*The Collected Dialogues of Plato* Hackett Publishing

Plato (428/427-348/347 BCE) was a Greek philosopher and mathematician of the Classic Age who founded the Academy of Athens. Noted as a student of Socrates, Plato has distinguished himself as one of the founders...

### **Essential Dialogues of Plato**

Strelbytskyy Multimedia Publishing  
Thirteen of Plato's most well-known dialogues are included in the collection "Essential Dialogues of Plato." Plato was a learned student of the early philosopher Socrates. Because Socrates did not write any works before his untimely death, Plato took Socrates' beliefs and expressed them through imagined dialogues between the philosopher and his students. It was the first time in Western history that a philosophical dialectic between the teacher and student was developed. In the dialogues, Socrates and a student discuss multiple aspects of life through a similar structure. The student, in his ignorance, makes a wide, generalized statement, and Socrates then questions their thought processes. While Socrates was not trying to push his students into thinking a certain way, he wanted his students to discover their own truths through rational thinking and questioning the world. Plato showed this poignantly in his dialogues, which preserved his teacher's legacy while solidifying Plato himself as one of the most unique literary minds in early Western civilization. Plato not only fleshes out the characters and creates narrative story arcs in his dialogues, but

he even injects humor and wit into his works. Some of the works included in this text are "Ion," "Gorgias," "Phaedrus," "Crito," and "Laws."

"Essential Dialogues of Plato" is a must-read for any serious student of philosophy as well as those with an interest in Western values and beliefs.

### **The Trial and Death of Socrates**

Good Press

'I'll stop doing it as soon as I understand what I'm doing.' Somewhere between a historical account and work of philosophy, Socrates' Defence details the final plea of Plato's beloved mentor.

Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Plato (474 BC-347 BC). Plato's works available in Penguin Classics are Republic, The Last Days of Socrates, The Laws, Phaedrus, Protagoras and Meno, Timaeus and Critias, Theaetetus, Early Socratic Dialogues, The Symposium and Gorgias. *The Collected Dialogues of Plato* Modern Library

Benjamin Jowett's translations of Plato have long been classics in their own right. In this volume, Professor Hayden Pelliccia has revised Jowett's renderings of five key dialogues, giving us a modern Plato faithful to both Jowett's best features and Plato's own masterly style. Gathered here are many of Plato's liveliest and richest texts. Ion takes up

the question of poetry and introduces the Socratic method. Protagoras discusses poetic interpretation and shows why cross-examination is the best way to get at the truth. Phaedrus takes on the nature of rhetoric, psychology, and love, as does the famous Symposium. Finally, Apology gives us Socrates' art of persuasion put to the ultimate test--defending his own life. Pelliccia's new Introduction to this volume clarifies its contents and addresses the challenges of translating Plato freshly and accurately. In its combination of accessibility and depth, Selected Dialogues of Plato is the ideal introduction to one of the key thinkers of all time.

**Rethinking the Elenchus in Plato's Dialogues and Beyond** Penguin UK [Being and Logos is] a philosophical adventure of rare inspiration. . . . Its power to illuminate the text . . . , its ecumenicity of inspiration, its methodological rigor, its originality, and its philosophical profundity—all together make it one of the few philosophical interpretations that the philosopher will want to re-read along with the dialogues themselves. A superadded gift is the author's prose, which is a model of lucidity and grace." —International Philosophical Quarterly John Sallis's luminous reading of six major Platonic dialogues—Apology, Meno, Phaedrus, Cratylus, Republic, and Sophist—weaves discussion of dramatic and mythical aspects together with basic philosophical issues. Being and Logos fundamentally reorients our reading and understanding of the platonic dialogues. This new edition of this classic of philosophical interpretation augments the Collected Writings of John Sallis, published by Indiana University Press.

**Plato's Parmenides** Princeton

University Press

"Phaedrus" by Plato (translated by Benjamin Jowett). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*Dialogues of Plato* The Collected Dialogues of Plato

All the writings of Plato generally considered to be authentic are presented in this volume. The editors set out to choose the contents of this collected edition from the work of the best British and American translators of the last 100 years, ranging from Jowett (1871) to scholars of the present day. The volume contains prefatory notes to each dialogue, by Edith Hamilton; an introductory essay on Plato's philosophy and writings, by Huntington Cairns; and a comprehensive index which seeks, by means of cross references, to assist the reader with the philosophical vocabulary of the different translators.

*Complete Works* Phoemixx Classics Ebooks

Timaeus Plato - The dialogue takes place the day after Socrates described his ideal state. In Plato's works such a discussion occurs in the Republic. Socrates feels that his description of the ideal state wasn't sufficient for the purposes of entertainment and that "I would be glad to hear some account of it engaging in transactions with other states" (19b).Hermocrates wishes to

oblige Socrates and mentions that Critias knows just the account (20b) to do so. Critias proceeds to tell the story of Solon's journey to Egypt where he hears the story of Atlantis, and how Athens used to be an ideal state that subsequently waged war against Atlantis (25a). Critias believes that he is getting ahead of himself, and mentions that Timaeus will tell part of the account from the origin of the universe to man.

Plato's Republic Routledge

Gathers translations of Plato's works and includes guidance on approaching their reading and study

with introd. and prefatory notes

Digireads.Com

First published in 1931, this book explores the nature and importance of Plato's dialogues. The book was written for an audience of non-scholarly men and women who want to know something about one of the most remarkable thinkers of the Western world. The chapters were originally delivered as broadcast talks.

