LIU HARRINGTON

Linear Time Playing Hal Leonard Corporation

Tony Bolden presents an innovative history of funk music focused on the performers, regarding them as intellectuals who fashioned a new aesthetic. Utilizing musicology, literary studies, performance studies, and African American intellectual history, Bolden explores what it means for music, or any cultural artifact, to be funky. Multitudes of African American musicians and dancers created aesthetic frameworks with artistic principles and cultural politics that proved transformative. Bolden approaches the study of funk and black musicians by examining aesthetics, poetics, cultural history, and intellectual history. The study traces the concept of funk from early blues culture to a metamorphosis into a full-fledged artistic framework and a named musical genre in the 1970s, and thereby Bolden presents an alternative reading of the blues tradition. In part one of this two-part book, Bolden undertakes a theoretical examination of the development of funk and the historical conditions in which black artists reimagined their music. In part two, he provides historical and biographical studies of key funk artists, all of whom transfigured elements of blues tradition into new styles and visions. Funk artists, like their blues relatives, tended to contest and contextualize racialized notions of blackness, sexualized notions of gender, and bourgeois notions of artistic value. Funk artists displayed contempt for the status quo and conveyed alternative stylistic concepts and social

perspectives through multimedia expression. Bolden argues that on this road to cultural recognition, funk accentuated many of the qualities of black expression that had been stigmatized throughout much of American history.

Guitar All-in-One For Dummies Hal Leonard

Play at First Sight is a unique and comprehensive approach to help improve sight-reading skills. It will strengthen your ability to recognize rhythms quickly and perform them as confidently as possible. The more you practice the exercises and variation possibilities on each page, the more at ease you will become at sight-reading rhythms. The enclosed play-along CD incorporates a variety of musical styles and can be used with many of the exercises throughout the book. Play at First Sight will be an invaluable tool in helping you to become a better sight-reader!

Listening, Musicology and Performance Alfred Music Publishing

What does it mean to be in the groove?

Billboard Hal Leonard Corporation

(Book). Based on the official Top 20 charts from Billboard in the US and NME/Music Week in the UK, this entertaining book shows at a glance the monthly international status of the hits. The fully updated and revised fourth edition lists the charts since they began in January 1954 all the way through December 2000. Each song is listed with artist name and nationality, current and previous month's chart position, record label, weeks on the chart, and simultaneous position on the "other side of the pond." Special symbols indicate million-sellers, plus artists' first and most recent hits. All stars and songs are indexed separately, making it especially easy to pinpoint any Top 20 hit. Includes 200 photos, plus new pop trivia and star gossip! **Groove Theory** Alfred Music Publishing

From the Tin Pan Alley 32-bar form, through the cyclical forms of modal jazz, to the more recent accumulation of digital layers, beats, and breaks in Electronic Dance Music, repetition as both an aesthetic disposition and a formal property has stimulated a diverse range of genres and techniques. From the angles of musicology, psychology, sociology, and science and technology, Over and Over reassesses the complexity connected to notions of repetition in a variety of musical genres. The first edited volume on repetition in 20th- and 21st-century popular music, Over and Over explores the wide-ranging forms and use of repetition - from large repetitive structures to micro repetitions - in relation to both specific and large-scale issues and contexts. The book brings together a selection of original texts by leading authors in a field that is, as yet, little explored. Aimed at both specialists and neophytes, it sheds important new light on one of the fundamental phenomena of music of our times.

The Drum Set Crash Course Alfred Music Publishing

(Musicians Institute Press). A "one-on-one" lesson with MI instructor Ed Roscetti, this book/CD pack teaches the feel, grooves, fills and styles you need to know for funk and hip-hop drumming. Includes lessons on: feeling the downbeats; syncopated backbeats; in between straight and swing; feeling the upbeats; three ways to explore and play time; hip-hop shuffle; straight time; moving the sixteenths; and more. The accompanying CD contains tracks for demonstration and play-along.

Top 20 Charts from 1954 to the Present Day Alfred Music Publishing

(Berklee Guide). Learn the art of jazz bass.
