Indigenous Peoples' Food Systems

Andrews McMeel
Publishing

Today, globalisation and homogenisation have replaced local food cultures. The 12 case studies presented in this book show the wealth of knowledge in indigenous

communities in diverse ecosystems, the richness of their food resources, the inherent strengths of the local traditional food systems, how people think about and use these foods, the influx of industrial and purchased food, and the circumstances of the nutrition transition in indigenous communities. The unique styles of conceptualising food

systems and writing about them were preserved. Photographs and tables accompany each chapter.

Society and Culture in Rajasthan, C. AD 700-900 Phoemixx Classics Ebooks

Happy Hours: The Penguin Book of Cocktails is a first of its kind and all that you will need to set up your very own bar and make it the most talked-about one in town. It will show you how to master basic techniques and impress your guests: keep your glasses sparkling clean, create decorative ice cubes and use a cocktail shaker with panache. It will tell you about the origins, production and classification of different types of liquor, and provide

smart tips on preserving and serving them. It will treat you to a splendid selection of over 650 recipes—from classics such as the Tom Collins and Daiquiri to unique concoctions like the Maheshwar Margarita (a feni-Cointreau-lemon juice mix) and Mango Bellini to inventive punches, mocktails and heady mixtures guaranteed to cure hangovers—complete with meticulous instructions on measurements, suggested glassware and garnishes, as well as a few tricks to reinvent popular mixes. Along the way, you'll also pick up ♦ Up-to-date information on premier liquor brands and their availability in India ♦ Entertaining asides on

sundry topics of interest, from the most expensive whisky in the world to the status of alcohol in ancient Indian society ♦

Crucial advice on how to recover from a night of hectic partying ♦ A comprehensive glossary that provides clear definitions of otherwise unfamiliar terms Whether you're a professional bartender or a generous host, planning a lavish party or simply looking to add zing to an evening drink, this stylish, sumptuous book is the ultimate companion for your bar.

Trust No Aunty

Simon and Schuster
How do gay and lesbian teachers negotiate their professional and sexual identities at work, given that these

identities are constructed as mutually exclusive, even as mutually opposed? Using interviews and other ethnographic materials from Texas and California, School's Out explores how teachers struggle to create a classroom persona that balances who they are and what's expected of them in a climate of pervasive homophobia. Catherine Connell's examination of the tension between the rhetoric of gay pride and the professional ethic of discretion insightfully connects and considers complicating factors, from local law and politics to gender privilege. She also describes how racialized discourses of homophobia thwart challenges to sexual

injustices in schools. Written with ethnographic verve, *School's Out* is essential reading for specialists and students of queer studies, gender studies, and educational politics. *AKASHVANI* All India Radio (AIR), New Delhi
NEW YORK TIMES BESTSELLER Now in paperback—Peggy Orenstein, author of the groundbreaking New York Times bestseller *Girls & Sex*, turns her focus to the sexual lives of young men. “Eye-opening.... Every few pages, the boy world cracks open a little bit.... Even in the most anxiety-provoking moments of *Boys & Sex*, it’s clear that Orenstein believes in the goodness of boys and the men they can become, and she

believes in us, as parents, to raise them” (New York Times Book Review). Peggy Orenstein’s *Girls & Sex* broke ground, shattered taboos, and launched conversations about young women’s right to pleasure and agency in sexual encounters. It also had an unexpected effect on its author: Orenstein realized that talking about girls is only half the conversation. Boys are subject to the same cultural forces as girls—steeped in the same distorted media images and binary stereotypes of female sexiness and toxic masculinity—which equally affect how they navigate sexual and emotional relationships. In *Boys & Sex*, Peggy Orenstein dives back into the

lives of young people to once again give voice to the unspoken, revealing how young men understand and negotiate the new rules of physical and emotional intimacy. Drawing on comprehensive interviews with young men, psychologists, academics, and experts in the field, *Boys & Sex* dissects so-called locker room talk; how the word “hilarious” robs boys of empathy; pornography as the new sex education; boys’ understanding of hookup culture and consent; and their experience as both victims and perpetrators of sexual violence. By surfacing young men’s experience in all its complexity, Orenstein is able to unravel the

hidden truths, hard lessons, and important realities of young male sexuality in today’s world. The result is a provocative and paradigm-shifting work that offers a much-needed vision of how boys can truly move forward as better men.

