A fascinating and comprehensive look into the life of American fashion designer Ralph Lauren, now with an afterword. "Deep-dish...sharp-clawed...honestly admiring."—New York Times There are at least two Ralph Laurens. To the public he's a gentle, modest, yet secure and purposeful man. Inside the walls of Polo Ralph Lauren, though, he was long seen by some as a narcissist, an insecure ditherer, and, at times, a rampaging tyrant. Michael Gross, author of the bestsellers *Model* and *740 Park*, lays bare the truths of this fashion emperor's rise, and reveals not only the secrets of his meteoric success in marketing our shared fantasies, but also a widely unknown side that's behind the designer's chic façade.

**Frayed Silk** Cambridge University Press  
The broad canvas covered by the articles in the present volume celebrates the diversity and richness of the writings of Frank Manuel during a scholarly career that spans over five decades. The subjects of the articles - ranging from science to utopia, from theology to political thought - mirror many of the themes Manuel has written about with erudition, flair and uncommon perception. It is only fitting that in paying tribute to such a defiant intellect each author brings to his treatment a distinct perspective and texture, the result of his own original forays into the history of ideas. Yet underlying all the essays is the conviction that the study of the intersection of individuals and ideas still yields a rich harvest. Presented to Frank on the occasion of his eightieth birthday, *In the Presence of the Past*

honors a teacher, a friend and, above all, a scholar. R. T. Bienvenu and M. Feingold (eds). *In the presence of the past*. vii.  
MARTIN PERETZ Frank Manuel: An Appreciation It was finally because of Frank Edward Manuel that I decided (however belatedly) to forgo a proper academic career. Since I had not left so much as a leafscar on the tree of the scholarly culture this is not a fact which anyone else would have reason to notice. It is also not, I am happy to add, something for which Manuel will be especially remembered.

This, the first in a series of four unique War Diaries produced in conjunction with the Imperial War Museum, will tell a story that is rarely heard: the experiences of a nurse working close to the Western Front in the First World War. Incredibly, Edith Appleton served in France for the whole of the conflict. Her bravery and dedication won her the Military OBE, the Royal Red Cross and the Belgian Queen Elizabeth medal among others. Her diary details with compassion all the horrors of the 'war to end wars', including the first use of poison gas and the terrible cost of battles such as Ypres, but she also records what life was like for nurses and how she spent her time off-duty. There are moments of humour amongst the tragedy, and even lyrical accounts of the natural beauty that still existed amidst all the destruction.

We live in a visual age. Images and visual artefacts shape international events and our understanding of them. Photographs, film and television influence how we view and approach phenomena as diverse as war, diplomacy, financial crises and election campaigns. Other visual fields, from art and cartoons to maps, monuments and videogames, frame how politics is perceived and enacted. Drones, satellites and surveillance cameras watch us around the clock and deliver images that are then put to political use. Add to this that new technologies now allow for a rapid distribution of still and

moving images around the world. Digital media platforms, such as Twitter, YouTube, Facebook and Instagram, play an important role across the political spectrum, from terrorist recruitment drives to social justice campaigns. This book offers the first comprehensive engagement with visual global politics. Written by leading experts in numerous scholarly disciplines and presented in accessible and engaging language, *Visual Global Politics* is a one-stop source for students, scholars and practitioners interested in understanding the crucial and persistent role of images in today's world.
