Alchemy of Herbs London : S. Low, Marston, Searle, and Rivington
The Verbena witches are heir to the secrets of the druids, the power of nature, and the wisdom of the Great Goddess and the Horned God. Theirs is the rage of the storm, the resilience of the oak and the cunning of the fox. But charmed they're not. Amoral as nature itself, Verbena covens gather in moonlit groves, working magic to hasten the return of the old ways. With a wealth of new magic for those playing a witch, *Tradition Book: Verbena* clarifies the history of this magical tradition and brings it up to date with the latest events of the World of Darkness. Specifically for *Mage: The Ascension*, many of the insights contained herein will be valuable to players of *Dark Ages: Mage* as well. Continues the revolution storyline in the wake of the Ascension War.

Random House Digital, Inc.
Featuring more than three dozen articles, this treasury of innovative herbal ideas--ranging from the health benefits of herbal tea to the wild world of mustards--spans six categories: gardening, cooking, crafts, health, beauty, and myth. Illustrations throughout.

Shadowrun Feral Cities Routledge
This is a story about love, but not the kind of love you think. You'll see... In the lush and magical Pacific Northwest live two best friends who grew up like sisters: charismatic, mercurial, and beautiful Aurora, and the devoted, watchful narrator. Each of them is incomplete without the other. But their

unbreakable bond is challenged when a mysterious and gifted musician named Jack comes between them. His music is like nothing I have ever heard. It is like the ocean surging, the wind that blows across the open water, the far call of gulls. Suddenly, each girl must decide what matters most: friendship, or love. What both girls don't know is that the stakes are even higher than either of them could have imagined. They're not the only ones who have noticed Jack's gift; his music has awakened an ancient evil—and a world both above and below which may not be mythical at all. We have paved over the ancient world but that does not mean we have erased it. The real and the mystical; the romantic and the heartbreaking all begin to swirl together in *All Our Pretty Songs*, Sarah McCarry's brilliant debut, carrying the two on journey that is both enthralling and terrifying. And it's up to the narrator to protect the people she loves—if she can.

Your Guide to Healing Common Ailments with 35 Medicinal Herbs

Bastion Press, Inc.

Contemporary alchemist Dale Pendell completes his poetic study of botany, chemistry, spirituality, psychology and history in a volume covering the composition and uses of visionary plants. Chapters including Phantastica, Hypnotica and Telephorica explore the hallucinogenic plants, the bringers of sleep and the bearers of distance.

Sex, Drugs and Creativity Simon and Schuster

THE HERBAL MEDICINE-MAKER'S →S HANDBOOK is an entertaining compilation of natural home remedies written by one of the great herbalists, James Green, author of the best-selling THE MALE HERBAL. Writing in a delightfully personal and down-home

style, Green emphasizes the point that herbal medicine-making is fundamental to every culture on the planet and is accessible to everyone. So, first head into the garden and learn to harvest your own herbs, and then head into your kitchen and whip up a batch of raspberry cough syrup, or perhaps a soothing elixir to erase the daily stresses of modern life.

The Medicinal, Culinary, Cosmetic and Economic Properties, Cultivation and Folk-lore of Herbs, Grasses, Fungi, Shrubs, & Trees with All Their Modern Scientific Uses

Llewellyn Worldwide

She is a healer, a storyteller, and a warrior. She has fought to preserve Britain's throne. Now she faces her greatest challenge in turning bitter enemies into allies, saving the life of the man she loves . . . and mending her own wounded heart. The young former High Queen, Isolde, and her friend and protector, Trystan, are reunited in a new and dangerous quest to keep the usurper, Lord Marche, and his Saxon allies from the throne of Britain. Using Isolde's cunning wit and talent for healing and Trystan's strength and bravery, they must act as diplomats, persuading the rulers of the smaller kingdoms, from Ireland to Cornwall, that their allegiance to the High King is needed to keep Britain from a despot's hands. Their admissions of love hang in the air, but neither wants to put the other at risk by openly declaring a deeper alliance. When their situation is at its most desperate, Trystan and Isolde must finally confront their true feelings toward each other, in time for a battle that will test the strength of their will and their love. Steeped in the magic and lore of Arthurian legend, Elliott paints a moving portrait of a timeless romance,

fraught with danger, yet with the power to inspire heroism and transcend even the darkest age.

Medicinal Plants of the Pacific West Hay House, Inc

That's not a weed--it's herbal medicine! Learn to use wild plants and herbs for food and DIY remedies in this illustrated guide from two expert herbalists. Millions of people are interested in natural and holistic health, yet many are missing out on the key ingredient: Nature itself! Rekindle your connection with the earth as you craft your own herbal medicine with 75 delicious recipes and powerful healing remedies. Herbalists Rosalee de la Forêt and Emily Han expertly guide you through the benefits of two dozen of the most important and commonly found wild plants-many of which you can easily grow in your own garden, if foraging isn't right for you. Detailed illustrations and beautiful photography ensure that you won't make a plant-identification misstep as you learn how to tend and properly harvest the plant medicine growing right in your own neighborhood. After reading *Wild Remedies*, you'll never look at your backyard, a public park, or any green space in the same way again. Instead of "weeds," you'll see delicious foods like Dandelion Maple Syrup Cake, Nettle Frittata, and Chickweed Pesto. You will revel in nature's pharmacy as you make herbal oils, salves, teas, and many more powerful remedies in your own kitchen.