Baby's First Diwali

HarperHindi

When seeking approaches for sex education, few look to the past for guidance. But Susan K. Freeman's investigation of the classrooms of the 1940s and 1950s offers numerous insights into the potential for sex education to address adolescent challenges, particularly for girls. From rural Toms River, New Jersey, to urban San Diego and many places in between, the use of discussion-

based classes fostered an environment that focused less on strictly biological matters of human reproduction and more on the social dimensions of the gendered and sexual worlds that the students inhabited. Although the classes reinforced normative heterosexual gender roles that could prove repressive, the discussion-based approach also emphasized a potentially liberating sense of personal choice and responsibility in young women's relationship decisions. In addition to the biological and psychological underpinnings of normative sexuality, teachers presented girls' sex lives and gendered behavior as critical to the success

of American families and, by extension, the entire way of life of American democracy. The approaches of teachers and students were sometimes predictable and other times surprising, yet almost wholly without controversy in the two decades before the so-called Sexual Revolution of the 1960s. *Sex Goes to School* illuminates the tensions between and among adults and youth attempting to make sense of sex in a society that was then, as much as today, both sex-phobic and sex-saturated.

Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate

their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates

of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women's empowerment What Works in Girls' Education is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls' education. *Voice and Agency* World Bank Publications "Akashvani" (English) is a programme journal of ALL INDIA RADIO, it was formerly known as

The Indian Listener. It used to serve the listener as a bradshaw of broadcasting ,and give listener the useful information in an interesting manner about programmes, who writes them, take part in them and produce them along with photographs of performing artists. It also contains the information of major changes in the policy and service of the organisation. The Indian Listener (fortnightly programme journal of AIR in English) published by The Indian State Broadcasting Service, Bombay, started on 22 December, 1935 and was the successor to the Indian Radio Times in English, which was published beginning in July 16 of 1927. From 22 August ,1937

onwards, it used to published by All India Radio, New Delhi. From 1950,it was turned into a weekly journal. Later, The Indian listener became "Akashvani" (English) w.e.f. January 5, 1958. It was made fortnightly journal again w.e.f July 1,1983.

On the Night You Were Born / La Noche En Que Tú Naciste
(Bilingual - English/Spanish)

Harper Collins
Based on her popular Instagram @Hatecopy and her experience in a South Asian immigrant family, artist Maria Qamar has created a humorous, illustrated "survival guide" to deal with overbearing "Aunties," whether they're family members, annoying

neighbors, or just some random ladies throwing black magic your way. We've all experienced interference from our Aunties—they are at family parties and friendly get-togethers, finding ways to make your life difficult, trying to get you to marry their sons, and telling you to lose weight while simultaneously feeding you a second dinner—and it has stunted our social growth and embarrassed us in front of our friends and cool cousins for years. This tongue-in-cheek guide is full of advice designed to help you manage Aunty meddling and encourages you to pursue your passions—from someone who has been through it all. Qamar confesses to throwing

sweatshirts over crop-tops to get out of the house without being questioned, hiding her boyfriend in a closet, and enduring overbearing parents endlessly pressuring her to become a doctor, lawyer, or engineer. Holding onto your cultural identity is tough. Always interfering Aunties make it even harder. But ultimately, Aunties keep our lives interesting. As an Aunty-survivor and a woman who has lived the cross-cultural experience, Qamar defied the advice of her aunties almost every step of the way, and she is here to remind you: Trust No Aunty.

