Diagnosis and Treatment Planning in Counseling

John Wiley & Sons

How can philosophy guide our understanding of and approach to counseling ethics and techniques?

Moving beyond the standard review of ethical issues and basic problem solving, this highly engaging new text for counseling professionals features innovative, experiential activities and case studies that promote in-depth thinking about the ethical, moral, and legal issues often confronted by counseling professionals. The book is designed to help counselors develop an appreciation for and confidence in their preferred set of philosophical ethics and become ethically autonomous professionals. To this end, it examines a full range of philosophical approaches to ethics, such as the well-known concepts of ethics codes and laws, as well as the less familiar ideas of existential phenomenology, care ethics, and virtues. Featuring contributions

from leading counselor educators and practitioners representing a wide range of expertise in counseling specialties and ethical practice, this text presents ethical practice from a positive, proactive point of view rather than from a reactive or fear-based stance. It provides a solid foundation in ethical decision making, critical thinking, and best practices that will enable counseling professionals to navigate the maze of ethical codes and standards of care, while confidently practicing in a consistently ethical manner. The accompanying Instructor's Manual offers step-by-step guidance on how to facilitate classroom activities and case study discussions, as well as a sample syllabus and a selection of quiz and essay questions to enhance students' understanding of each chapter. The text is congruent with relevant ethical codes and CACREP curriculum standards. Key Features: Provides activity-based learning regarding all the ethical standards and legal issues counselors will face Promotes in-depth critical thinking and a proactive, positive approach to

ethical and moral dilemmas Includes examples across all counseling settings and specialties Offers students multiple case examples that make ethical issues realistic and engaging Features Instructor's Manual offering sample syllabus and resources for course activities

Ethics in Counseling and Psychotherapy

SAGE

Since it first appeared in 1993, this highly acclaimed text has been the leading guide to counselling ethics. Developed in line with the BACP's own guidelines, its discussion of a wide range of ethical problems and advice on identifying and resolving these dilemmas has made it an invaluable resource. In this fully revised and updated edition, the author takes account of the changing legal, professional and cultural context of counselling and considers recent developments in law concerning the implementation of the Human Rights Act and child protection that impact on counselling. [Ethics in Counseling & Psychotherapy](#) SAGE Are you sometimes challenged by how to apply ethical principles in your own practice?

Looking to understand what ethical practice can look like from different theoretical standpoints? Linda Finlay takes you on an exploration of ethical therapeutic practice. She highlights how therapeutic decisions depend on the social and relational context and vary according to your theoretical lens. She provides you with guidance on how to engage in therapy relationally while remaining professional, ethical and evidence-based. Split over three parts this book takes you through: - The Context of Relational Ethics - introducing you to the foundational ideas, and considering how professional codes are applied within therapy - Relational Ethics within the Therapeutic Relationship - exploring the complex judgements demanded by the therapeutic process, and looking at how therapy needs to be situation specific - Relational Ethics in Practice - five extended, fictional case studies demonstrate relational ethics in practice, and discuss the issues raised.

Practical Ethics in Counselling and Psychotherapy IGI Global

Many counselors learn about ethics in graduate school by applying formal, step-by-step ethical decision-making models that require counselors to be aware of their values and refrain from imposing personal values that might harm clients. However, in the real world, counselors often make split-second ethical decisions based upon personal values. Values and Ethics in Counseling illustrates the ways in which ethical decisions are values—but more than that, it guides counselors through the process of examining their own values and analyzing how these values impact ethical decision making. Each chapter presents ethical decision making as what it is: a very personal, values-laden process, one that is most effectively illustrated through the real-life stories of counselors at various stages of professional development—from interns to seasoned clinicians—who made value-based decisions. Each story is followed by commentary from the author as well as analysis from the editors to contextualize the material and encourage reflection.

A Handbook for Psychologists, Therapists

and Pastors SAGE

New and experienced psychotherapists alike can find themselves overwhelmed by an ethical quandary where there doesn't seem to be an easy solution. This book presents positive ethics as a means to overcome such ethical challenges. The positive approach focuses on not just avoiding negative consequences, but reaching the best possible outcomes for both the psychotherapist and the client. The authors outline a clear decision-making process that is based on three practical strategies: the ethics acculturation model to help therapists incorporate personal ethics into their professional roles, the quality enhancement model for dealing with high-risk patients who are potentially harmful, and ethical choice-making strategies to make the most ethical decision in a situation where two ethical principles conflict. Throughout the decision-making process, psychotherapists are encouraged to follow four basic guidelines: Focus on overarching ethical principles Consider intuitive, emotional, and other nonrational factors Accept that some

problems have elusive solutions Solicit input from colleagues and consultation groups Numerous vignettes illustrate how to apply positive ethics to many different ethical challenges that psychotherapists will likely encounter in practice.

on the interactive ebook. Please check back soon to see what the interactive ebook has to offer!

*interactivity only available through VitalSource eBook 9781473913974. John Wiley & Sons This is your essential guide to standards and ethics in the psychological therapies. The book introduces you to key ethical values and principles and discusses how to practice in accordance with these. An accompanying online resource website provides you with over 30 videos showing commonly arising ethical dilemmas, further reading including book chapters and journal articles, and links to ethical codes and frameworks in the UK and internationally.

