Distribution Revolution Prometheus Books

Distribution Revolution is a collection of interviews with leading film and TV professionals concerning the many ways that digital delivery systems are transforming the entertainment business.

These interviews provide lively insider accounts from studio executives, distribution professionals, and creative talent of the tumultuous transformation of film and TV in the digital era. The first section features interviews with top executives at major Hollywood studios, providing a window into the big-picture concerns of media conglomerates with respect to changing

business models, revenue streams, and audience behaviors. The second focuses on innovative enterprises that are providing path-breaking models for new modes of content creation, curation, and distribution—creatively meshing the strategies and practices of Hollywood and Silicon Valley. And the final section offers insights from creative talent whose professional practices, compensation, and everyday working conditions have been transformed over the past ten years. Taken together, these interviews demonstrate that virtually every aspect of the film and television businesses is being affected by the digital distribution revolution, a revolution that has likely just begun. Interviewees include: • Gary Newman, Chairman, 20th Century Fox Television • Kelly Summers, Former Vice President, Global Business Development and New Media Strategy, Walt Disney Studios • Thomas Gewecke, Chief Digital Officer and Executive Vice President, Strategy and Business Development, Warner Bros. Entertainment • Ted Sarandos, Chief Content Officer, Netflix • Felicia D. Henderson, Writer-Producer, Soul Food, Gossip Girl • Dick Wolf, Executive Producer and Creator, Law & Order

Adult is a magazine of new erotics. Through photography, conversation, art, criticism, essays and original reporting, it returns to the first meaning of "radical"—the roots of things, traced below the skin. "The first issue reads as if Hustler married The Paris Review," said New York magazine, while The New Republic declared that "Adult hits its mark: it straddles the mundane and the shocking in a way that feels natural." The second issue explores what the art critic Leo Steinberg called "the condition of being deathbound and sexed," and includes a profile

of the cult-film idol Udo Kier at home in Palm Springs, an interview with the masterful English painter Cecily Brown and a gorgeously reported feature on Satanism in the city from journalist Katie Baker. Other contributors include poet Melissa Broder, writer and artist Molly Crabapple, porn star and writer Stoya, author Stephanie LaCava, artist and writer Brad Phillips, novelist Catherine Lacey and more. Photographers include John Edmonds, Stacey Mark and Natasha Gornik; artists and illustrators include Quentin Jones, SamMcKinniss, Mike Rinaldi and Mia Schwartz. The magazine is edited by Sarah Nicole Prickett and creative-directed by Berkeley Poole.

. . . he breaks legitimate stories that have a huge impact. Meet Luke Ford, chronicler of the porn world. - Online Journalism Review This first comprehensive and most in-depth history of cinematic pornography details sex in film from 100 years ago to today, concentrating on the quarter-century since Deep Throat, when pornography became a subject of popular culture. Luke Ford is the best-known source on the porn film world today-the only journalist writing about the industry who is not also employed by

it. This unique position gives Ford the objectivity to report without bias, and he is often consulted as a trusted news source on the porn industry by many major news publications. Insightful, entertaining, and bold, *A History of X* takes us from the primitive film studios of the 1900s, where porn got its start as a daring experiment in sexual freedom, to the closed-door, multi-million-dollar porn-film corporations of today. Ford includes exclusive interviews with the stars, the producers, and the distributors as well as detailed data on censorship attempts from the early days to the present. He documents the controversial careers of top porn stars Marilyn Chambers, John Holmes, Linda Lovelace, Harry Reems, Gerard Damiano, Georgina Spelvin, Traci Lords, Max Hardcore, Ginger Lynn, and others, revealing both the great benefits and the tragic consequences that often come from fame and fortune in the porn industry. He also discusses the many controversial aspects to the business, including Mafia influences, the impact of the AIDS epidemic on the industry, and the myths and realities behind child pornography. Extensively researched and documented, *A History of X* is a fascinating exposé of a business few dare to touch. Luke Ford was educated in Australia and has worked as a radio host as well as a journalist. He now operates a website on the porn industry: www.lukeford.com.

The investigation and Trial of Michael Jackson lasted from

November 2003 to June 2005. Leading up to the trial was jury selection. A man named Jeffrey Welbaum was selected as a juror, more specifically an alternate juror. Jeffrey is a controversial juror due to the fact his mother-in-law worked at Michael Jackson's Neverland Ranch and he was still selected as a juror. Jeffrey was able to keep his notebooks after the trial since he was an alternate juror. There were only several alternate jurors that had notebooks that fully documented the trial. This book is one of them which is a summary or shortened version of the trial that documents what Jeffrey found meaningful from trial testimony documented witness by witness. In 2006, Vincent Amen purchased the notebooks from Jeffrey Welbaum and later the rights to publish them as a book. There is a great value to the notebooks with positive implications. What does a juror note from Trial testimony to ultimately render a verdict? This question may have never been explored before prior to publishing these notebooks. For prosecutors and defense attorneys alike, these notebooks can be helpful in determining how to try cases. Based on all evidence shown and witness testimony, what a juror finds meaningful to note can provide a means to being more effective in organizing and trying a case. Enjoy reading the notebooks and based on what is documented, try to come to your own conclusion or verdict.
