Gay and lesbian themes in Latin American literature have been largely ignored. This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works. Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources. The figures included have a professed gay identity, or have written on gay or lesbian themes in either a positive or negative way, or have authored works in which a gay sensibility can be identified. The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors, and studies these authors within the larger context of Latin American culture. The book includes entries for men and women, and for authors from Latin American countries as well as Latino writers from the United States. The entries are written by roughly 60 expert contributors from Latin America, the U.S., and Europe.

Made in Canada, Read in Spain is an edited collection of essays on the impact, diffusion, and translation of English Canadian literature in Spain. Given the size of the world's Spanish-speaking population (some 350 million people) and the importance of the Spanish language in global publishing, it appeals to publishers, cultural agents and translators, as well as to Canadianists and Translation Studies scholars. By analyzing more than 100 sources of online and print reviews, this volume covers a wide-range of areas and offers an ambitious scope that goes from the institutional side of the Spanish-Anglo-Canadian exchange to issues on the insertion of CanLit in the Spanish curriculum; from 'nation branding', translation, and circulation of Canadian authors in autonomous communities (such as Catalonia) to the official acknowledgement of some authors by the Spanish literary system -Margaret Atwood and Leonard Cohen were awarded the prestigious Prince of Asturias prize in 2008 and 2011, respectively.

In spite of the attention that Latin American women writers have attracted in recent years, a book dedicated exclusively to those writers whose work primarily articulates a lesbian perspective was until now missing. The purpose of this book, first published in 1996, is to bring attention to and examine the articulation of lesbian themes, motifs and issues in the works of these writers. It aims to study the problems pertaining to the specific literary representations of lesbianism and to examine the dimensions of a lesbian view in the works. By undertaking the study of the works of these women writers, this book contributes to the recognition and legitimization of a lesbian literary discourse.

The third edition of International Communication examines the profound changes that have taken place, and are continuing to take place at an astonishing speed, in international media and communication. Building on the success of previous editions, this book maps out the expansion of media and telecommunications corporations within the macro-economic context of liberalisation, deregulation and privatisation. It then goes on to explore the impact of such growth on audiences in different cultural contexts and from regional, national and international perspectives. Each chapter contains engaging case studies which exemplify the main concepts and arguments.

Bianca 3011 Una petición escandalosa que resultó en una semana de pasión. A Alejandro Corderó su amigo Luca le había pedido dos cosas en el banquete de su boda: que entretuviera a su cuñada, Sienna Thornton-Rose, y que se abstuviera de intentar seducirla. Debería haber sido una tarea sencilla, pero cuando posó sus ojos en la hermosa Sienna, Alejandro se dio cuenta de lo peligrosamente tentadora que era. Tras su ardiente primera vez con Alejandro, Sienna, que no podía quitárselo de la cabeza, viajó hasta Barcelona para pedirle que volviera a hacerle el amor. Lo que no se esperaba era que Alejandro le propusiera que se quedara una semana con él. ¡Una semana entera! Tras años bajo la sombra de su controladora madre, Sienna sintió que era su oportunidad de sentirse libre y hacer lo que quisiera. El problema era que pronto descubriría que siete noches de pasión con Alejandro no serían suficientes para ella.

Latin American intellectual history is largely founded on essayistic writing. Women's essays have always formed a part of this rich tradition, yet they have seldom received the respect they merit and are often omitted entirely from anthologies. This volume and its earlier companion, *Reinterpreting the Spanish American Essay: Women Writers of the 19th and 20th Centuries*, seek to remedy that neglect. This book collects thirty-six notable essays by twenty-two women writers, including Flora Tristan, Gertrudis Gómez de Avellaneda, Clorinda Matto de Turner, Victoria Ocampo, Alfonsina Storni, Rosario Ferré, Christina Peri Rossi, and Elena Poniatowska. All of the essays are here translated into English for the first time, many by the same scholars who wrote critical studies of the

authors in the first volume. Each author's work is also prefaced by a brief biographical sketch.

