SANFORD BRYCE

Eadweard Muybridge and the Technological Wild West Portobello Books

"[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes" (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. "One of the best books of the 21st century." —The Guardian "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium." —Bill McKibben, *New York Times*-bestselling author of *Falter* "An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways." —The New Yorker

Hollow City Bloomsbury Publishing

A passionate, thought provoking exploration of walking as a political and cultural activity, from the author of the memoir *Recollections of My Nonexistence* Drawing together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores--Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

River of Shadows Penguin

The author of *Men Explain Things to Me* explores the moments of altruism and generosity that arise in the aftermath of disaster Why is it that in the aftermath of a disaster? whether manmade or natural?people suddenly become altruistic, resourceful, and brave? What makes the newfound communities and purpose many find in the ruins and crises after disaster so joyous? And what does this joy reveal about ordinarily unmet social desires and possibilities? In *A Paradise Built in Hell*, award-winning author Rebecca Solnit explores these phenomena, looking at major calamities from the 1906 earthquake in San Francisco through the 1917 explosion that tore up Halifax, Nova Scotia, the 1985 Mexico City earthquake, 9/11, and Hurricane Katrina in New Orleans. She examines how disaster throws people into a temporary utopia of changed states of mind and social possibilities, as well as looking at the cost of the widespread myths and rarer real cases of social deterioration during crisis. This is a timely and important book from an acclaimed author whose work consistently locates unseen patterns and meanings in broad cultural histories.

The Mother of All Questions Haymarket Books

Presents twenty-two color maps and accompanying essays providing details on the people, ecology, and culture of the city.

iGen Vintage

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Unfathomable City Macmillan

You have NEVER seen Coulter like this before! Coulter is uncensored, unapologetic, and unflinching in her ruthless mockery of liberals, sissies, morons, hypocrites, and all other species of politician. Coulter doesn't stop at the politicians, though. Watch her skewer pundits, salesmen, celebrities, and bureaucrats with ruthlessness and hilarity. No topic is safe! This is Coulter at her most incisive, funny, and brilliant, featuring irreverent and hilarious material her syndicators were too afraid to print!

Of Mice and Men HarperCollins

A landmark essay that went viral, inspired the word "mansplaining," and prompted fierce arguments.

Penguin UK

Shortlisted for the James Tait Black Prize for Biography Longlisted for The Orwell Prize for Political Writing An electric portrait of the artist as a young woman that asks how a writer finds her voice in a society that prefers women to be silent, from the author of *Orwell's Roses* In *Recollections of My Nonexistence*, Rebecca Solnit describes her formation as a writer and as a feminist in 1980s San Francisco, in an atmosphere of gender violence on the street and throughout society and the exclusion of women from cultural arenas. She tells of being poor, hopeful, and adrift in the city that became her great teacher, and of the small apartment that, when she was nineteen, became the home in which she transformed herself. She explores the forces that liberated her as a person and as a writer--books themselves; the gay community that presented a new model of what else gender, family, and joy could mean; and her eventual arrival in the spacious landscapes and overlooked conflicts of the American West. Beyond being a memoir, Solnit's book is also a passionate argument: that women are not just impacted by personal experience, but by membership in a society where violence against women pervades. Looking back, she describes how she came to recognize that her own experiences of harassment and menace were inseparable from the systemic problem of who has a voice, or rather who is heard and respected and who is silenced--and how she was galvanized to use her own voice for change.

Entitled Haymarket Books

Finalist for the National Book Critics Circle Award for Nonfiction Finalist for the PEN/Jacqueline Bograd Weld Award for Biography "An exhilarating romp through Orwell's life and times and also through the life and times of roses." —Margaret Atwood "A captivating account of Orwell as gardener, lover, parent, and endlessly curious thinker." —Claire Messud, Harper's "Nobody who reads it will ever think of *Nineteen Eighty-Four* in quite the same way." —Vogue A lush exploration of politics, roses, and pleasure, and a fresh take on George Orwell as an avid gardener whose political writing was grounded by his passion for the natural world "In the spring of 1936, a writer planted roses." So begins Rebecca Solnit's new book, a reflection on George Orwell's passionate gardening and the way that his involvement with plants, particularly flowers, illuminates his other commitments as a writer and antifascist, and on the intertwined politics of nature and power. Sparked by her unexpected encounter with the roses he reportedly planted in 1936, Solnit's account of this overlooked aspect of Orwell's life journeys through his writing and his actions—from going deep into the coal mines of England, fighting in the Spanish Civil War, critiquing Stalin when much of the international left still supported him (and then critiquing that left) to his analysis of the relationship between lies and authoritarianism. Through Solnit's celebrated ability to draw unexpected connections, readers are drawn onward from Orwell's own work as a writer and gardener to encounter photographer Tina Modotti's roses and her politics, agriculture and illusion in

the USSR of his time with forcing lemons to grow in impossibly cold conditions, Orwell's slave-owning ancestors in Jamaica, Jamaica Kincaid's examination of colonialism and imperialism in the flower garden, and the brutal rose industry in Colombia that supplies the American market. The book draws to a close with a rereading of Nineteen Eighty-Four that completes Solnit's portrait of a more hopeful Orwell, as well as offering a meditation on pleasure, beauty, and joy as acts of resistance.

