It has been a few years since the publication of Modern Mentalism with its 3 Volumes and little time since the publication of Mentalism from A to Z. In these volumes, techniques, psychology, tricks, ethics and much more have been explained about the world of mentalism. This world is always immense as a heritage of creativity for which I wanted to publish this new guide with a different approach: not to mention particular techniques but making available to the reader only tricks of mentalism to be carried out immediately. The aim is to create a real practical repertoire, to be performed immediately! The proposed effects are simple, effective and easy to learn and execute. This manual does not talk about psychological mentalism, or scientific, PNL, hypnosis, etc. but you will find methods that you will learn by performing the magic effects and some of which are quite unusual and therefore deserve to be known along with the more classic principles of the Mentalism. The presentations are not specifically addressed, as their importance is vital for the tricks but, in my opinion, it is too personal to be "taught" so a few indications were provided only on how to present each effect, for example on the specific topic, (mind-reading, reading non-verbal language, etc.); leaving the interpreter free to adapt or create his own presentation based on his individual uniqueness as an artist and person. The time has come to end the interminable rhetoric and to take action, or rather to tricks! In this ebook you find: Introduction Day 1: Guess what time is it! Day 2: Do you mind reading o do you magic tricks? Day 3: Subliminal response Day 4: Random words Day 5: We bet that I guess your card! Day 6: I know which color you're going to choose Day 7: I know which color sequence you will choose Day 8: I can read your mind Day 9: I know what Grandma's name is it Day 10: Bet with the spectators! Day 11: Thought at a distance Day 12: Colours association Day 13: Concentrate, I will tell you the serial number of the banknote you have in your pocket! Day 14: I know which postcard you will choose! Day 15: An impossible mind-reading! Day 16: Your 10 € have this serial number Day 17: Now stop joking! Day 18: See with the mind Day 19: No, that's not just possible! Day 20: What drink do you

want? Day 21: The Book of Secrets Day 22: Burned thoughts Day 23: Non-verbal language Day 24: Capture emotions Day 25: Smell like victory Day 26: The mystery of the banknotes Day 27: Mental emotions Day 28: Guards and thieves Day 29: Telepathy with names Day 30: Predicting a thought card Day 31: Impossible numerical prevision! Soon to be a major motion picture from Academy Award-winning director Guillermo del Toro and starring Bradley Cooper, Cate Blanchett, Rooney Mara, and Toni Collette. Nightmare Alley begins with an extraordinary description of a carnival-show geek—alcoholic and abject and the object of the voyeuristic crowd's gleeful disgust and derision—going about his work at a county fair. Young Stan Carlisle is

working as a carny, and he wonders how a man could fall so low. There's no way in hell, he vows, that anything like that will ever happen to him. And since Stan is clever and ambitious and not without a useful streak of ruthlessness, soon enough he's going places. Onstage he plays the mentalist with a cute assistant (before long his harried wife), then he graduates to full-blown spiritualist, catering to the needs of the rich and gullible in their well-upholstered homes. It looks like the world is Stan's for the taking. At least for now.

Why would someone write a book on Mind Control? Because as much as we try to elevate ourselves above being human animals we are, in fact, animals. We are subject to the wants and desires of any being with a genome and vertebrae. To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor. But to deny that we are, truly, animals is to lie to ourselves. We must deal with people who may not be so enlightened advanced as we are. They may desire what we have and be secretly filled with envy and contempt. The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man. Do we deny that it's happening and hope others will be touched by our honesty and good will enough to change? Or do we drop our highest spiritual ideals and play their game? I would like to suggest a radically different strategy. Take the game of manipulation and Mind Control and make it a part of your spirituality.
