She Was Like That
Bedford/St Martins
From Trauma to Harming
Others shows the
approach of professionals
from the world-renowned
Portman Clinic, which
specializes in work with
violence, delinquency and
sexual acting out. This
book focuses on the
intricacies of working with
young people who display
such worrying behaviours.
Written by experienced
and eminent authors, the
chapters unpack central
theories and open up
original ideas describing a
range of work with sexual
offenders, compulsive
pornography users and
violent young people. The
central theme of the book
is trauma and how acting
out can be understood as
a way of managing the
psychic pain of such
trauma. The chapters are
ingrained with
understandings from the
classical psychoanalytic
traditions of the Portman
and Tavistock Clinics,
together with more recent
thinking about trauma,
rooted in neurobiological,
developmentally and
trauma informed theories.

They emphasize the need
for awareness of both the
victim of trauma and the
perpetrator within the
same person presenting
for help, while panning
treatment. With insights
and examples from
experienced clinicians,
this book will be of value
to all those working with
traumatized, acting out
young people.

Where Am I Now? W. W.
Norton & Company
A startling and profound
exploration of how Jewish
history is exploited to
comfort the living.
Renowned and beloved as
a prizewinning novelist,
Dara Horn has also been
publishing penetrating
essays since she was a
teenager. Often asked by
major publications to
write on subjects related
to Jewish culture—and
increasingly in response
to a recent wave of
deadly antisemitic
attacks—Horn was
troubled to realize what
all of these assignments
had in common: she was
being asked to write
about dead Jews, never
about living ones. In these
essays, Horn reflects on
subjects as far-flung as
the international
veneration of Anne Frank,
the mythology that Jewish
family names were
changed at Ellis Island,
the blockbuster traveling
exhibition Auschwitz, the
marketing of the Jewish
history of Harbin, China,
and the little-known life of
the "righteous Gentile"
Varian Fry. Throughout,
she challenges us to
confront the reasons why
there might be so much

fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare’s Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children’s school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

Therapeutic Work with Delinquent, Violent and Sexually Harmful Children and Young People

Macmillan
Rereading America has remained the most widely adopted book of its kind because of its unique approach to the issue of cultural diversity. Unlike other multicultural composition readers that settle for representing the plurality of American voices and cultures, Rereading America encourages students to grapple with the real differences in perspectives that arise in our complex society. With extensive editorial apparatus that puts readings from the mainstream into conversation with readings from the margins, Rereading America provokes

students to explore the foundations and contradictions of our dominant cultural myths. *Things Fall Apart* Penguin
Students are bombarded every day with media messages laden with rules: how true patriots should act, how healthy people eat, what real women should look like. Acting Out Culture is the first thematic composition reader to focus students' attention beyond what rules and norms govern their everyday behavior to how the rules themselves have been shaped over time. The author, James Miller, has drawn on his cutting-edge expertise in cultural analysis to help students inquire into those social norms and respond with writing that positions them as citizens making informed decisions about their world.

A Culture of Conspiracy

Bedford/st Martins

Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

Reading and Writing

Acting Out Culture Readings for Critical Inquiry Cultural messages bombard students daily, laden with unstated rules about what makes our work valuable, our bodies ideal, our connections meaningful. *Acting Out Culture* empowers students to critically read those messages and use writing to speak back to their culture and question its

rules. This book appeals especially to those students who are not full participants in the dominant culture, as well as to their instructors, who want to help students see how subtle (and not so subtle) cultural forces can shape their lives--and how they can challenge and resist those forces. The new edition of *Acting Out Culture* builds on that success, with provocative readings (more than 50 percent of them new) that challenge the rules we live by; pedagogical tools to encourage students to read, think, and write critically about their culture; and instructional support featuring sample syllabi, additional discussion topics, and ideas for teaching with visuals and online content. *Acting Out Culture* Readings for Critical Inquiry A “slick page-turner” (*Vanity Fair*) about the rise of an enigmatic Hollywood star and her legacy, from Columbia MFA graduate Dan Bevacqua. A tragic death was not part of the script. Molly Bit is a great actress. From her first acting classes to her big break she is different from the others struggling to make it. But fame is perilous. She uses—and is

used by—the Hollywood system. Her collaborator is an addict. The producer who promises her stardom is ruthless and unhinged by grief. Fans, friends, strangers—they want and want. And one dangerously obsessed fan will take everything. Insightful, witty, and shocking, Molly Bit “delves into the dark corners of fame...[while] managing to be a scathingly funny exposé of celebrity life” (Laura Sims, author of *Looker*) and explores the high stakes of our culture’s fascination with the famous and our complicity in their rise and fall. Molly Bit is a “fast, funny, and delightfully fun” (Adam Wilson, author of *Flatscreen*) debut novel that offers a heartbreaking reflection of fame, obsession, and art’s power to redeem loss.