Counseling Ethics for the 21st Century SAGE

In *Ethics in Counseling and Psychotherapy: Standards, Research, and Emerging Issues*, Elizabeth Reynolds Welfel introduces you to the ethical standards of counseling and psychology and helps you develop an understanding of the ethical principles underlying those standards. In addition, the author presents her nine-step model of ethical

decision making for analyzing complex ethical problems in mental health practice. In this book, Welfel integrates current research on ethics, fosters ethical sensitivity, and examines the impact of recent changes in practice on responsible professional behavior. Welfel also includes an often neglected topic - how to take responsibility when one does engage in unethical behavior. Through thoughtful guidance and illuminating applications, Welfel helps readers understand their own vulnerability to unethical behavior and teaches ways to help reduce the risk of committing such violations.

Confidentiality & Record Keeping in Counselling & Psychotherapy Allyn & Bacon

This is the first textbook to integrate American Counseling Association (ACA) and American Psychological Association (APA) ethical standards for programs spanning both counseling and psychology. It provides a clear, comprehensive review of the codes of ethics of both organizations, distilling the essence of each to enable counselors and psychologists to

understand and engage in ethical decision making. The text also clarifies legal requirements at state and federal levels, and facilitates critical thinking about the complex intersection of legal requirements and ethical codes in a way that is easily understandable. Focusing on key issues such as confidentiality, professional boundaries, professional and multicultural competence, social media, and situations with colleagues, the book is also unique in its inclusion of how ethical guidelines are influenced by self-care. Chapters engage readers with self-assessment questions, illustrative case vignettes, and discussion questions. A glossary of terms helps to clarify legal and ethical terminology, and additional resources direct readers to more in-depth research. The text is ideally suited to meet the needs of both CACREP and non-CACREP programs that train counselors who work in an interprofessional climate of mental health care. It is also useful for undergraduate programs in addiction and substance abuse services counseling. The availability of an

Instructor's Manual and PowerPoints provides additional value. Key Features: Reviews and integrates ethical standards and guidelines of the ACA and APA Designed for both CACREP and non-CACREP approved programs staffed by individuals representing both ACA and APA standards Focuses on confidentiality, professional boundaries, competence, social media, and responsibilities to colleagues Offers information on ethics of counselor self-care Includes case vignettes with discussion questions, self-assessment questions, and glossary Provides Instructor's Manual and PowerPoint slides

ACA Ethical Standards Casebook Springer Publishing Company Standards and Ethics for Counselling in Action SAGE

Counselor Self-Care Springer Science & Business Media

This indispensable text is your students' first point of reference when faced with a situation or dilemma of a legal nature regarding record keeping or confidentiality issues. Reflecting changes in policy and law and developments in practice

since its last publication in 2008, this new edition has been expanded into 14 new and thoroughly revised chapters. New content includes: - The latest Data Protection Act guidance including data protection implications when working with technology and for online therapy - Greater content on sharing information, including sharing information in supervision, training, research, audit and, crucially, across professions - Expanded content on mental capacity with separate chapters for children and vulnerable adults - A new chapter on pre-trial therapy with adults and children, including Special Measures, Crown Prosecution Service guidance and victim support - A new chapter on practice dilemmas, providing advice and encouraging further discussion and reflection - The role of supervision and of the supervisor Using reflective questions, sample dilemmas and case scenarios throughout, the authors illustrate how to practically address the difficult confidentiality and record keeping issues that therapists regularly face. Current legal

guidelines and frameworks are interspersed throughout the book which, along with revised disclosure checklists and links to useful organisations and contacts, ensure trainee and practising therapists are well versed in current best-practice.

Standards and Ethics for Counselling in Action

Springer Publishing Company
Can I be a creative therapist without overstepping boundaries and risking complaints? Can I practise safely and ethically whilst remaining true to my humanistic values? This book answers 'Yes' by offering a safety net to trainees and therapists working in the context of today's 'complaints culture'. Exploring what safe and creative practice means in relation to the key cornerstones in therapy, the authors offer practical guidance to assist the reader in reflecting on and negotiating the challenges of boundaries, legalities and defensive practice. Creative Ethical Practice for Counselling & Psychotherapy considers the necessary structures and processes that must inform creative, humanistic practice for it to be a safe, ethical

therapeutic framework. Packed with reflective exercises, summaries, case examples and step-by-step guidance, this book takes the reader from establishing the therapeutic relationship to worst-case scenarios like complaints procedures and legal action. It is essential reading for legal & ethical modules on all counselling courses. Patti Owens, Michael Wilson and Bee Springwood are all humanistic and integrative therapists and members of the UK Association of Humanistic Psychology Practitioners (UKAHP) as well as the United Kingdom Council for Psychotherapy (UKCP). Ethics in Psychology and the Mental Health Professions SAGE
The ethics book no psychology student or professional should be without Thoroughly updated and expanded to include recent research findings, landmark legal decisions, the Hoffman Investigation Report, and changes in the ethical guidelines of the American Psychological Association and the Canadian Psychological Association, the new 5th edition of Ethics in Psychotherapy and Counseling covers the latest developments in ethical thinking, standards, and practice. You'll learn how to strengthen your ethical

