After Lee and Grant met
at Appomatox Court
House in 1865 to sign the
document ending the long
and bloody Civil War, the

South at last had to face
defeat as the dream of a
Confederate nation
melted into the Lost
Cause. Through an
examination of memoirs,
personal papers, and
postwar Confederate
rituals such as memorial
day observances,
monument unveilings,
and veterans' reunions,
Ghosts of the Confederacy
probes into how white
southerners adjusted to
and interpreted their

defeat and explores the
cultural implications of a
central event in American
history. Foster argues
that, contrary to southern
folklore, southerners
actually accepted their
loss, rapidly embraced
both reunion and a New
South, and helped to
foster sectional
reconciliation and an
emerging social order. He
traces southerners'
fascination with the Lost
Cause--showing that it

was rooted as much in social tensions resulting from rapid change as it was in the legacy of defeat--and demonstrates that the public celebration of the war helped to make the South a deferential and conservative society. Although the ghosts of the Confederacy still haunted the New South, Foster concludes that they did little to shape behavior in it--white southerners, in celebrating the war, ultimately trivialized its memory, reduced its cultural power, and failed to derive any special

wisdom from defeat.

Franklin Classics Trade Press

Dr. Malcolm Harris' two-volume history and genealogy of "Old" New Kent County (the three present-day counties in the aggregate) is one of the great achievements of Virginia local history of the last century. Clearfield Company is honored to have been selected by the Harris family to produce this hardcover edition of "Old New Kent County." Privately published and out of print for many

years, this work takes on even greater importance in light of the loss of county records in New Kent and in King & Queen counties and the survival of mere fragments for King William County prior to 1865.

This book "is based upon
the 1693 census of the
Swedes on the Delaware,
a census taken to
document the colonists'
argument to Swedish
authorities that there
remained a sizable group
of Swedes in America who
were worthy of help in the
form of new pastors for
their churches and new
religious books in the
Swedish language" --