Cozy Case Files, A Cozy Mystery Sampler, Volume 9 Rowman & Littlefield

The continuing cultural encounters of the Americas, between European and indigenous cultures, and between scientific materialism and premodern supernaturalism, have originated new narrative forms. While supernatural short fiction of the Americas belongs to the broad category of the fantastic, which is generally approached synchronically, reading audiences of the past 200 years have shifted their beliefs about the supernatural several times. While nineteenth-century readers understood science as real and the supernatural as imaginary, modern audiences recognize both as inaccurate, a shift which allows authors of supernatural fiction to celebrate premodern indigenous beliefs which were once disdained by a materialist culture. This book situates supernatural short fiction of the Americas within the changing cultural and epistemological contexts of the last 200 years and explores how authors have drawn upon a wealth of indigenous traditions. The book begins with a discussion of theories of the supernatural and the fantastic. It then looks at some of the first encounters of European and Native American supernatural beliefs and points to the common elements of these early traditions. The volume next focuses on American literature of the nineteenth century, which has a complex fusion of materialist biases and metaphysical fascinations. The final portion of the book gives greater attention to Spanish-American literature and the blending of the supernatural with attitudes of nostalgia and uncertainty.

superb and indispensable. . . . this guide should serve to introduce a rich lode to scholarly miners of the Latin American literary tradition. Highly recommended. Choice Containing contributions by more than fifty scholars, this volume, the second of Diane Marting's edited works on the women of the literature of Spanish America, consists of analytical and biographical studies of fifty of the most important women writers of Latin America from the seventeenth century to the present. The writers covered in the individual essays represent most Spanish-speaking American nations and a variety of literary genres. Each essay provides biographical and career information, discusses the major themes in the body of work, and surveys criticism, ending with a detailed bibliography of works by the writer, works available in translation if applicable, and works about the writer. The editor's tripartite introduction freely associates themes and images with/about/for the works of Spanish American women writers; explains the history and process of the collaborative effort that this volume represents; and traces some feminist concerns that recur in the essays, providing commentary, analysis, suggestions for further research, and hypotheses to be tested. Two general essays complete the volume. The first examines the oral testimony of contemporary Indian women outside of the literary tradition, women whose words have been recorded by others. The other surveys Latina writers in the United States, an area not otherwise encompassed in the scope of this volume. Appendixes classify the writers in the main body of the work by birth date, country, and genre. Also included is a bibliography of reference works and general criticism on the Latin American woman writer, and title and subject indexes. This book addresses the needs of students, translators, and general readers, as well as scholars, by providing a general reference work in the area of Spanish American literature. As such, it belongs in the reference collections of all libraries serving scholars and students of Latin American and women's studies and literature.

Hispanic Literature Criticism St. Martin's Paperbacks

Feminist Literary and Cultural Criticism explores inter-disciplinary connections across Cultural Anthropology, Geography, Psychology, and feminist literary criticism to develop a theoretical framework for spatial criticism. Using the spatial gynocritics framework developed in the book, it analyzes selected texts from five different genres—short-story, novel, film, cartoons, and OTT series, created by women. The creators discussed in the book constitute a transnational collectivity of women that shares common concerns about gender, environment, technology, and social hierarchies. They comprise a geographically and linguistically diverse group from India, Uruguay, Spain, Argentina, and the USA. The book offers immense potential for a comparative study on numerous aspects, among which the present work concentrates on the treatment of Space, demonstrating that spatial logic and grammar are essential elements of the feminist praxis. The book reveals the unexamined potential in the women creators' praxis of destabilizing, decentering, and destroying the ascribed centres around which social arrangements are structured. Moreover, the book offers valuable analytic tools that add to scholarship in literary theory, comparative cultural studies, comparative literature, gender studies, feminist criticism, and interdisciplinary humanities. It is an indispensable aid to students and faculty in these areas of study, enabling them to critique texts from a fresh perspective.

Unlike a conventional war waged against a standing army, a "dirty war" is waged against individuals, groups, or ideas considered subversive. Originally associated with Argentina's military regime from 1976-1983, the term has since been applied to neighboring dictatorships during the period. Indeed, it has become a byword for state-sponsored repression anywhere in the world. The first edition of this reference illustrated the concept by describing the regimes of Argentina, Chile (1973-1990), and Uruguay (1973-1985), which tortured, murdered, and disappeared thousands of people in the name of anticommunism while thousands more were driven into exile. The second edition expands the scope to include Bolivia (1971-1982), Brazil (1964-1985), and Paraguay (1954-1989). Includes a chronology, an introductory essay, a bibliography, and over 400 cross-referenced dictionary entries on the countries; guerrilla and political movements; prominent guerrilla, human-rights, military, and political figures; local, regional, and international human-rights organizations; and artistic figures (filmmakers, novelists, and playwrights) whose works attempt to represent or resist the period of repression.--Publisher.
