**SURRENDER THE PINK SAGE**  
 Traditional techniques for detecting deception, such as the 'lie-detector test' (or polygraph), are based upon the idea that lying is associated with stress. However, it is possible that people telling the truth will experience stress, whereas not all liars will. Because of this, the validity of such methods is questionable. As an alternative, a knowledge-based approach known as the 'Concealed Information Test' has been developed which investigates whether the examinee recognizes secret information - for example a crime suspect recognizing critical crime details that only the culprit could know. The Concealed Information

Test has been supported by decades of research, and is used widely in Japan. This is the first book to focus on this exciting approach and will be of interest to law enforcement agencies and academics and professionals in psychology, criminology, policing and law.

*The Princess Diarist* Rowman & Littlefield  
 "Hollywood Drive: What it Takes to Break in, Hang in & Make it in the Entertainment Industry is the essential guide to starting and succeeding at a career in film and TV. Written by a Hollywood insider, Eve Honthaner's invaluable advice will give those attempting to enter and become successful in the entertainment industry the edge they need to stand out among the intense competition." "Hollywood Drive goes beyond what it takes to get you foot in the door by offering you the tools, attitude, philosophy and road map you'll

need to give yourself a good fighting chance at success - whether you're looking for your very first job or for a strategy to move your career to the next level. This book will allow you to proceed with your eyes wide open, knowing exactly what to expect."

*Good Economics for Hard Times* Henry Holt and Company  
 \*\* THE NEW YORK TIMES-BESTSELLING CULT CLASSIC NOVEL \*\* \*\* In a new edition introduced by Stephen Fry \*\* 'I don't think you can even call this a drug. This is just a response to the conditions we live in.' Suzanne Vale, formerly acclaimed actress, is in rehab, feeling like 'something on the bottom of someone's shoe, and not even someone interesting'. Immersed in the sometimes harrowing, often hilarious goings-on of the drug hospital and wondering how she'll cope - and find work

- back on the outside, she meets new patient Alex. Ambitious, good-looking in a Heathcliffish way and in the grip of a monumental addiction, he makes Suzanne realize that, however eccentric her life might seem, there's always someone who's even closer to the edge of reason. Carrie Fisher's bestselling debut novel is an uproarious commentary on Hollywood - the home of success, sex and insecurity - and has become a beloved cult classic. 'This novel, with its energy, bounce and generous delivery of a loud laugh on almost every page, stands as a declaration of war on two fronts: on normal and on unhappy' STEPHEN FRY 'A single woman's answer to Nora Ephron's Heartburn . . . the smart successor to Joan Didion's Play It as It Lays' Los Angeles Times 'A cult classic . . . A wonderfully funny, brash and biting novel' Washington Post 'A wickedly shrewd black-humor riff on the horrors of rehab and the hollows of Hollywood life' People 'Searingly funny' Vogue  
*Freedom of Expression*® Simon and Schuster

About her career, Carrie Frances Fisher once said, "There is no point at which you can say, 'Well, I'm successful now. I might as well take a nap.'" Despite her well-documented struggle with addiction and bipolar disorder, Fisher managed to remain a powerful and relevant force in the arts. Known for her role as Princess Leia Organa in Star Wars and her humorous and acerbic writing, Fisher passed away on December 27, 2016 at the age of 60. Her death left millions of fans grieving, including her mother, Debbie Reynolds, 84, who died a day later. Fisher's story is both frustrating and touching.

*Scrappy Little Nobody* Taylor & Francis  
Born into privilege and Hollywood royalty, Carrie Fisher has been a movie star, a bestselling author, and one of the hottest script doctors in Hollywood. Her tumultuous life has been fodder for her hilarious and often scathing novels: in *POSTCARDS FROM THE EDGE* she turned her gimlet eye to drug addiction and rehab, *SURRENDER THE PINK* examined modern romance, and *DELUSIONS OF GRANDMA* explored the rocky terrain of pregnancy and motherhood. In her latest book, Carrie moves into the territory occupied by Sylvia Plath and Susanna Kaysen in a darkly funny portrait of a woman who survives a psychotic breakdown, a stay in 'the bin', and survives to tell all.

*The Best Awful* E-Kitap Projesi & Cheapest Books

Using small-town life as a springboard to explore the loftiest of ideas, Haven

Kimmel's irresistibly smart and generous first novel is at once a romance and a haunting meditation on grief and faith. Langston Braverman returns to Haddington, Indiana (pop. 3,062) after walking out on an academic career that has equipped her for little but lordling it over other people. Amos Townsend is trying to minister to a congregation that would prefer simple affirmations to his esoteric brand of theology. What draws these difficult—if not impossible—people together are two wounded little girls who call themselves Immaculata and Epiphany. They are the daughters of Langston's childhood friend and the witnesses to her murder. And their need for love is so urgent that neither Langston nor Amos can resist it, though they do their best to resist each other. Deftly walking the tightrope between tragedy and comedy, *The Solace of Leaving Early* is a joyous story about finding one's better self through accepting the shortcomings of others.