Ion, Hippias Minor, Laches, Protagoras

Cornell University Press

Plato's Republic is one of the best-known and most widely-discussed texts in the history of philosophy. But how might we get to the heart of this work today, 2,500 years after its original composition? Alain Badiou breathes life into Plato's landmark text and revives its universality. Rather than producing yet another critical commentary, he has instead worked closely on the original Greek and, through spectacular changes, adapted it to our times. In this innovative reimagining of Plato's work, Badiou has removed all references specific to ancient Greek society—from lengthy exchanges about moral courage in archaic poetry to political considerations mainly of interest to the

aristocratic elite—and has expanded the range of cultural references. Here, philosophy is firing on all cylinders: Socrates and his companions are joined by Beckett, Pessoa, Freud, and Hegel, among others. Together these thinkers demonstrate that true philosophy endures, ready to absorb new horizons without changing its essence. Moreover, Badiou—who is also a dramatist—has transformed the Socratic dialogue into a genuine oratorical contest. In his version of the Republic, the interlocutors do much more than simply agree with Socrates. They argue, stand up to him, put him on the spot, and show thought in motion. In this work of dramatic scholarship and philosophy, we encounter a modern version of Plato's text that is alive, stimulating, and directly relevant to our own world.

Ten Forgotten Socratic Dialogues Translated, with Interpretive Studies

Random House Digital, Inc.

Called back to his old stomping grounds in Los Angeles, former car thief Ray Lilly, who is now the grunt of a sorcerer responsible for destroying extradimensional predators, finds himself in way over his head as his former associates fall victim to a mysterious spell. Original.

Phaedrus BEYOND BOOKS HUB

Combines the Hamilton and Cairns, and Jowett English translations of Plato, with Folio VIEWS text management program for PCs.

**THE REPUBLIC** Indiana University Press  
Included in this volume are "Euthyphro," "Apology," "Crito," and the Death Scene from "Phaedo." Translated by F.J. Church. Revisions and Introduction by Robert D. Cumming.

Four Dialogues Columbia University Press

A major writer and a leading figure in the

public life of Rome, Seneca (c. 4BC-AD 65) ranks among the most eloquent and influential masters of Latin prose. This selection explores his thoughts on philosophy and the trials of life. In the *Consolation to Helvia* he strives to offer solace to his mother, following his exile in AD 41, while *On the Shortness of Life* and *On Tranquillity of Mind* are lucid and compelling explorations of Stoic thought. Witty and self-critical, the *Letters* - written to his young friend Lucilius - explore Seneca's struggle to acquire philosophical wisdom. A fascinating insight into one of the greatest minds of Ancient Rome, these works inspired writers and thinkers including Montaigne, Rousseau, and Bacon, and continue to intrigue and enlighten.

**The Allegory of the Cave** Bantam Classics

All the writings of Plato generally considered to be authentic are here presented in the only complete one-volume Plato available in English. The editors set out to choose the contents of this collected edition from the work of the best British and American translators of the last 100 years, ranging from Jowett (1871) to scholars of the present day. The volume contains prefatory notes to each dialogue, by Edith Hamilton; an introductory essay on Plato's philosophy and writings, by Huntington Cairns; and a comprehensive index which seeks, by means of cross references, to assist the reader with the philosophical vocabulary of the different translators.

*Selected Dialogues of Plato* Oxford University Press

Presents a translation of the Greek philosopher's works

**A Dialogue in Sixteen Chapters**

Indiana University Press

J. B. Kennedy argues that Plato's

dialogues have an unsuspected musical structure and use symbols to encode Pythagorean doctrines. The followers of Pythagoras famously thought that the cosmos had a hidden musical structure and that wise philosophers would be able to hear this harmony of the spheres. Kennedy shows that Plato gave his dialogues a similar, hidden musical structure. He divided each dialogue into twelve parts and inserted symbols at each twelfth to mark a musical note. These passages are relatively harmonious or dissonant, and so traverse the ups and downs of a known musical scale. Many of Plato's ancient followers insisted that Plato used symbols to conceal his own views within the dialogues, but modern scholars have denied this. Kennedy, an expert in Pythagorean mathematics and music theory, now shows that Plato's dialogues do contain a system of symbols. Scholars in the humanities, without knowledge of obsolete Greek mathematics, would not have been able to detect these musical patterns. This book begins with a concise and accessible introduction to Plato's symbolic schemes and the role of allegory in ancient times. The following chapters then annotate the musical symbols in two of Plato's most popular dialogues, the *Symposium* and *Euthyphro*, and show that Plato used the musical scale as an outline for structuring his narratives.

**The Musical Structure of Plato's Dialogues** Cambridge University Press

The *Allegory of the Cave*, or Plato's *Cave*, was presented by the Greek philosopher Plato in his work *Republic* (514a-520a) to compare "the effect of education (παιδεία) and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter.

The allegory is presented after the analogy of the sun (508b–509c) and the analogy of the divided line (509d–511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d–534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

The Collected Dialogues of Plato Univ of California Press

Since the appearance of Plato's Dialogues, philosophers have been preoccupied with the identity of Socrates and have maintained that successful

interpretation of the work hinges upon a clear understanding of what thoughts and ideas can be attributed to him. In *Descent of Socrates*, Peter Warnek offers a new interpretation of Plato by considering the appearance of Socrates within Plato's work as a philosophical question. Warnek reads the Dialogues as an inquiry into the nature of Socrates and in doing so opens up the relationship between humankind and the natural world. Here, Socrates appears as a demonic and tragic figure whose obsession with the task of self-knowledge transforms the history of philosophy. In this uncompromising work, Warnek reveals the importance of the concept of nature in the Platonic Dialogues in light of Socratic practice and the Ancient ideas that inspire contemporary philosophy.
