Buy a world-class luxury car for under \$10,000. For about five thousand dollars, you can drive a top-of-the-line flagship luxury car that is classier, faster, and more comfortable

than most brand new cars. The only downside may be that your friends think you have too much money to spend, because no one will be able to guess you only paid five thousand for a car that cost seventy thousand new Don't settle. Used luxury cars aren't scary, if you know which ones to buy and which ones to

avoid, and how to choose them, buy them, and maintain them. The only thing better than cruising around in the comfort of a seventy thousand dollar car is knowing that you paid under ten thousand dollars for it. This book is an in-depth guide to: Why used luxury cars are underpriced ("the Uncle Howard effect") Why you shouldn't buy a used luxury car from the corner car lot Why you shouldn't spank yourself for wanting a luxury car Which used luxury cars are the best deals and which ones you must avoid just as assiduously as you'd avoid making eye contact with a clown What years, configurations, and options to choose on each car What specific pitfalls to avoid with

each recommended car How to get parts and labor for a reasonable price, without compromising your sexual morals How to love life because you're driving an amazing luxury car and you paid only \$5,000 for it Doris bought her first used luxury car when she was still in high school, and has been obsessing over buying and selling used luxury cars since then. She loves cars, she loves bargains, and she loves helping people save money on car ownership. This book combines all three of her interests.

A beautiful debut novel set in the Outer Hebrides, *The House Between Tides* strips back layers of the past to reveal a dark mystery. In the present day, Hetty Deveraux returns to the family home of Muirlan House on a remote Hebridean island estate following the untimely death of her parents. Torn between selling the house and turning it into a hotel, Hetty undertakes urgent repairs, accidentally uncovering human remains. Who has been lying beneath the floorboards for a century? Were they murdered? Through diaries and letters she finds, Hetty discovers that the house was occupied at the turn of the century by distant

relative Beatrice Blake, a young aristocratic woman recently married to renowned naturalist and painter, Theodore Blake. With socialist and suffragist leanings Beatrice is soon in conflict with her autocratic new husband, who is distant, and wrapped up in Cameron, a young man from the island. As Beatrice is also drawn to Cameron, life for them becomes dangerous, sparking a chain of events that will change many lives, leaving Hetty to assemble the jigsaw of clues piece by piece one hundred years later, as she obsessively chases the truth. In *The House Between Tides*, author Sarah Maine uses her skills as a storyteller to create an utterly compelling historical

mystery set in a haunting and beautifully evoked location. 'Last night, debut author Maine dreamed of a contemporary spin on classic Gothic tropes. Orphan Hetty Deveraux has inherited a crumbling, wind-battered mansion on a remote Muirland Island in western Scotland, "on the edge of the world." The day she arrives to inspect her new property, however, local assessor James Cameron has found a skeleton beneath the floorboards. Who is it, and how long has it been there? Abandoned since the war, the house was the refuge of Theo Blake, a Turner-esque painter-turned-mad recluse and a distant relative of Hetty's. At loose

ends since the deaths of her parents, Hetty hopes restoring the house will serve as a new beginning. Meanwhile, in 1910, Theo Blake brings his new bride to Muirland House, whose landscapes have inspired some of his most famous paintings. Maine skillfully balances a Daphne du Maurier atmosphere with a Barbara Vine-like psychological mystery as she guides the reader back and forth on these storylines. The two narrative threads are united by the theme of conservation versus exploitation: Muirland is a habitat for several species of rare birds, threatened in the 1910 plot by Blake's determination to kill and mount them for his collection and in the

2010 story by Hetty's half-formed plans to transform Muirlan House into a luxury hotel. Local man Cameron wants to see the island preserved as "a precious place, wild and unspoiled, a sanctuary for more than just the birds." The setting emerges as the strongest personality in this compelling story, evoking passion in the characters as fierce as the storms which always lurk on the horizon. A debut historical thriller which deftly blends classic suspense with modern themes.' Kirkus 'Muirlan Island in Scotland's Outer Hebrides provides the sensuous setting for British author Maine's impressive debut, which charts the parallel quests of two

women a century apart. [...] Vivid descriptions of the island's landscape and weather enhance this beautifully crafted novel.' Publisher's Weekly 'There is an echo of Daphne du Maurier's Rebeca in Sarah Maine's appealing debut noel, when human remains are found beneath the floorboards of a derelict mansion on a Scottish island... a highly readable debut.' Independent 'A tremendous accomplishment. So assured, so well-judged, and with such an involving story to tell, this might be the author's fifth or sixth novel, not her first. A literary star is born!' Ronald Frame, author of *The Lantern Bearers* and *Havisham*

