 Definition Telepathy is the psychic phenomena by which communication occurs between minds, or mind-to-mind communication (telepathically). Such mental telepathy communication includes thoughts, ideas, feelings, sensations and mental images. Telepathic descriptions are universally found in writings and oral lore.
 Telepathy - The Mystics
 Telepathy is a form of communication which does not use the

five general senses. Instead of getting your thoughts across through speech or visually, telepathic communication works through a direct mind-to-mind link. It’s a useful skill which every man and woman innately possesses and with practice, you too can communicate this way.
 Telepathy | Secrets of Telepathy Revealed
 Telepathy has three common abilities or categories; Telepathic Communication, which is the ability to transmit information from one

mind to another, Telepathic Perception, which is the ability to receive information from another mind knowing an opponent's moves and attacks, and Telepathic Manipulation, which is the ability to affect/influence/control/manipulate the minds of others. Telepathy | Superpower Wiki | Fandom Telepathy is the ability to transmit words, emotions, or images to someone else's mind. While there's no evidence that telepathy exists, you can still give it a try. Relax

your body and mind, visualize the receiver is right in front of you, and focus your thoughts on sending them a simple word or image.
