This book aims to present  
to western philosophers  
the most important theme  
in Islamic epistemology:  
knowledge by presence,  
the knowledge that

results from immediate  
and intuitive awareness,  
advocated by the author  
as a viable modern  
philosophical position.

Treating the subject in a  
thoroughly philosophical  
manner that is  
comprehensible to  
contemporary analytical  
philosophers, he remains  
faithful to the Islamic  
tradition.

Health and Wellness for Life Oneworld Publications Ibarat sebatang sungai yang sudah mengalir selama 1400 tahun lebih, bermula dari hulunya yang suci bersih-bebas dari segala kekotoran, tetapi apabila semakin sampai ke hujung muara segala sampah-sarap sepanjang sungai dibawa bersama ke muara yang kini kita sedang berada di sana. Begitu juga Islam, dari awal zaman terbaik yang terjaga ketulenan dan kesuciannya, namun selepas kewafatan Rasulullah s.a.w. pencemaran, keracunan dan kerancuan muncul sama ada dari luar atau dalam Islam sendiri menyebabkan pemahaman dan pelaksanaan Islam sama ada dalam urusan 'aqidah, 'ibadah dan mu'amalah semakin jauh dari sifat tulennya yang suci murni. Naskhah ini menghujahkan - antara punca kerancuan

pemikiran beragama orang Islam-Melayu-Nusantara ada pada fakta sejarah awal perkembangan Islam dan tradisi penulisan karya-karya berkaitan Islam di Alam Melayu. Ia bermula daripada metodologi penulisan Sastera Hikayat Berunsur Islam, Sastera Kitab, Sastera Ketatanegaraan dan seumpama dengannya pasca Islam berkembang di Nusantara. Ini adalah kerana penulisan karya-karya tersebut tidak menjadikan disiplin yang sudah digarispandukan oleh para ulama Islam sejurus kewafatan Rasulullah s.a.w. sebagai metodologi penyebaran maklumat berkaitan Islam. Ringkasnya, proses tersebut tidak melalui kerangka dan disiplin ilmu Riwayah dan Dirayah. Ini menyebabkan semenjak Islam menapak di Alam Melayu sehingga saat ini, riwayat Isrā'īlyyāt, Ḥadīth Mawḍū', dan Fitnah Sīrah yang ditularkan buat sekian lama masih subur malah dianggap Ṣaḥīḥ oleh sebahagian besar umat ini!

**The Gardens of the Gnostics: Bustān Al-'Ārifin** Human Kinetics The "Arab Spring" was heralded and publicly embraced by foreign leaders of many countries

that define themselves by their own historic revolutions. The contributors to this volume examine the legitimacy of these comparisons by exploring whether or not all modern revolutions follow a pattern or script. Traditionally, historians have studied revolutions as distinct and separate events. Drawing on close familiarity with many different cultures, languages, and historical transitions, this anthology presents the first cohesive historical approach to the comparative study of revolutions. This volume argues that the American and French Revolutions provided the genesis of the revolutionary "script" that was rewritten by Marx, which was revised by Lenin and the Bolshevik Revolution, which was revised again by Mao and the Chinese Communist Revolution. Later revolutions in Cuba and Iran improvised further. This script is once again on display in the capitals of the Middle East and North Africa, and it will serve as the model for future revolutionary movements.

First published in 1922, the novel "Sitti Nurbaya: A Love Unrealized," by Marah Rusli, retains the poignancy that made it a modern Indonesian classic. In terms of its social impact in what was then the Dutch East Indies, "Sitti Nurbaya" may be compared to "Uncle Tom's Cabin" in the ante-bellum United States. Even to this day, the issues of injustice and indignities suffered by women that this novel raised continue to be debated throughout the country. Rich in

description, dense with ironic foreboding and the inexorable workings of fate, Sitti Nurbaya is Samsu and "Sitti Nurbaya"'s ill-fated love story. But in their wishes, the reader might also discern young people's tantalizing dream of what the East Indies society might become, or could become, if only local genius, embodied in a modernizing youth emancipated from stifling traditions, could fuse with European genius in mutual respect and admiration. This too was, of course, a dream never to be realized, and one perhaps which never could have been realized.

Reggie isn't really a romantic: she's been hurt too often, and doesn't let people in as a rule. Plus, when you're dealing with the Three Stages of Depression, it's hard to feel warm and fuzzy.

When Reggie meets Snake, though, he doesn't give her much of a choice. Snake has a neck tattoo, a Twizzler habit, and a fair share of arrogance, but he's funny, charming, and interested in Reggie. Snake also has an ex-girlfriend who's seven months pregnant. Good thing Reggie isn't a romantic. Definitions of Indefinable Things follows three teens as they struggle to comprehend love, friendship, and depression—and realize one definition doesn't always cover it.

In the hierarchy of Islamic faith and religious duties, zakat is next only to the acclamation of Allah's unity and prophecy of Muhammad (peace be unto him) and the five daily prayers. It is rather significant that a measure of far-reaching economic consequences should find such a high place in that hierarchy and be counted as one of the five pillars of Islam. Zakat is doubly important in the way of life that is Islam. On the one hand, it is a means of spiritual purification and, on the other, a way to regain balance and equilibrium in social and economic life. One would

expect religious scholars and economists not to miss these points and pay due attention to this unique institution. However, the subject of zakat did not attract the attention of contemporary scholars to an extent commensurate with its importance. There is a need for economists, legal experts, and shariah scholars who would elaborate and analyze the law of zakat in a contemporary manner. Sheikh Yusuf al Qardawi's book is one of those exceptions to the above, giving one hope and reassurance to continue. First published more than 3 decades ago, *Fiqh al-Zakat* still remains unparalleled in its comprehensiveness, exposition, and depth. It is, therefore, with great pleasure that we present it to the English reading public. Shaykh Yusuf Al-Qaradawi Born in Egypt 1926. One of the most prominent scholars of the 20th century. He memorized the Quran before the age of 10. He is an expert on principles of Islamic jurisprudence (Fiqh), the Arabic language, and other Islamic Sciences. He has published over 100 books, which are bestsellers in the Islamic world. His

books cover various topics, such as: Fiqh, how to understand the Sunnah, how to understand the Qur'an, a two volume book on Zakat which many scholars consider as a treasure house for the Islamic library, environment, Fiqh of Minorities, poetry, and many other topics. Shaykh Al-Qaradawi represents an original effort to make the comprehensive rules of Islam accessible and understandable to non-specialists. He always tries to join between the principles of the religion and the problems facing Muslims today.

How can the study of families be scientific? What is the difference between postmodern and positivistic approaches? What is the role of models and metaphors in constructing our theoretical knowledge? In *Advancing Family Theories*, author James M. White addresses such difficult questions that have been longstanding issues within the field of family studies and examines these matters from a social science perspective. *Advancing*

*Family Theories* explores two contemporary theories of the family-rational choice theory and transition theory. These diametrically different approaches illuminate what differing theories reveal about families. The book also discusses how meta-theories can assist in building and refining theory and offers insight on the understanding versus explanation debate. *Advancing Family Theories* gives students a precise notion of what a theory is and how theories work in research. The book not only looks at philosophical realms but also examines particular substantive theory to explain and predict family behaviors.