A superpower of two billion people, a dozen new nations from

Kerela to the Himalayas, artificial intelligences, climate-change induced drought, water wars, strange new genders, genetically improved children that age at half the rate of baseline humanity, and a population where males outnumber females four to one. This is India in 2047, one hundred years after its birth. In the new nation of Bharat, in the face of the failure of the monsoon, nine lives are swept together — a gangster, a cop, his wife, a politician, a stand-up comic, a set designer, a journalist, a scientist, and a dropout — to decide the future of Mother India. River of Gods teems with the life of a country choked with peoples and cultures — one and a

half billion people, twelve semi-independent nations, nine million gods. A war is fought, a love is betrayed, a mystery from a different world decoded, as the great river Ganges flows on. Praise for *River of Gods*: “[A] bold, brave look at India on the eve of its centennial, 41 years from now...McDonald takes his readers from India's darkest depths to its most opulent heights, from rioting mobs and the devastated poor to high-level politicians and lavish parties. He handles his complex plot with flair and confidence and deftly shows how technological advances and social changes have subtly changed lives. *RIVER OF GODS* is a major achievement from a writer who is

becoming one of the best sf novelists of our time.” —Washington Post “[P]erhaps his most accomplished novel to date... reminiscent of William Gibson in full-throttle cultural-immersion mode, packed with technical jargon, religious and sociological observation and allusions to art both high and low... *RIVER OF GODS* amply rewards careful consideration and more than delivers its share of straight-ahead entertainment. Already a multiple-award nominee following its British publication, McDonald's latest ranks as one of the best science fiction novels published in the United States this year.” —San Francisco Chronicle “A

staggering achievement, brilliantly imagined and endlessly surprising ... A brave, brilliant and wonderful novel." —Christopher Priest, *The Guardian*

Most travel diaries fizzle. By day six of a big trip, people are struggling to recall what happened on days three, four, and five. They return home with mostly empty journals, or bland writing that fails to capture the full spirit of their journeys. Award-winning travel humorist Dave Fox comes to the rescue in this book that's both

informative and irreverently funny. You'll learn to: - Bring destinations to life with bold details. - Splash those details quickly onto your pages so journaling doesn't gobble up your precious vacation time. - Elude your "Inner Censor" and write with confidence. - Weave together your "outer" and "inner" journeys, using unfamiliar places as a backdrop for self-discovery. Dave shares his favorite journaling techniques, shows how to find time to write in the middle of an exciting trip, and infuses it all with a generous dose of his off-the-wall humor. Whether your journeys are weekend road trips or excursions around the world, this book will help transform you into a travel journaling

superhero!\* (\*Super Travel Journaler action figure not included. Cape sold separately. Do not attempt to fly without an airplane or helicopter.)

*Once Upon a River*

Haynes Publishing UK  
From the instant #1 New York Times bestselling author of the “eerie and fascinating” (USA TODAY) *The Thirteenth Tale* comes a “swift and entrancing, profound and beautiful” (Madeline Miller, internationally bestselling author of *Circe*) novel about how we explain the world to ourselves, ourselves to others, and the meaning of our lives in a universe that remains impenetrably mysterious. On a dark midwinter’s night in an

ancient inn on the river Thames, an extraordinary event takes place. The regulars are telling stories to while away the dark hours, when the door bursts open on a grievously wounded stranger. In his arms is the lifeless body of a small child. Hours later, the girl stirs, takes a breath and returns to life. Is it a miracle? Is it magic? Or can science provide an explanation? These questions have many answers, some of them quite dark indeed. Those who dwell on the river bank apply all their ingenuity to solving the puzzle of the girl who died and lived again, yet as the days pass the mystery only deepens. The child herself is mute and unable to answer the essential

questions: Who is she? Where did she come from? And to whom does she belong? But answers proliferate nonetheless. Three families are keen to claim her. A wealthy young mother knows the girl is her kidnapped daughter, missing for two years. A farming family reeling from the discovery of their son's secret liaison stand ready to welcome their granddaughter. The parson's housekeeper, humble and isolated, sees in the child the image of her younger sister. But the return of a lost child is not without complications and no matter how heartbreaking the past losses, no matter how precious the child herself, this girl cannot be everyone's. Each family has mysteries of

its own, and many secrets must be revealed before the girl's identity can be known. Once Upon a River is a glorious tapestry of a book that combines folklore and science, magic and myth. Suspenseful, romantic, and richly atmospheric, this is "a beguiling tale, full of twists and turns like the river at its heart, and just as rich and intriguing" (M.L. Stedman, #1 New York Times bestselling author of *The Light Between Oceans*). *Dealga* ReadHowYouWant.com "National Geographic and science journalist Marc Kaufman combine inside stories, fascinating facts, and eye-popping pictures, some never before seen, of the red planet and NASA's

groundbreaking Curiosity mission. Renowned author Kaufman spent two years embedded with the engineers and scientists at NASA's Jet Propulsion Laboratory, cheering on the rover's spine-tingling landing, learning the backstory of anticipated findings, and witnessing the inescapable frustrations that come from operating a \$2.5-billion multitasking robot on a planet 35 million miles from Earth. With images never published before, and computer-enhanced with colors that make you want to spend your next vacation on Mars, this is the only book that explains everything, detail by detail and moment by moment, about the most ambitious space

expedition the human race has ever undertaken."--Provided by publisher.

A heartwarming debut novel about the unlikely friendship between two outcasts of different generations who, in struggling to move on from the past, discover love, healing, and family in a charming New England lakeside community. Achingly tender, yet filled with laughter, *The Lake House* brings to life the wide range of human emotions and the difficult journey from heartbreak to healing. VICTORIA ROSE. Fifty years before, a group of teenage friends promised each other never to leave their idyllic lakeside town.

