This bestselling reference tool has been a trusted resource for more than 25 years with over 165,000 copies sold. Now thoroughly updated and substantially revised to meet the needs of today's students and classrooms, it offers cutting-edge overviews of key theological topics.

Readable and reliable, this work features new articles on topics of contemporary relevance to world Christianity and freshened articles on enduring theological subjects, providing comprehensive A-Z coverage for today's theology students. The author base reflects the increasing diversity of evangelical scholars. Advisory editors include D. Jeffrey Bingham, Cheryl Bridges Johns, John G. Stackhouse Jr., Tite Tiénou, and Kevin J. Vanhoozer. *Interfaces Baptists and Others* Wipf and Stock Publishers

Please see the description for this title below. But first... Our promise: All of our works are complete and unabridged. As with all our titles, we have endeavoured to bring you modern editions of classic works. This work is not a scan, but is a completely digitized and updated version of the original. Unlike, many other publishers of classic works, our publications are easy to read. You won't find illegible, faded, poor quality photocopies here. Neither will you find poorly done OCR versions of those faded

scans either with illegible "words" that contain all kinds of strange characters like ❖, %, &, etc. Our publications have all been looked over and corrected by the human eye. We can't promise perfection, but we're sure gonna try! Our goal is to bring you high quality Christian publications at rock bottom prices.

Description: Alive to the singular neglect with which Menno Simons has been treated by biographers and translators, the writer has undertaken to tell the story of the reform-er's life, and to elucidate the principles which he maintained, in a style educative and attractive to the young people of America. His purpose does not seem to have been to minister in any way to scholars, but rather to give a popular presentation that may be of service to the more thoughtful young people. The author is to be commended for the dispassion with which he sets forth events and issues which have been storm centers of controversy. As much may be said for the dignified manner in which he represses all hero-worship. In the space of two brief pages he interprets the significance of Simons. He was not the founder of a church, but the most noteworthy religious

leader of the Netherlands in the Reformation period. His writings are an indispensable source of information concerning the principles, aims, and life of one of the strongest religious parties of Reformation times. While in the affairs of the world he was by no means so prominent as the Reformers who represented the state-church Reformation, he was as an advocate of pure evangelical principles more than the equal of these men. The principle that the Scriptures are the only foundation for the doctrine and practices of the church he upheld more steadfastly than the leading Reformers. He understood the great missionary commission of the Lord to be valid for all time. He insisted on strict church discipline. In contrast to Luther, Zwingli, and Calvin, he advocated the voluntary principle, rejecting the thought of a national church. The foregoing represents the author's interpretation of Menno's significance. Chapters that deviate somewhat from the course of biography are "The Anabaptists" (iii), "Menno Simons' Relation to the State Church Reformation" (ix), "Menno's Attitude to Rationalism" (x), "Menno on Church Discipline" (xi),

"Simons' Attitude toward the Munsterites" (xiii), and "The Battenburgers and the Davidites" (xiv). About one-third of the volume is devoted to excerpts from Menno's teachings. The selection has been made so wisely that the student possesses in this brief compass a representative body of Menno's principles. One section catalogues Menno's writings. An exhaustive bibliography is attached. The documentation is thorough. One could wish that such a fine-spirited, well-balanced, and informing biography had found expression in style a little more polished and animated. P. G. M. T

Menno Simons, His Life, Labors, and Teachings - Scholar's Choice Edition
Wentworth Press

This unique commentary on James by an outstanding New Testament specialist, David B. Gowler, provides a broad range of original perspectives on how people have interpreted, and been influenced by, this important epistle. The author explores a vast array of interpretations extending far beyond theological commentary, sermons, and hymns, to also embrace the epistle's influences on literature, art, politics, and social theory. The work includes examples

of how successive generations have portrayed the historical figure of James the Just, in both pictorial and textual form. Contextualizing his analysis with excerpts from key documents, including artistic representations of the epistle, the author reviews the dynamic interactions between the James and Jesus traditions and compares James's epistle with those of Paul. The volume highlights James's particular concern for the poor and marginalized, charting the many responses to this aspect of his legacy. Drawing on sources as varied as William Shakespeare, John Calvin, Charles Schultz's Peanuts, and political cartoons, this is an exhaustive study of the theological and cultural debates sparked by the Epistle of James. *James Through the Centuries* is published within the Wiley Blackwell Bible Commentaries series. Further information about this innovative reception history series is available at www.bbibcomm.info.

