada on the Istrian Peninsula, his two worlds are coming apart. Materada, the first volume of Fulvio Tomizza's celebrated Istrian Trilogy, depicts the Istrian exodus of the hundreds of thousands who had once thrived in a rich ethnic mixture of Italians and Slavs. Complicating Koslovic's own departure is his attempt to keep the land that he and his brother have worked all their lives. A picture of a disappearing way of life, a tale of feud and displacement, and imbued with the tastes, tales, and songs of his native Istria, Koslovic's story is a testament to the intertwined ethnic roots of Balkan history.

The mafia has always fascinated filmmakers and television producers. Al Capone, Salvatore Giuliano, Lucky Luciano, Ciro Di Marzio, Roberto Saviano, Don Vito and Michael Corleone, and Tony Soprano are some of the historical and fictional figures that contribute to the myth of the Italian and Italian-American mafias perpetuated onscreen. This collection looks at mafia movies and television over time and across cultures, from the early classics to the Godfather trilogy and contemporary Italian films and television series. The only comprehensive collection of its type, Mafia Movies treats over fifty films and TV shows created since 1906, while introducing Italian and Italian-American mafia history and culture. The second edition includes new original essays on essential films and TV shows that have emerged since the publication of the first edition, such as Boardwalk Empire and Mob Wives, as well as a new roundtable section on Italy's "other" mafias in film and television, written as a collaborative essay by more than ten scholars. The edition also introduces a new section called "Double Takes" that elaborates on some of the most popular mafia films and TV shows (e.g. The Godfather and The Sopranos) organized around themes such as adaptation, gender and politics, urban spaces, and performance and stardom.

Gerard Houllier the former Liverpool, PSG and Lyon Manager said, "The important moment in the game today is when the ball is won or lost." Gegenpressing means to pressure the ball the instant possession is lost, with the intent of launching a quick counter attack when possession is regained. It is different then ordinary pressing where play is always directed into pre-determined pressing areas of the field. Gegenpressing is literally a swarm of intense high-energy players immediately trying to win the ball back after possession is lost, in most cases this is carried out high up the field. The idea behind this type of counter pressing is to force the opposition into hurried decisions and inaccurate passes, coupled with a heavy psychological pressure on the player in possession. This book provides insight into Jurgen Klopps Gegenpressing tactics along with training exercises that teach Gegenpressing.