But the call of Hollywood and a bigger life was too strong for Victoria . . . and she alone broke that pledge. Now she has come home, intent on making peace with her demons, even if her former friends shut her out. Haunted by tragedy, she longs to find solace with her childhood sweetheart, but even this tender man may be unable to forgive and forget. HEATHER BREGMAN. At twenty-eight, after years as a globe-trotting columnist, she's abandoned her controlling fiancé and their glamorous city life to build one on her own terms. Lulled by a Victorian house and a gorgeous locale, she's determined to make the little community her home. But the residents, fearful of

change and outsiders, will stop at nothing to sabotage her dreams of lakeside tranquility. As Victoria and Heather become unlikely friends, their mutual struggle to find acceptance—with their neighbors and in their own hearts—explores the chance events that shape a community and offer the opportunity to start again.

The inspirational story

of a former Microsoft executive's quest to build libraries around the world and share the love of books  
 What's happened since John Wood left Microsoft to change the world? Just ask six million kids in the poorest regions of Asia and Africa. In 1999, at the age of thirty-five, Wood quit a lucrative career to found the nonprofit Room to Read. Described by the San Francisco Chronicle as "the Andrew Carnegie of the developing world," he strived to bring the lessons of the corporate world to the nonprofit sector—and succeeded spectacularly. In his acclaimed first book, *Leaving Microsoft to Change the World*, Wood explained his vision and the story of

his start-up. Now, he tackles the organization's next steps and its latest challenges—from managing expansion to raising money in a collapsing economy to publishing books for children who literally have no books in their native language. At its heart, Creating Room to Read shares moving stories of the people Room to Read works to help: impoverished children whose schools and villages have been swept away by war or natural disaster and girls whose educations would otherwise be ignored. People at the highest levels of finance, government, and philanthropy will embrace the opportunity to learn Wood's inspiring business model and blueprint for doing

good. And general readers will love Creating Room to Read for its spellbinding story of one man's mission to put books within every child's reach.

It was quite silent in the scrub. No breeze stirred the leaves and no bird moved, except for the kite hawks wheeling silently, eternally, high in the hot air. She smelt her attacker before she saw him. A heavy stench hit her with such force that she started with shock. It was a smell she'd never encountered before. Not man, not animal, something like carrion, but alive. It seemed to envelop and suffocate her, then

became tangible as two arms wrapped around her body and began tearing at her clothing. A young man driving from Sydney to Adelaide for work decides to take a short detour into the desert. He turns his hatchback on to a notoriously dangerous track that bisects uninhabited stone-covered flats. Out there, under the baking sun, people can die within hours. He's not far along the road when a distraught young woman stumbles from the scrub and flags him down. A journalist from Sydney, she has just escaped the clutches of an inexplicable, terrifying creature. Now this desert-dwelling creature has her jeep. Her axe. And her scent... From the author of the classic

novel *Wake In Fright* comes a chillingly brilliant short novel that's part *Wolf Creek* and part *Duel*. *Fear Is the Rider* is a nail-biting chase into the outback, towards the devil lurking at its centre. *Wake In Fright* was made into an internationally acclaimed film. *Fear Is the Rider* is a previously unpublished manuscript from the 1980s that was recently rediscovered among Kenneth Cook's papers. Kenneth Cook was born in Sydney. *Wake In Fright*, which drew on his time as a journalist in Broken Hill, was first published in 1961 when Cook was 32. It was published in England and America, translated into several languages, and was a prescribed text in schools. Cook wrote

twenty-two books in a variety of genres, and was well known in film circles as a scriptwriter and independent filmmaker. He died in 1987. 'Fantastic, breath-taking, edge of the seat stuff.' Col's Criminal Library 'This lost Ozploitation gem is pure horror adrenaline, as characters and reader alike are hunted by a relentless golem—the nightmare outback monster we've always feared.' Chris Flynn, author of *A Tiger in Eden* and *The Glass Kingdom* 'The moment to moment effect of reading *Fear Is the Rider* is one of gasping attentiveness to the urgent needs of the present...There is special, pulpy kind of genius to the kind of book that almost swipes ahead for us, like a concert pianist's

assistant.' Australian 'Another great retro thriller. Treat it like going to a movie, because it will only take you a couple of hours to power through it...It's just pure adrenaline and survival.' Herald Sun 'A suspense packed ride until the final page.' QANTAS Magazine 'Possibly the scariest, most spine-chilling and nerve-wracking book I've read. Ever...It's incredibly filmic—think *Wolf Creek* meets *Mad Max*—and so visceral I could feel my heart rising up in my throat as I turned the pages.' Reading Matters 'A schlocky, old-school thriller in the best possible way...A kind of literary *Mad Max*, a master class in Ozploitation, or simply as a short, sharp burst of literary adrenaline,

Fear is the Rider is a hell of a lot of fun.'

Readings '[A] short but powerful novel, Cook takes the reader on an action-packed, tension-filled ride...Definitely a page-turner.'
