The Grapes of Wrath "O'Reilly Media, Inc."

Luke Tanner was a hard man with a painful past. It seemed as if every single citizen of Fiddler Creek wanted something from the wealthy rancher. He'd learned early on not many cared to see past his looks and sour attitude and discover the man beneath. So when the generously curved Mary Carter hit him up for a loan to save her fledgling business, he made her a short-term proposition she couldn't refuse. Only the more time the reluctant rancher spends with the lovely Mary, the more he starts to think about a long-term relationship. Mary Carter had fantasized about Luke Tanner since her first glimpse of the veritable mountain of a man with a perpetual scowl. She'd never been brave enough to approach him until circumstances forces her to seek his help. The Reluctant Rancher is the story of two individuals who have never experienced the soul stirring passion of true love-until they find each other. Atomic Ranch is an in-depth exploration of post-World War II residential architecture in America. Mid-century ranches (1946-1970) range from the decidedly modern gable-roofed Joseph Eichler tracts in the San Francisco Bay area and butterfly wing houses in Palm Springs, Florida, to the unassuming brick or stucco L-shaped ranches and split-levels so common throughout the United States. Authors Michelle Gringeri-Brown and Jim Brown, founders and publishers of the popular quarterly Atomic Ranch magazine, extol the virtues of the tract, split-level, rambler home and its many unique qualities: private front facades, open floor plans, secluded bedroom wings, walls of glass, and an easy-living lifestyle. From updated homes with high-end Italian kitchens, terrazzo floors, and modern furniture to affordable homeowner renovations with eclectic thrift-store furnishings, Atomic Ranch presents twenty-five homes showcasing inspiring examples of stylish living through beautiful color photographs, including before and after shots, design-tip sidebars, and a thorough resource index. Atomic Ranch reveals: Hallmarks of the ranch

style Inspiring original ranch homes Ranch house transformations and makeovers Preservation of mid-century neighborhoods Adding personality to a ranch home Yards and landscaping Plus, a helpful resource section and index!