Alchemically Stoned - The Psychedelic Secret of Freemasonry

Llewellyn's 2010 Herbal Almanac

Completely revised edition of this classic backlist title, offering sage advice to men who want to enhance their health and treat medical problems with herbal remedies.

An Herbal Guide to Holistic Self-Care Hay House, Inc

"Pharmako poeia: plant powers, poisons, and herbcraft focuses on familiar psychoactive plant-derived substances and related synthetics, ranging from the licit (tobacco, alcohol) to the illicit (cannabis, opium) and the exotic (absinthe, salvia divinorum, nitrous oxide)"--Provided by publisher.

Embracing the Myths, Traditions, Superstitions, and Folk-lore of the Plant Kingdom Llewellyn Worldwide

Restoring the use of wild plants in daily life for vibrant physical, mental, and spiritual health • Explains how 3 classes of wild plants--aromatics, bitters, and tonics--are uniquely adapted to work with our physiology because we coevolved with them • Provides simple recipes to easily integrate these plants into meals as well as formulas for teas, spirits, and tinctures • Offers practical examples of plants in each of the 3 classes, from aromatic peppermint to bitter dandelion to tonic chocolate As people moved into cities and suburbs and embraced modern medicine and industrialized food, they lost their connection to nature, in particular to the plants with which humanity coevolved. These plants are essential components of our physiologies--tangible reminders of cross-kingdom signaling--and key not only to vibrant physical health and prevention of illness but also to soothing and awakening the troubled spirit. Blending traditional herbal medicine with history, mythology, clinical practice, and recent findings in physiology and biochemistry, herbalist Guido Masé explores the three classes of plants necessary for the healthy functioning of our bodies and minds--aromatics, bitters, and tonics. He explains how bitter plants ignite digestion, balance blood sugar,

buffer toxicity, and improve metabolism; how tonic plants normalize the functions of our cells and nourish the immune system; and how aromatic plants relax tense organs, nerves, and muscles and stimulate sluggish systems, whether physical, mental, emotional, or spiritual. He reveals how wild plants regulate our heart variability rate and adjust the way DNA is read by our cells, controlling the self-destructive tendencies that lead to chronic inflammation or cancer. Offering examples of ancient and modern uses of wild plants in each of the 3 classes--from aromatic peppermint to bitter dandelion to tonic chocolate--Masé provides easy recipes to integrate them into meals as seasonings and as central ingredients in soups, stocks, salads, and grain dishes as well as including formulas for teas, spirits, and tinctures. Providing a framework for safe and effective use as well as new insights to enrich the practice of advanced herbalists, he shows how healing "wild plant deficiency syndrome"--that is, adding wild plants back into our diets--is vital not only to our health but also to our spiritual development.

Spellwork and Herbcraft in the British Isles Lulu.com

The Plant Healer's Path is the first of two volumes by Jesse Wolf Hardin, cofounder of Plant Healer Magazine, with enchanting tales, medicinal plant profiles and favorite herbal recipes by Kiva Rose, as well as contributions by David Hoffman, Phyllis Light, Paul Bergner and more. Hardin tackles topics vital to an effective, empowered herbal practice, including many never addressed before, with suggestions for taking control of and enjoying our lives, and tips that can benefit herbalists and non-herbalists alike. Paul Bergner says "Whether just beginning or already walking the path,

The Plant Healer's Path provides a panoramic road map of the terrain – both internal and external – for any person called to healing with plants... with thought-provoking essays on the issues most important to our work,” and Phyllis Light writes that this book “does more than provide a working model of herbal practice, it also addresses our hopes, our fears and concerns as herbalists, acknowledging the differences, the uniqueness that each brings to their art, craft and science. What more could we ask for?”

The Witch's Cauldron New World Library Embracing the darkness is part of divine balance. Everyone has a shadow, a dark side. Exploring the shadow self is not only safe, it's necessary for balance and healing. The author of *Goth Craft* invites you down a unique magical path for navigating inner and outer darkness and harnessing the shadow for spiritual growth. *Shadow Magick Compendium* sheds a positive light on this misunderstood and rarely discussed side of magical practice. There are ritual meditations for exploring past experiences, dispelling harmful behavior patterns, and healing a fractured soul. Learn how to safely fast and perform other methods of self-sacrifice, invoke a deity into yourself (godform assumption), get in touch with your Spirit Animal, take advantage of the Dark Moon and eclipses, and perform a unique ritual with your television for a new perspective on society. From astral journeys to sigils to dark herbs, you'll find an array of magical techniques to navigate the shadows and mysteries of yourself and the world at large.

