The 500 Manual Table of Contents - Brushless Motors
 Brushless Dc Motor Manual Powertec Brushless DC motors built by POWERTEC Industrial Motors, Inc. are warranted against defects in materials and workmanship for a period of two years from the date of shipment from the factory. BRUSHLESS DC MOTOR MANUAL - PowerTEC Industrial Motors The POWERTEC brushless DC Model 500 motor control consists of a basic control unit with options. The price of the basic unit has been kept down by keeping optional items optional, rather than trying to build The 500 Manual Table of Contents - Brushless Motors manufactures high-performance, adjustable-speed brushless motors and drives for specialty and general-purpose industrial applications. From fractional to 700 HP, in NEMA standard frames, our motors are designed for high torque, speeds up to 20,000 RPM and positioning applications in any environment. PowerTEC Industrial Motors - Brushless Motors The GENESIS series of Brushless DC (BLDC) motor controls (drives) were developed to operate very large Brushless DC motors. Large BLDC motors were first made by POWERTEC Industrial Corporation in the late 1980's. POWERTEC was acquired by Powertec in 1993. Page 3: Specifications POWERTEC REGENERATIVE BRUSHLESS DC MOTOR CONTROL 1000AR ... Maintenance on a Brushless DC motor is minimal. POWERTEC offers the GENESIS series for general purpose industrial use.

POWERTEC also offers a complete line of servo-duty rated drives and motors covering the range from 1/10 to 300 HP. QUICK START - Page 3... POWERTEC 1000 INSTRUCTION MANUAL Pdf Download. Brushless DC motors require lubrication. However, the oversize bearings and the low heat production in the motor allow long bearing life. Maintenance on a Brushless DC motor is minimal. POWERTEC offers the GENESIS series for general purpose industrial use. Repair Center for Powertec Drives and Motors 460 Milford ... With a 1750 RPM small frame motor, a standard POWERTEC Brushless motor control supplies a 3500 Hertz pulsed waveform to this input, but larger motors' controls supply a 7000 hertz signal to the tachometer input and servo rated controls may supply frequencies of up to 50 kilohertz. Page 15 (+ to +, and - to -). PowerTec Digimax Installation And Operation Instruction Manual Model 1000 Installation and Operation Manual Page 1 OFFICIAL 6/1/2001 INTRODUCTION WHAT IS A GENESIS SERIES BRUSHLESS DC DRIVE ? The GENESIS series of drives were developed to operate very large Brushless DC motors. Large BLDC motors were first made by POWERTEC Industrial Corporation in 1987. Small BLDC motors have been in use for many years.
