Cookie Monster learns simple meditation techniques and plays a fun game to help be more patient--based on the popular Sesame Street Monster Meditation video on YouTube made in collaboration with the mindfulness app Headspace.

Sometimes everyone needs to slow down and take some cleansing belly breaths--even Cookie Monster! This terrific board book features Cookie Monster learning a calming game to help pass the time as he waits for his cookies to finish baking. The game is a fun and simple one that all young boys and girls can easily play whenever they need to be patient. This is Book 1 in a series of 6 books, all inspired by the popular Sesame Street Monster Meditation videos on YouTube, that will help young girls and boys learn mindfulness techniques along with their favorite characters. The videos are made in collaboration with Headspace, the mindfulness app. Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world.

"[A] rare combination of solid scholarship, clinically useful methods, and passionate advocacy for those who have suffered trauma." —Rick Hanson, PhD, author of Buddha's Brain: The

Practical Neuroscience of Happiness, Love, and Wisdom From elementary schools to psychotherapy offices, mindfulness meditation is an increasingly mainstream practice. At the same time, trauma remains a fact of life: the majority of us will experience a traumatic event in our lifetime, and up to 20% of us will develop posttraumatic stress. This means that anywhere mindfulness is being practiced, someone in the room is likely to be struggling with trauma. At first glance, this appears to be a good thing: trauma creates stress, and mindfulness is a proven tool for reducing it. But the reality is not so simple. Drawing on a decade of research and clinical experience, psychotherapist and educator David Treleaven shows that mindfulness meditation—practiced without an awareness of trauma—can exacerbate symptoms of traumatic stress. Instructed to pay close, sustained attention to their inner world, survivors can experience flashbacks, dissociation, and even retraumatization. This raises a crucial question for mindfulness teachers, trauma professionals, and survivors everywhere: How can we minimize the potential dangers of mindfulness for survivors while leveraging its powerful benefits? *Trauma-Sensitive Mindfulness* offers answers to this question. Part I provides an insightful and concise review of the histories of mindfulness and trauma, including the way modern neuroscience is shaping our understanding of both. Through grounded scholarship and wide-ranging case examples, Treleaven illustrates the ways mindfulness can help—or hinder—trauma recovery. Part II distills these insights into five key principles for trauma-sensitive mindfulness. Covering the role of attention, arousal, relationship,

dissociation, and social context within trauma-informed practice, Treleaven offers 36 specific modifications designed to support survivors' safety and stability. The result is a groundbreaking and practical approach that empowers those looking to practice mindfulness in a safe, transformative way.

Self-Compassion Harper Collins

A practical, user-friendly guide for women seeking focus and calm in the midst of life's storms. Overwhelmed by the demands of family, work, and multiple responsibilities, many women find themselves feeling scattered, and distracted. In this eye-opening book, co-founder and CEO of the Mindsight Institute, Caroline Welch takes readers on a mindfulness journey to help them de-stress and cultivate inner peace. According to Welch, you do not need countless hours sitting in silence to be more present in your life--the key is to practice mindfulness wherever you are and whenever you can. *The Gift of Presence* guides readers in developing four innate capacities we all possess that will allow us to become more resilient and centered in our lives--even when life is throwing all that it has at us: Presence: the ability to remain firmly in the present moment; to be fully aware of what's happening as it's happening. Purpose: the personal meaning that gets us going and gives direction to our lives. Pivoting: an openness to change that allows you to switch direction if that is what is needed. Pacing: the awareness that it is impossible to do everything we want or need to do all at once; the ability to take life one step at a time. This life-changing book reveals that you already hold in your hands the keys to a more harmonious life--you simply need to look within.

The Heart of Yoga Rodale Books

Publisher's Note: This title is now available under a new edition, *The Art of Breathing* ISBN 9781642970425. This edition will include a new afterword by Mark Williams, author of *Mindfulness*. International bestselling author Dr. Danny Penman provides a concise guide to letting go, finding peace, and practicing mindfulness in a messy world, simply by taking the time to breathe. With these simple exercises he teaches you how to dissolve anxiety, stress, and unhappiness, enhance your mind, and unleash your creativity. You will start to smile more, worry less, and with each little moment of mindfulness, discover a happier, calmer you. It really is as easy as breathing. All you need is a chair, a body, some air, and your mind. That's it!