*Postcards From the Edge* Simon and Schuster

Perhaps the most difficult milestone in a young clinician's career is the completion of the first interview. For the typical trainee, the endeavor is fraught with apprehension and with some degree of dread. If the interview goes well, there is considerable rejoicing; if it goes badly, much consternation results. Irrespective of the amount of preparation that has taken place before the interview, the neophyte will justifiably remain nervous about this endeavor. Thus, the first edition of *Diagnostic Interviewing* was devoted to providing a clear outline for the student in tackling a large variety of patients in the interview setting. In consideration of the positive response to the first edition of *Diagnostic Interviewing*, published in 1985, we and our editor at Plenum Press, Eliot Werner, decided that it was time to update the material. However, the basic premise that a book of this nature needs to encompass theoretical rationale, clinical description, and the pragmatics of "how to" once again has been followed. And, as in the case of the first edition, this second edition does not represent the cat's being skinned in yet another way. Quite to the contrary, we still believe that our students truly need to read the material covered herein with considerable care, and once again the book is dedicated to them. We are particularly concerned that in the clinical education of our graduate students, interviewing has been given short shrift.

**Shockaholic** Penguin

In New York Times and USA Today

bestselling author Toni Aleo's exhilarating *Loveswept* debut, the first in a series featuring the hockey hunks of the Nashville Assassins, a reformed bad boy helps a charming, willful woman face off against the demons of her past. No matter how hard she tries, Eleanor Fisher never thinks she's good enough, from her job to her weight to her love life. After enduring years of abuse at the hands of an ex-boyfriend, Elli has been drifting through life in a daze. Until, that is, she meets Shea Adler on a promotional shoot for the NHL's Nashville Assassins. Before Elli knows what's happening, the gorgeous Shea breaks the ice and shatters her world. A brilliant athlete inside the rink, Shea Adler is tired of the life he's living outside of it: the women, the money, the drinking. But everything changes when he meets Elli. After laying eyes on this feisty, witty, beautiful woman, he feels like he's just taken the hardest hit of his life. No matter how skeptical she is, Shea knows they are meant to be together—if only he can convince Elli to put her insecurities aside before she misses out on a shot at love. Praise for Toni Aleo's Nashville Assassins romances "Aleo melts the ice and hits it into the net with her Assassins series."—Award-winning author Jami Davenport "Taking Shots is really the whole package. You get romance, humor, steamy sex, drama, and then it all wraps up with a great conclusion. I am amazed that this is Toni's first book. She has come out in a huge way. I can't wait to read more from her. Don't hesitate for a moment to grab this book."—Guilty Pleasures Book Reviews "A little steamy, a little heartbreaking, and a whole lot of fanning yourself are in order this time around, readers. Are your cheeks feeling a little pink yet? Get used to the feeling."—Dreaming in the Pages, on *Trying to Score* "Empty Net is an honest, heartwarming, endearing story. . . . Toni Aleo doesn't just write a story. She gives you the ability to experience the journey of her characters right along with them. Her stories are enveloped with passion, emotion, humor, love; and let me tell you, that girl knows how to write a sex scene that just makes you sweat!"—Guilty Pleasures Book Review "Sexy and riveting . . . the perfect combination of love and lust."—USA Today bestselling author Heidi McLaughlin, on *Blue Lines* "Funny, charming, sweet, sexy . . . [Falling for the Backup] has everything you want in a story."—Blushing Reader

*Tribute: Carrie Fisher* Verso Books

"A collection of whimsical autobiographical essays by the Academy Award-nominated actress and star of *Up in the Air* recounts

memorable milestones from her New England upbringing to the blockbuster films that have made her one of Hollywood's most popular actresses, "-- Baker & Taylor.

*In Praise of Difficult Women* Springer Science & Business Media

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

Delusions of Grandma National Geographic Books

Presents a memoir about the actress' relationship with her father, singer Eddie Fisher, her electroconvulsive therapy, and her past encounters with such recently-deceased celebrities as Michael Jackson, Elizabeth Taylor, and Senator Edward Kennedy.

**Statistics Using Technology, Second Edition** Simon and Schuster

The second edition of *Genetic Counseling Practice: Advanced Concepts and Skills*, provides in-depth content regarding the advanced competencies for meeting patient needs across the changing landscape of genetic counseling practice. The content aligns with the Reciprocal Engagement Model (REM) of practice which integrates the biomedical knowledge and psychosocial aspects of genetic counseling. This edition has been revised and expanded to reflect advances made in the present-day field. Edited by a team two genetic counselors and a psychologist, the chapters offer a holistic picture of genetic counseling. Chapter authors are all recognized experts in the profession. The chapters are grounded in evidence-based practice and research. Each chapter includes learning activities to help readers apply concepts and skills. Featured topic areas include: Meeting the needs of culturally diverse patients Addressing challenging patient dynamics Working with children, adolescents and families Using emerging service delivery models for genetic counseling Engaging in self-reflective, deliberate practice Promoting genetic counselor professional development *Genetic Counseling Practice* is an indispensable guide to the complex and evolving field of genetic counseling, and this updated second edition will help practitioners and trainees alike navigate its most pressing and practical challenges with skill and care.