Apocalyptic Visions in Contemporary America Routledge

From the brilliant mind of Michaela Coel, creator and star of *I May Destroy You* and *Chewing Gum*, comes a passionate and inspired declaration against fitting in. When invited to deliver the MacTaggart Lecture at the Edinburgh International Television Festival, Michaela Coel touched a lot of people with her striking revelations about race, class and gender, but the person most significantly impacted was Coel herself. Building on her celebrated speech, *Misfits* immerses readers in her vision through powerful allegory and deeply personal anecdotes—from her coming of age in London public housing to her discovery of theater and her love for storytelling. And she tells of her reckoning with trauma and metamorphosis into a champion for herself, inclusivity, and radical honesty. With inspiring insight and wit, Coel lays bare her journey so far and invites us to reflect

on our own. By embracing our differences, she says, we can transform our lives. An artist to her core, Coel holds up the path of the creative as an emblem of our need to regard one another with care and respect—and transparency. *Misfits* is a triumphant call for honesty, empathy and inclusion. Championing “misfits” everywhere, this timely, necessary book is a rousing coming-to-power manifesto dedicated to anyone who has ever worried about fitting in.

*old girl is found murdered in the same woods, he and Detective Cassie Maddox—his partner and closest friend—find themselves investigating a case chillingly similar to the previous unsolved mystery. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an

unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure

themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today. *Rereading America* Simon and Schuster This ebook has been updated to provide you with the latest guidance on documenting sources in MLA style and follows the guidelines set forth in the *MLA Handbook*, 9th edition (April 2021). Grounded in the best practices of effective writing instruction, *Joining the Conversation's* rhetorical approach teaches students the key critical thinking skills they will draw on as they begin to explore and respond thoughtfully to the complex conversations around them. reflective and informative to analytical and persuasive writing, chapters follow real student writers as they find a conversation, develop, revise, and document their writing. Thoroughly revised, the fourth edition includes new student projects and more support for academic reading, critical thinking, and assessing credibility and bias. *Joining the Conversation: A Guide and Handbook for Writers* Graywolf Press *Trans/acting Culture, Writing, and Memory* is a collection of essays written in honour of Barbara Godard, one of the most original and wide-ranging literary critics, theorists, teachers, translators, and public intellectuals Canada has ever produced. The contributors, both established and emerging scholars, extend Godard's work through engagements with her published texts in the spirit of creative interchange and intergenerational relay of ideas. Their essays resonate with Godard's innovative scholarship situated at the intersection of such fields as literary studies, cultural studies, translation studies,

feminist theory, arts criticism, social activism, institutional analysis, and public memory. In pursuit of unexpected linkages and connections, the essays venture beyond generic and disciplinary borders, zeroing in on Godard's transdisciplinary practice that has been extremely influential in the way that it framed questions and modeled interventions for the study of Canadian, Québécois, and Acadian literatures and cultures. The authors work with the archives

ranging from Canadian government policies and documents, to publications concerning white supremacist organizations in Southern Ontario, online materials from a Toronto-based transgender arts festival, a photographic mural installation commemorating the Montreal Massacre, and the works of such writers and artists as Marie Clements, Nicole Brossard, France Daigle, Nancy Huston, Yvette

Nolan, Gail Scott, Denise Desautels, Louise Warren, Rebecca Belmore, Vera Frenkel, Robert Lepage, and Janet Cardiff. Citizen Penguin UK Chaikin, who directed the celebrated Open Theater in the '60s, kindled an emphasis on communal playmaking whose impact is still evident today. This conversational review of his efforts details his methods and reveals the struggles involved in the creation of some of the most exciting theatre of our time.