awareness, judgement, and decision-making. Distinguished Emeritus Professor Don Meichenbaum described the 5th edition as 'a MUST READ book for both beginning and seasoned clinicians' and Professor David H. Barlow wrote, 'A stunningly good book. . . . If there is only one book you buy on ethics, this is the one.' Covers the many changes and challenges brought about by new technology, EHRs, videoconferencing, and texting, as well as practicing across state and provincial borders Discusses moral distress and moral courage Includes 5 chapters on different aspects of critical thinking about ethical challenges, including a chapter on 'Ethics Placebos, Cons, and Creative Cheating: A User's Guide' Deals with complex issue of culture, race, religion, sexual identity, sexual orientation, and politics Provides steps to strengthen ethics in organizations Offers guidance on responding to ethics, licensing, and malpractice complaints—not to imply that you'll need to after reading this book! Keeps the focus on practical, creative approaches to

the responsibilities, challenges, and opportunities encountered by therapists and counselors in their work. Ethics in Psychotherapy and Counseling Springer Publishing Company This book will offer rich discussions and realistic learning experiences about ethical codes, legal issues, and challenging cases that all practicing counselors will face. It will be ideal for professors who are looking for an engaging, activity-based way to teach ethics in the classroom. This book will provide background information about positive approaches to ethics as well as integrate this approach into each chapter (e.g., in a personal testimony in which authors describe a case dilemma that they resolved using positive approaches to ethics.) Each chapter in this book will address key content related to the ethical issue under consideration and will include original case studies and reflection and process questions that highlight the issues under consideration. The Ethical and Professional Practice of Counseling and Psychotherapy Springer Publishing Company

Culturally Relevant Ethical Decision-Making in Counseling presents a hermeneutic orientation and framework to address contextual issues in ethical decision-making in counseling and psychotherapy. Authors Rick Houser, Felicia L. Wilczenski, and Mary Anna Ham incorporate broad perspectives of ethical theories which are grounded in various worldviews and sensitive to cultural issues. Integrating Counseling and Psychology Standards SAGE Each chapter in The Counselor and the Law has been updated to reflect changes in the 2014 ACA Code of Ethics, findings of recent court cases, and new federal and state legislation. Attorney Nancy Wheeler and Burt Bertram, a private practitioner and counselor educator, provide a comprehensive overview of the law as it pertains to counseling practice; an in-depth look at counselors' legal and ethical responsibilities; and an array of risk management strategies. This edition contains a thoroughly updated chapter on distance counseling, technology, and social media; regulatory updates to the

HIPAA and the HITECH Act; and recent case law developments regarding legal risks for counselor educators. The issues surrounding civil malpractice liability, licensure board complaints, confidentiality, duty to warn, suicide and threats of harm to self, professional boundaries, records and documentation, and managing a counseling practice are also addressed in detail. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org. Professional Practice in Counselling and Psychotherapy SAGE Counseling Ethics for the 21st Century prepares students to address ethical issues arising in contemporary counseling practice. Drawing on their own clinical and practical experiences, authors Elliot D. Cohen and Gale Spieler Cohen present detailed, realistic, and engaging clinical case studies along with a comprehensive

five-step model that can be used to manage the complex ethical problems raised throughout the book. Each chapter focuses on particular virtues in the context of examining a particular counseling issue, including online counseling, digital record keeping, and social media. Students will be empowered to define problems, identify relevant facts, conduct ethical analyses, and make the best decisions for their clients. *Standards and Ethics for Counselling in Action* Amer Psychological Assn "Truly ethical behavior requires more than simply avoiding action by a disciplinary body. For psychologists, behaving ethically is a positive goal that involves striving to reach our highest ethical ideals. Guided by APA's Ethical Principles of

Psychologists and Code of Conduct, Knapp, VandeCreek, and Fingerhut provide short sketches illustrating the standards that psychologists must follow, and show how psychologists can actualize their personal values and ethical acumen in their daily work. The authors discuss a variety of ethically tricky areas for psychologists, including patient confidentiality, inappropriate relationships with patients, financial issues, informed consent, and forensic and legal issues. Readers will learn how to attend to their emotional well-being, how to use risk-reduction strategies as well as a five-step decision-making model for difficult ethical quandaries, and how to base their professional

conduct on overarching ethical values. This third edition of *Practical Ethics for Psychologists* includes new findings on the science of morality and on working with morally diverse clients, and ethical issues regarding the use of social media and other online communications."-- Preface. (PsycINFO Database Record (c) 2017 APA, all rights reserved). *Ethical Dilemmas in Psychotherapy* John Wiley & Sons Editor Randolph K. Sanders assembles a team of scholar-practitioners to forge a comprehensive ethical approach to Christian counseling. Christian psychotherapists, pastors and others in the counseling profession will find here a ready resource for a whole array of contemporary clinical scenarios.
