The SOLARO Study Guide is designed to help students achieve success in school. It is a complete guide to be used by students throughout the school year for reviewing and understanding course content, and for preparing for assessments. The content in the California High School Earth Science study guide is 100 percent curriculum aligned and serves as an excellent source of material for review and practice. Each Class Focus includes the following sections: Motion; Forces; Structure of Matter; Earth in the Solar System; Reactions; Chemistry of Living Systems; the Periodic Table; Density and Buoyancy; and Investigation and Experimentation. To create this book, teachers, curriculum specialists, and assessment experts have worked closely to develop the instructional pieces that explain each of the key concepts for the course. The practice questions and sample tests have detailed solutions that show problem-solving methods, highlight concepts that are likely to be tested, and point out potential sources of errors. Enhanced treatment of concepts, more practice sections, and additional learning tools are found in the accompanying digital version of SOLARO which may be accessed through the web or on mobile devices.