[The Mindful Manifesto](#) Rockridge Press

In *Thrive*, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success

feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as *Thrive* shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in *Thrive*, includes our well-being, our ability to draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business

deadlines and family crises, a harried dance that led to her collapse and to her "aha moment." Drawing on the latest groundbreaking research and scientific findings in the fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

Mindfulness Hachette UK

'Andy Puddicombe is doing for meditation what Jamie Oliver has done for food' NEW YORK TIMES 'Takes a fresh look at how we've learned to eat' PRESS ASSOCIATION 'Not really a diet book, more a menu for eating your way through life' THE TIMES Formally The Headspace Diet, this book is designed to show you how to find your ideal weight in an easy, manageable and mindful way. It allows you to escape the endless diet trap by following simple yet potentially life-changing exercises in order to develop new effective habits and a much improved relationship with food and your body. The Headspace mission is to get as many people taking just 10 minutes out of their day to practise these powerful mindfulness techniques. Mindful eating is a key aspect of mindfulness and as you start to practise it you will notice profound results, both in terms of your shape but also your overall health and well being. Have you tried every diet going only to see the weight creep back on again? Do you feel guilty and anxious about eating certain foods? Or find yourself unable to resist that extra helping even if you're not actually that hungry? Are you unhappy with your body and how it looks and feels? Now is the time to stop what you're doing and try a different, healthy and brilliantly effective approach ...

NOW AN LA TIMES BESTSELLER *OVER ONE MILLION COPIES SOLD* *AN INTERNATIONAL BESTSELLER* If you could go back in time, who would you want to meet? In a small back alley of Tokyo, there is a café that has been serving carefully brewed coffee for more than one hundred years. Local legend says that this shop offers something else besides coffee—the chance to travel back in time. Over the course of one summer, four customers visit the café in the hopes of making that journey. But time travel isn't so simple, and there are rules that must be followed. Most important, the trip can last only as long as it takes for the coffee to get cold. Heartwarming, wistful, mysterious and delightfully quirky, Toshikazu Kawaguchi's internationally bestselling novel explores the age-old question: What would you change if you could travel back in time? Meet more wonderful characters in the next captivating novel in the Before the Coffee Gets Cold series, *Before We Say Goodbye*, releasing November 14, 2023! Read the rest of the Before the Coffee Gets Cold series: *Tales from the Cafe Before Your Memory Fades*

As a former Buddhist monk with over 10 years of teaching experience, Puddicombe has been acknowledged as the U.K.'s foremost mindfulness meditation expert. He has designed a 10-minute daily program that fits neatly into a jam-packed routine.

Wisdom 2.0 Coronet

'If you're thinking about trying mindfulness, this is the perfect introduction....I'm grateful to Andy for helping me on this journey.' BILL GATES
'It's kind of genius' EMMA WATSON

Feeling stressed about Christmas/Brexit/everthing? Try this...
Demystifying meditation for the modern world: an accessible and practical route to improved health, happiness and well being, in as little as 10 minutes. Andy Puddicombe, founder of the celebrated Headspace, is on a mission: to get people to take 10 minutes out of their day to sit in the now. Here he shares his simple to learn, but highly effective techniques of meditation. * Rest an anxious, busy mind * Find greater ease

when faced with difficult emotions, thoughts, circumstances * Improve focus and concentration * Sleep better * Achieve new levels of calm and fulfilment. The benefits of mindfulness and meditation are well documented and here Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. First published as *Get Some Headspace*, this reissue shows you how just 10 minutes of mediation per day can bring about life changing results.

The Wim Hof Method Harper Collins

"Emily Oster is the non-judgmental girlfriend holding our hand and guiding us through pregnancy and motherhood. She has done the work to get us the hard facts in a soft, understandable way." —Amy Schumer

What to Expect When You're Expecting meets

Freakonomics: an award-winning economist and author of *Cribsheet*, *The Family Firm*, and *The Unexpected* disproves standard recommendations about pregnancy to empower women while they're expecting.

Pregnancy—unquestionably one of the most profound, meaningful experiences of adulthood—can reduce otherwise intelligent women to, well, babies.

Pregnant women are told to avoid cold cuts, sushi, alcohol, and coffee without ever being told why these are forbidden.

Rules for prenatal testing are similarly unexplained. Moms-to-be desperately want a resource that empowers them to make their own right choices. When award-winning economist Emily Oster was a mom-to-be herself, she evaluated the data behind the accepted rules of pregnancy, and discovered that most are often misguided and some are just flat-out wrong. Debunking myths and explaining everything from the real effects of caffeine to the surprising

dangers of gardening, *Expecting Better* is the book for every pregnant woman who wants to enjoy a healthy and relaxed pregnancy—and the occasional glass of wine.

True Meditation Hodder

Invites seekers to open themselves to the authentic experience of meditation, revealing ways to ask spiritually powerful questions and determine the real answers.