It Was Never about Equality Verso Books

THE WORLD THROUGH A FEMINIST LENS For Nivedita Menon, feminism is not about a moment of final triumph over patriarchy but about the gradual transformation of the social field so decisively that old markers shift forever. From sexual harassment charges against international figures to the challenge that caste politics poses to feminism, from the ban on the veil in France to the attempt to impose skirts on international women badminton players, from queer politics to domestic servants' unions to the Pink Chaddi campaign, Menon deftly illustrates how feminism complicates the field irrevocably. Incisive, eclectic and politically engaged, *Seeing like a Feminist* is a bold and wide-ranging book that reorders contemporary society.

Untold Histories, Wild Possibilities Simon and Schuster

Men Explain Things to Me Haymarket Books

The Encyclopedia of Trouble and Spaciousness Penguin

An urgent exploration of men's entitlement and how it serves to police and punish women, from the acclaimed author of *Down Girl* "Kate Manne is a thrilling and provocative feminist thinker. Her work is indispensable."--Rebecca Traister **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC** In this bold and stylish critique, Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny. Ranging widely across the culture, from Harvey Weinstein and the Brett Kavanaugh hearings to "Cat Person" and the political misfortunes of Elizabeth Warren, Manne's book shows how privileged men's sense of entitlement--to sex, yes, but more insidiously to admiration, care, bodily autonomy, knowledge, and power--is a pervasive social problem with often devastating consequences. In clear, lucid prose, Manne argues that male entitlement can explain a wide array of phenomena, from mansplaining and the undertreatment of women's pain to mass shootings by incels and the seemingly intractable notion that women are "unelectable." Moreover, Manne implicates each of us in toxic masculinity: It's not just a product of a few bad actors; it's something we all perpetuate, conditioned as we are by the social and cultural mores of our time. The only way to combat it, she says, is to expose the flaws in our default modes of thought while enabling women to take up space, say their piece, and muster resistance to the entitled attitudes of the men around them. With wit and intellectual fierceness, Manne sheds new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern.

Hope in the Dark Penguin

The author of *How to Become a Scandal* presents a heavily researched collection of essays on the archetypes of wayward masculinity to offer intellectual insight into notorious public examples.

Good and Mad Haymarket Books

Reporting from the front lines of gentrification in San Francisco, Rebecca Solnit and Susan Schwarzenberg sound a warning bell to all urban residents. Wealth is just as capable of ravaging cities as poverty.

Cinderella Liberator Crown Publishing Group (NY)

#1 New York Times bestselling author Dean Koontz unleashes a contagion on a small Maine town—one that triggers the darkest desires of the soul. Designed by top scientists and unleashed in a monstrous conspiracy, night chills are seizing the men and women of Black River—driving them to acts of rape and murder. The nightmare is real. And death is the only cure...

A New Orleans Atlas Haymarket Books+ORM

"What would the world look like if girls grew up reading fairytales made from the magic they carry inside themselves? Breathtakingly beautiful, is what." —Lidia Yuknavich, national bestselling author In her debut children's book, Rebecca Solnit reimagines a classic fairytale with a fresh, feminist Cinderella and new plot twists that will inspire young readers to change the world, featuring gorgeous silhouettes from Arthur Rackham on each page. In this modern twist on the classic story, Cinderella, who would rather just be Ella, meets her fairy godmother, goes to a ball, and makes friends with a prince. But that is where the familiar story ends. Instead of waiting to be rescued,

Cinderella learns that she can save herself and those around her by being true to herself and standing up for what she believes. "Being a princess is absolutely fine if that's what you choose. It's having those choices taken away from you that make for big problems. Cinderella in Solnit's book is given that choice. She's allowed to say what her dreams are, and then she goes out and attains them. And they're not huge ridiculous dreams but small, happy, manageable ones. Ultimately, that's the gift Ms. Solnit is giving kids with this book." —School Library Journal "This is a reminder of hope and possibility, of kindness and compassion, and—perhaps most salient—imagination and liberty. Through the imaginations of our childhoods, can we find our true selves liberated in adulthood?" —Chelsea Handler "This is, hands down, a wonderful book—one that even the jaded reader will clasp upon completion with a contented sigh." —The New York Times

American Contempt for Liberty Penguin

Doing anything 'like a woman' used to be an insult. Now, as the women in this book show, it means being brave, speaking out, and taking risks, changing the world one step at a time. Here, campaigner and journalist Caroline Criado-Perez introduces us to a host of pioneers, including a female fighter pilot in Afghanistan; a Chilean revolutionary; the Russian punks who rocked against Putin; and the Iranian journalist who uncovered her hair.

Dispatches from Rape Culture HarperCollins

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like *Men Explain Things to Me* by Rebecca Solnit, *Milk and Vine: Inspirational Quotes from Classic Vines* by Emily Beck, and *Awards For Good Boys: Tales Of Dating, Double Standards, And Doom* by Shelby Lorman.

... and *Change the World* Simon and Schuster

Do you want to live well, be green and make a difference? There's never been a better time to reduce your personal impact on the environment and prepare for change as our society moves towards sustainability. With topics covering everything from green cleaning and ecofashion to growing food and saving energy and water, *Greenology 2020* is a practical, fun guide to changing your lifestyle for a healthier home and healthier planet. Award-winning environmentalist and television presenter Tanya Ha provides green living advice, tips and ideas for the beginner and committed tree-hugger alike. They will compel you to change your life, and to be part of the solution to our planet's problems. Find out how to reduce the impact of your lifestyle and help the planet flourish, make your home more comfortable all year round, save money on energy and water bills, go green at work, and make your home safer and healthier for your family.

The Seven Husbands of Evelyn Hugo Hoover Institution Press

This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.
