The Cowgirl's Homecoming The
Rosen Publishing Group, Inc
An evening at the La Scala in Milan twirls
the lives of five people into a web of
rivalry, intrigues, heartaches, obsession,
murder, loss, and revenge. "... for those
who love selective eroticism with

substance. An exciting and sophisticated
erotic thriller for the astute romance
reader, woman or man." Love, a word
Roman can hardly spell, hits him when
he sees Shana one evening. She's the
first woman not dropping to her knees at
his mere presence. Used to getting
whatever he wants, he chases her. Only
to discovers that she prefers the girls.
Roman can't let that deter him. But is he
for once up against his own

comeuppance? At any rate, he needs assistance, which comes in the form of Alyssa, Shana's BFF. Trouble crops up when Alyssa is all too ready and willing to drop on her knees for him. Roman can't get anywhere near Shana on his own. Would he start anything with Alyssa as long as this finally leads him to meet Shana in person? Then there's Marie, his current companion who has a life-changing surprise for him. Roman: I never chased after a woman. Then I caught a glimpse of the woman I would kneel for, but didn't even know her name. Heck, I determined to find her if it took me the rest of my life. Shana: He stood in the room with her. The frisson in the currents freaking between them knocked her senseless. The mutual force of predator and prey, blasting into her

core ... her soul ... Danger. Keep far away from him.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-

This stunning YA debut is a timely and

heartfelt speculative narrative about healing, faith, and freedom. Seventeen-year-old Marisol has always dreamed of being American, learning what Americans and the US are like from television and Mrs. Rosen, an elderly expat who had employed Marisol's mother as a maid. When she pictured an American life for herself, she dreamed of a life like Aimee and Amber's, the title characters of her favorite American TV show. She never pictured fleeing her home in El Salvador under threat of death and stealing across the US border as "an illegal", but after her brother is murdered and her younger sister, Gabi's, life is also placed in equal jeopardy, she has no choice, especially because she knows everything is her fault. If she had never fallen for the charms of a beautiful

girl named Liliana, Pablo might still be alive, her mother wouldn't be in hiding and she and Gabi wouldn't have been caught crossing the border. But they have been caught and their asylum request will most certainly be denied. With truly no options remaining, Marisol jumps at an unusual opportunity to stay in the United States. She's asked to become a grief keeper, taking the grief of another into her own body to save a life. It's a risky, experimental study, but if it means Marisol can keep her sister safe, she will risk anything. She just never imagined one of the risks would be falling in love, a love that may even be powerful enough to finally help her face her own crushing grief. The Grief Keeper is a tender tale that explores the heartbreak and consequences of when

both love and human beings are branded illegal.

365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends (and a few rather

less legendary), each presented with a fun and informative profile and fact-and-spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase "getting there is half the fun" must have owned a sports car. And the wag who suggested that "it's the journey not the destination"? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives

the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year. Which would you choose?