Religious War and Religious Peace in Early Modern Europe Scholar's Choice

This English edition of Menno Simons' writings contains all the known writings of Menno, including several tracts, letters,

and hymns never previously translated. The entire contents of this edition were translated from the Dutch by Leonard Verduin of Ann Arbor, Michigan, and edited by J. C. Wenger, who wrote clarifying introductions to each of Menno's writings. This edition represents a faithful English rendering of what Menno taught and wrote in the 16th century. The Complete Writings of Menno Simons is issued with the hope that it may serve to strength the Mennonite Church in a dynamic Christian life, to introduce to the Christian church at large a new vision of discipleship, to create in the reader a new loyalty to the Word of God, and to recapture the true Christian spirit in this era of secularism. *MENNO SIMONS HIS LIFE LABORS &* Wipf and Stock Publishers

The book is a collection of twenty-one essays discussing how Baptists throughout the world have related to other Christians and to other institutions and movements over the centuries. The theme of this collection of twenty-one essays, 'Baptists and Others', includes relations with other Christians and with other institutions and movements. What, the authors ask, has been the Baptist experience of engaging

with different groups and developments? The theme has been explored by means of case studies, some of which are very specific in time and place while others cover long periods and more than one country. In the first half the contents are arranged by period. The first section examines early Baptists, the second nineteenth-century Baptists in Britain and America and the third Baptists in the twentieth century. The second half turns to various parts of the world. There is a section on Australia, another on New Zealand and a third on Asia and Africa. The overall picture is one of a complicated series of relationships as Baptists defined themselves as different from other bodies and yet, especially in the twentieth century, tried to co-operate in mission and ecumenical endeavour. 'Baptists are often regarded as enthusiastic separatists and unenthusiastic ecumenists. These essays, based on hard evidence rather than passing impressions, are a necessary correction to superficial prejudices and show the reality to be much more complex and nuanced, as well as varied over time and place. The book is a smorgasbord of delights. Yet, readers should avoid the

temptation to pick and choose from the menu, ensuring rather that each offering is digested so they enjoy a balance and nutritious meal.' Derek Tidball *Review supplement* Routledge "A New Testament bibliography for 1914 to 1917 inclusive", by Frederick C. Grant: v. 1, p. [58]-91. Including Index to Dates of Current Events; Necrology of Writers; Bibliographies; Statistics of Book Production; Select Lists of Libraries; Directories of Publishers and Booksellers; List of Private Collectors of Books, Etc Bloomsbury Publishing For many years the history of the Protestant Reformation has been presented largely as a single movement and from the standpoint of a chosen hero such as Luther, Zwingli, or Calvin. This traditional treatment creates the impression that the Reformation was a once-for-all event in the life of the church rather than a permanent aspect of the church's existence. 'Reformers in Profile' takes the position that the Reformation era was one of many reformations. These reformations were led by men often characterized as 'lesser lights' and little known by the general public. Each of these

men had his own vision of what the reformation of the church entailed and each had his program to translate vision into reality. The ten reformers profiled here (each by a recognized expert) are presented as representatives of a type or vision of reform: humanist, Protestant, radical, and Catholic. Each profile reviews the career, approach, and contribution of its subject so that the reader will have a clear view of what each reformer stood for and how he pursued his goal. *His Life, Labors, and Teachings (Classic Reprint)* John Wiley & Sons Vols. 2-6 include "Theological and Semitic literature for 1898- 1901, a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures. By W. Muss-Arnolt." (Separately paged) **4-volume Set** Nabu Press Winner of the 1997 Jewish Book Committee award for scholarship on a Canadian Jewish subject. Ever since Abella and Troper (*None Is too Many*, 1982) exposed the anti-Semitism behind Canada's refusal to allow Jewish escapees from the Third Reich to immigrate, the Canadian churches have been under a

shadow. Were the churches silent or largely silent, as alleged, or did they speak? In *How Silent Were the Churches?* a Jew and a Christian examine the Protestant record. Old letters, sermons and other church documents yield a profile of contemporary Protestant attitudes. Countless questions are raised — How much anti-Semitism lurked in Canadian Protestantism? How much pro-German feeling? How accurately did the churches of Canada read the signs of the times? Or did they bury their heads in the sand? Davies and Nefsky discover some surprising answers. The theologies and the historical and ethnic configurations of Protestant Canada, encompassing religious communities from the United Church to the Quakers, are brought into relief against the background of the Great Depression, the rise of fascism in Europe and the resurgence of nativism in Canadian society. The authors conclude their study with an evaluation of the limits to Protestant influence in Canada and the dilemmas faced by religious communities and persons of conscience when confronted by the realities of power. **Smith's Story of the Mennonites** Wipf

and Stock Publishers

Four hundred seventy years ago the Anabaptist movement was launched with the inauguration of believer's baptism and the formation of the first congregation of the Swiss Brethren in Zurich, Switzerland. This standard introduction to the history of Anabaptism by noted church historian William R. Estep offers a vivid chronicle of the rise and spread of teachings and heritage of this important stream in Christianity. This third edition of *The Anabaptist Story* has been substantially revised and enlarged to take into account the numerous Anabaptist sources that have come to light in the last half-century as well as the significant number of monographs and other scholarly works on Anabaptist themes that have recently appeared. Estep challenges a number of assumptions held by contemporary historians and offers fresh insights into the Anabaptist movement.