Humans of Bombay
SAGE Publications
"The 2012 report recognized that

expanding women's agency - their ability to make decisions and take advantage of opportunities is key to improving their lives as well as the world. This report represents a major advance in global knowledge on this critical front. The vast data and thousands of surveys distilled in this report cast important light on the nature of constraints women and girls continue to face globally. This report identifies promising opportunities and entry points for lasting transformation, such as interventions that reach across sectors and include life-skills training, sexual and reproductive health education, conditional cash transfers, and mentoring. It finds that addressing what the

World Health Organization has identified as an epidemic of violence against women means sharply scaling up engagement with men and boys. The report also underlines the vital role information and communication technologies can play in amplifying women's voices, expanding their economic and learning opportunities, and broadening their views and aspirations. The World Bank Group's twin goals of ending extreme poverty and boosting shared prosperity demand no less than the full and equal participation of women and men, girls and boys, around the world." -- Publisher's description.
School's Out Penguin UK

Celebrate Diwali with this delightful baby book that little ones will adore. The bright and colorful images in this book are the perfect way to discover Diwali together. From the shining diya lamps that gave the festival its name, to colorful flower decorations, to sweet treats, Baby's First Diwali features all the familiar favorites associated with India's biggest and brightest holiday. An ideal baby

gift to develop early learning, the simple pictures and sentences promote language skills and help to foster early reading development. Learn all about the amazing festival of light with your little one! Baby's First Diwali perfectly captures the joy of this special celebration and is an ideal preschool learning introduction to the traditions of the holiday.

Happy Hours Little, Brown

This comprehensive title is among the first to extensively use newly released 2010 U.S. Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta: "Based

on the first national numbers released by the Census Bureau, the AP reports that minorities account for 90 percent of the total U.S. growth since 2000, due to immigration and higher birth rates for Latinos." According to John Logan, a Brown University sociologist who has analyzed most of the census figures, "The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations." Both non-Hispanic whites and blacks are getting older as a group. "These groups are tending to fade out," he added. Another demographer, William H. Frey with the Brookings Institution, told The Washington

Post that this has been a pivotal decade.

"We're pivoting from a white-black-dominated American population to one that is multiracial and multicultural."

Multicultural America: A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today. Pedagogical elements include an introduction, a thematic reader's guide, a chronology of multicultural milestones, a glossary, a resource guide to key books, journals, and

Internet sites, and an appendix of 2010 U.S. Census Data. Finally, the electronic version will be the only reference work on this topic to augment written entries with multimedia for today's students, with 100 videos (with transcripts) from Getty Images and Video Vault, the Agence France Press, and Sky News, as reviewed by the media librarian of the Rutgers University Libraries, working in concert with the title's editors.

This 10th anniversary edition of *I Too* had a Love Story brings to life one of the decade's most-loved romance novels with gorgeous illustrations in a brand

new design. With a personal note from the author, this book is a collector's edition. It will also make for a fabulous gift. Do love stories ever die? . . . How would you react when a beautiful person comes into your life, and then goes away from you . . . forever? Not all love stories are meant to have a perfect ending. *I Too Had a Love Story* is one such saga. It is the tender and heartfelt tale of Ravin and Khushi--two people who found each other on a matrimonial site and fell in love . . . until life put their love to the ultimate test. Romantic, emotional and sincere, this heartbreaking true life story has already touched a million hearts. This bestselling novel is a must-read

for anyone who believes in the magic of love . . .

The Sun and Her Flowers

Univ of California Press
The *Life of a Text* offers a vivid portrait of one community's interaction with its favorite text—the epic *Ramcaritmanas*—and the way in which performances of the epic function as a flexible and evolving medium for cultural expression. Anthropologists, historians of religion, and readers interested in the culture of North India and the performance arts will find breadth of subject, careful scholarship, and engaging presentation in this unique and beautifully illustrated examination of Hindi culture. The most popular and

influential text of Hindi-speaking North India, the epic Ramcaritmanas is a sixteenth century retelling of the Ramayana story by the poet Tulsidas. This masterpiece of pre-modern Hindi literature has always reached its largely illiterate audiences primarily through oral performance including ceremonial recitation, folksinging, oral exegesis, and theatrical representation. Drawing on fieldwork in Banaras, Lutgendorf breaks new ground by capturing the range of performance techniques in vivid detail and tracing the impact of the epic in its contemporary cultural context.