How Star Wars Conquered the Universe PublicAffairs

Content analysis is a complex research methodology. This book provides an accessible text for upper level undergraduates and graduate students, comprising step-by-step instructions and practical advice.

Memory Detection Anchor

This last book from beloved Hollywood icon Carrie Fisher is the crown jewel of ideal Star Wars gifts. The *Princess Diarist* is an intimate, hilarious, and revealing recollection of what happened behind the scenes on one of the most famous film sets of all time. When Carrie Fisher discovered the journals she kept during the filming of the first Star Wars movie, she was astonished to see what they had preserved—plaintive love poems, unbridled musings with youthful naiveté, and a vulnerability that she barely recognized. Before her passing, her fame as an author, actress, and pop-culture icon was indisputable, but in 1977, Carrie Fisher was just a teenager with an all-consuming crush on her costar, Harrison Ford. With these excerpts from her handwritten notebooks, *The Princess Diarist* is Fisher's intimate and revealing recollection of what happened on one of the most famous film sets of all time—and what developed behind the scenes. Fisher also ponders the joys and insanity of celebrity, and the absurdity of a life spawned by Hollywood royalty, only to be surpassed by her own outer-space royalty. Laugh-out-loud hilarious and endlessly quotable, *The Princess Diarist* brims with the candor and introspection of a diary while offering shrewd insight into one of Hollywood's most beloved stars.

Corcoran Gallery of Art Anchor

"A stunning picture of a black woman's coming of age in America. Put it on the shelf beside *The Autobiography of Malcolm X*." —Kirkus Reviews Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words: "I have all the guns and all the money. I can withstand challenge from without and from within. Am I right, Comrade?" It was August 1974. From a small Oakland-based cell, the Panthers had grown to become a revolutionary national organization, mobilizing black communities and white supporters across the country—but relentlessly targeted by the police and the FBI, and increasingly riven by violence and strife within. How Brown came to a position of power over this paramilitary, male-dominated organization, and what she did with that power, is a riveting, unsparing account of self-discovery. Brown's story begins with growing up in an impoverished neighborhood in Philadelphia and

attending a predominantly white school, where she first sensed what it meant to be black, female, and poor in America. She describes her political awakening during the bohemian years of her adolescence, and her time as a foot soldier for the Panthers, who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise; and the scars that she both suffered and inflicted in that era's paradigm-shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman's battle to define herself. "A glowing achievement." —Los Angeles Times "Honest, funny, subjective, unsparing, and passionate. . . A Taste of Power weaves autobiography and political history into a story that fascinates and illuminates." —The Washington Post

**Shockaholic** Simon & Schuster

In *Playing With Fire*, Theo Fleury takes us behind the bench during his glorious days as an NHL player, and talks about growing up devastatingly poor and in chaos at home. Dark personal issues began to surface, and drinking, drugs, gambling, and girls ultimately derailed a career that had him destined for the Hall of Fame. Fleury shares all in this raw, captivating, and honest look at the previously untold story of one the game's greatest heroes. *Homeward Bound* John Wiley & Sons The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says "knows all of Anonymous' deepest, darkest secrets" "A work of anthropology that sometimes echoes a John le Carré novel." —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside-outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and

Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

The New York Dramatic Mirror Macmillan  
 'Wishful Drinking is a touching and incisive account of bipolarity, addiction and motherhood.' Independent 'No motive is pure. No one is good or bad - but a hearty mix of both. And sometimes life actually gives to you by taking away.' Carrie Fisher in Wishful Drinking In Wishful Drinking, Carrie Fisher told the true and intoxicating story of her life with inimitable wit. Born to celebrity parents, she was picked to play a princess in a little movie called Star Wars when only 19 years old. "But it isn't all sweetness and light sabres." Alas, aside from a demanding career and her role as a single mother (not to mention the hyperspace hairdo), Carrie also spends her free time battling addiction and weathering the wild ride of manic depression. It's an incredible tale: from having Elizabeth Taylor as a stepmother, to marrying (and divorcing) Paul Simon, and from having the father of her daughter leave her for a man, to ultimately waking up one morning and finding a friend dead beside her in bed. Carrie Fisher's star-studded career included roles in numerous films such as

The Blues Brothers and When Harry Met Sally. She was the author of four bestselling novels, Surrender in the Pink, Delusions of Grandma, The Best Awful and Postcards from the Edge, which was made into a hit film starring Shirley MacLaine and Meryl Streep. Carrie's experience with addiction and mental illness - and her willingness to talk honestly about them - made her a sought-after speaker and respected advocate. She was truly one of the most magical people to walk among us. Further praise for Carrie Fisher:- [Shockaholic] is the finest, funniest chronicler of the maddest celebrity mores.' Sunday Times 'Fisher has a talent for lacerating insight that masquerades as carefree self-deprecation' Los Angeles Times 'She is one of the rare inhabitants of La-La Land who can actually write' New York Times

**Hollywood Drive** U of Minnesota Press  
 Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning. Despite the fact that they share the same objective - to nurture young children and secure their future success - the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well. Transforming the Workforce for Children Birth Through Age 8 explores the science of child development, particularly looking at

implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress. Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive, and ultimately improve outcomes for children.