No Strings Attached is the story of a Mennonite congregation in Indiana that existed for eighty-six years. The congregation began during the social and

religious turmoil of the 1920s when some Mennonites in North America held to rigid doctrines and ethics implemented by central authority, and others operated with a congregational polity and became more assimilated into secular culture. The struggle between these two different understandings of faithfulness was most passionately played out in northern Indiana. Placing the narrative of this congregation within the context of 500 years of Mennonite history illustrates the grace and the tension that has both beset and empowered a unique group of people who began as radical reformers. Although "no strings attached" refers to the women's headwear during the 1920s, which had no strings, it could also be the story of the pastor eating lunch on the peak of the steep roof of the church building! Reflecting on stories of these Mennonite people is an invitation to move into the future with courageous hope. Believing and behaving differently has not prevented Middlebury Mennonites from treating each other respectfully, living in a community of love, joy, and peace, and offering God's healing and hope to each other and to the world.

Menno Simons Baker Academic

An important volume of scholarship, this book presents a collection of documents previously little known and inaccessible to the English-speaking world. This volume includes writings of the Radical Reformation--Anabaptist and Spiritualist--as well as three treatises by Juan de Valdes as a representative of Evangelical Catholicism. Long recognized for the quality of its translations, introductions, explanatory notes, and indexes, the Library of Christian Classics provides scholars and students with modern English translations of some of the most significant Christian theological texts in history. Through these works--each written prior to the end of the sixteenth century--contemporary readers are able to engage the ideas that have shaped Christian theology and the church through the centuries.

For more information including sample entries, full contents listing, and more, visit the Encyclopedia of Protestantism web site. Routledge is proud to announce the publication of a new major reference work from world-renowned scholar Hans J. Hillerbrand. The Encyclopedia of Protestantism is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought. Featuring entries written by an

international team of specialists and scholars, the encyclopedia traces the course of Protestantism from its beginnings prior to 1517, when Martin Luther nailed his 95 Theses to the door of Wittenberg Cathedral, to the vital and diverse international scene of the present day.

The Mennonites Wipf and Stock Publishers

By utilizing the contributions of a variety of scholars - theologians, historians, and biblical scholars - this book makes the complex and sometimes disparate Anabaptist movement more easily accessible. It does this by outlining Anabaptism's early history during the Reformation of the sixteenth century, its varied and distinctive theological convictions, and its ongoing challenges to and influence on contemporary Christianity. T&T Clark Handbook of Anabaptism comprises four sections: 1) Origins, 2) Doctrine, 3) Influences on Anabaptism, and 4) Contemporary Anabaptism and Relationship to Others. The volume concludes with a chapter on how contemporary Anabaptists interact with the wider Church in all its variety.

While some of the authorities within the volume will disagree even with one another regarding Anabaptist origins, emphases on doctrine, and influence in the contemporary world, such differences represent the diversity that constitutes the history of this movement.

Religious War and Religious Peace in Early Modern Europe presents a novel account of the origins of religious pluralism in Europe. Combining comparative historical analysis with contentious political analysis, it surveys six clusters of increasingly destructive religious wars between 1529 and 1651, analyzes the diverse settlements that brought these wars to an end, and describes the complex religious peace that emerged from two centuries of experimentation in accommodating religious differences. Rejecting the older authoritarian interpretations of the age of religious wars, the author uses traditional documentary sources as well as photographic evidence to show how a broad range Europeans - from authoritative elites to a colorful array of religious 'dissenters' - replaced the

cultural 'unity and purity' of late-medieval Christendom with a variable and durable pattern of religious diversity, deeply embedded in political, legal, and cultural institutions.

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1916 edition. Excerpt: ...correctness of his assertion that Douwe Schoemaker was not at one with Menno Simons in principle. Margaret Edes was one of the circle in Witmarsum which was influenced by the Oldcloisterites. She may have been baptized by one of their ministers. Even if Menno had accepted Munsterite baptism as valid, an assumption for which there is no evidence, this would not prove the point in question. Luther, Zwingli and Calvin accepted Roman Catholic baptism

but were not Romanists. It has been pointed out above that even before his renunciation of the state-church Menno Simons was a radical opponent of the Munsterites and their teachings. The testimony to that effect contained in the account of his conversion (p. 25) and in his Plain and Clear Proof has been cited. In his later writings also we have the repeated and clear testimony that previous to his conversion and from the very rise of the Munsterites he was their opponent. He says: "Since we against all truth are so severely attacked and accused by our opponents, we will say in defense of us all that we consider the Munsterite doctrine, cause and life, namely concerning king, sword, uproar, striking back, vengeance, plurality of wives, and the outward kingdom of Christ upon earth a new Judaism, a deceptive error, an abomination, radically at variance with the spirit, word and example of Christ. Behold, in Christ we lie not.--No one under the broad canopy of heaven can show or prove that I at any time of my life agreed with the Munsterites in the before-mentioned articles; for I have from the beginning until the present time opposed

and refuted them with all diligence and earnestness, both privately and publicly, seventeen years and ever since I have in...
verbally and in writing, yea for over