Medical Herbalism Paizo Pub Llc P.D. Newman's bold and daring theory provides a radical interpretation of Masonic symbolism. In the tradition of

Wasson, Hofmann and Ruck, in “The Road to Eleusis: Unveiling the Secret of the Mysteries” (1978), and Heinrich's “Strange Fruit: Alchemy, Religion, and Magical Foods” (1995), Newman suggests that practical psychoactive pharmacology, rather than philosophy, lies concealed in the root of some of our allegories and mysteries. Admitting to being more than a mere theoretician, Newman draws from his own personal experiences, and a wide range of sources, in presenting his theory in a logical manner, which merits consideration. - Arturo De Hoyos, 33* Grand Archivist and Grand Historian Ancient and Accepted Scottish Rite, Southern Jurisdiction

Verbena Routledge

In *Sex, Drugs, and Creativity: The Search for Magic in a Disenchanted World*, Kahoud and Knafo take a close look at omnipotent fantasies in three domains: sex, drugs, and creativity. They demonstrate how these fantasies emerge and how artists draw on them both to create and destroy—sometimes simultaneously – and how understanding this can help psychoanalysts work more effectively with these individuals. Using the personal statements of influential artists and entertainers, in addition to clinical material, the authors examine the omnipotence of self-destruction as it contends with that of creative artists. The authors argue that creative artists use omnipotent fantasies to imagine the world differently - this enables them to produce their art, but also leaves these artists vulnerable to addiction. Chapters devoted to Stephen King and Anne Sexton demonstrate the ways these authors used drugs and alcohol to fuel imagination and inspire creative output while simultaneously doing harm to themselves. A detailed case study also

demonstrates successful clinical work with a creative substance user. *Sex, Drugs, and Creativity* will appeal to anyone interested in the links between creativity and substance use, and will be of great use to psychoanalysts and mental health practitioners working with these challenging clients.

Transform Everyday Ingredients into Foods and Remedies That Heal

St. Martin's Griffin

If you have been daunted by complicated, esoteric herbal books in the past, *Healing with the Herbs of Life* offers clear and concise explanations of how and why herbs heal. It also provides step-by-step instructions for creating your own herbal remedies, therapeutic approaches you can use at home, and easy-to-follow guidelines for gathering, preparing, purchasing, and storing herbs. Previously published as *The Herbs of Life*, this completely revised and updated edition synthesizes the great herbal traditions of China and India with Western herbology to form a new kind of planetary herbal. • Features a new chapter on treating specific conditions, expanded chapters in *Materia Medica* and the energy of food, and revised chapters on living with the seasons and home therapies • With new information on herbal safety and drug/herb interactions. • The previous edition, *The Herbs of Life*, sold 45,000 copies.

Shadow Magick Compendium Sasquatch Books

"Show herbalists-in-training how to use a limited number of versatile, medicinal

herbs to craft herbal remedies for common ailments, from allergies to fevers to headaches"--Publisher marketing.

A Grassroots Guide for the Folk Herbal Tribe Catalyst Game Labs

The first in-depth examination of the sacred underpinnings of the world of Native American medicinal herbalism • Reveals how shamans and healers "talk" with plants to discover their medicinal properties • Includes the prayers and medicine songs associated with each of the plants examined • By the author of *The Secret Teachings of Plants* As humans evolved on Earth they used plants for everything imaginable--food, weapons, baskets, clothes, shelter, and medicine. Indigenous peoples the world over have been able to gather knowledge of plant uses by communicating directly with plants and honoring the sacred relationship between themselves and the plant world. In *Sacred Plant Medicine* Stephen Harrod Buhner looks at the long-standing relationship between indigenous peoples and plants and examines the techniques and states of mind these cultures use to communicate with the plant world. He explores the sacred dimension of plant and human interactions and the territory where plants are an expression of Spirit. For each healing plant described in the book, Buhner presents medicinal uses, preparatory guidelines, and ceremonial elements such as prayers and medicine songs associated with its use.

Llewellyn's 2010 Herbal Almanac CreateSpace

Explore the spellbinding history, tradition, and modern uses of the Witch's cauldron. From blessing and using your cauldron in ritual and divination to practicing kitchen witchery with it, this easy-to-use book provides essential

The Nostrum Evil ... Conch Magazine Limited

Ode to Our Wild Feminine Souls This

provocative book invites you to create your own spiritual path based on often-suppressed ancient principles and contemporary practices. Using the elements (earth, water, fire, air, ether) rather than traditional patriarchal hierarchies, this 'holy book' is designed to connect each individual to their universal — but often denied — powers. Wild woman Danielle Dulsky takes you deep as she explores and embraces sacred feminine archetypes such as the Mother Goddess, the Crone, and the Maiden. Join her as she guides you to envision and explore a world that enriches and supports your spirit, body, and mind as well as our global community and the Earth.
