The Kingdom of Vampires Diana J. Vargas

After he escapes from the dungeon, Thor is horrified to learn of another assassination attempt on King MacGil. When MacGil dies, the kingdom is set into turmoil. As everyone vies for the throne, King's Court is more rife than ever with its family dramas, power struggles, ambitions, jealousy, violence and betrayal. An heir must be chosen from among the children, and the ancient Dynasty Sword, the source of all their power, will have a chance to be wielded by someone new. But all this might be upended: the murder weapon is recovered, and the noose tightens on finding the assassin. Simultaneously, the MacGils face a new threat by the McClouds, who are set to attack again from within the Ring. Thor fights to win back Gwendolyn's love, but there may not be time: he is told to pack up, to prepare with his brothers in arms for The Hundred, a hundred grueling days of hell that all Legion members must survive. The Legion will have to cross the Canyon, beyond the protection of the Ring, into the Wilds, and set sail across the Tartuvian Sea for the Isle of Mist, said to be patrolled by a dragon, for their initiation into manhood. Will they make it back? Will the Ring survive in their absence? And will Thor finally learn the secret of his destiny? With its sophisticated world-building and characterization, A MARCH OF KINGS is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 60,000 words. Book #3 in the series will be published soon.

It answered all my unanswered questions from the previous books and gave me the happily ever afters for all the characters I've come to care about so much." "This book was amazing! Once thought enemies become friends and friends become traitors. There's mystery, suspense and of course love for all! ...This book was perfect! It took everyone and everything and gave it all its perfect ending." "Holy bat signal, Batman! This book just blew my mind! With the story line from the first two books, certain things had been laid as foundations. Certain people made out to be villains, others made out to be good guys. Some of those things just got tossed out by their ear onto their bottoms in the middle of the East River. WOAHA! ... Well done, Eileen Sheehan! Well done!" " At the beginning of the book, it seemed as though there might really be nothing to tell, but the author kept the twists and turns coming throughout the story. "

King Hall (Forever Evermore, #1) Createspace Independent Publishing Platform

"What if your parents taught you that thievery was as American as apple pie? What if your family's hero was the crooked railroad financier Tom Durant? What if your father drove to work dressed in a yellow linen suit and string tie, hired the school janitor to be his partner, and drummed up investment capital from the local Mafia?" "Then you would be Jack Acheson, the protagonist of Whitney Terrell's new novel, *The King of Kings County*. Jack begins his tale in the 1950s, when his father, Alton Acheson, is busy conning local farmers out of their land on the outskirts of Kansas City. From there he charts his father's attempt to build a suburban empire in rural Kings County through the giddy land rush of the '60s and '70s to the vast corporate campuses of the present day. It's a novel of youth, of football games and prep school rituals. It's a history of real estate barons and racial covenants, of color lines and highway building. And it's also the story of a father and son who are more similar than they care to admit." "Throughout, Terrell weaves an intensely private portrait of Jack's entire life, a fifty-year arc through the heart of the American dream. In it, we meet the math-whiz son of a mob accountant, John Birch-crazed ranchers, and blockbusting black

real estate agents. We learn of Jack's first love, Geanie Bowen, the redheaded, improbably progressive daughter of the city's greatest developer, who protests apartheid from her father's crumbling estate. And how Jack, in his fifties, remains haunted by one particular event that he and Geanie witnessed in a quarry during their junior year of high school - a secret that eventually forces him into a clear-eyed confrontation with the true consequences of his father's legacy."--BOOK JACKET.

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Every hundred years, tradition dictates that all eligible females in Sweetwater assemble for the choosing ceremony. Two vampire kings have separate territories within the surrounding countryside. Both are eager to pick their future brides. What a waste of her freaking time. Tanya is among the many women at the choosing ceremony. As far as she's concerned it's an outdated, sexist event and if it wasn't mandatory she so wouldn't be here. It's not important that the two males are ridiculously rich and handsome. Deep down she knows a plain Jane like her will never be picked by one of the kings anyway. Many of the women in the town square are stunningly beautiful and model thin. Most seem enthusiastic about being a queen even if it means being mated to a blood sucker, which suits her just fine. Imagine her surprise though when King Brant sets his sights firmly on her. Once a vampire king has decided, there's no going back. But her home is in Sweetwater. Being forced to live amongst the vampire species...big gulp...forced to mate with a vampire...is not what she had in mind for herself. Maybe she can convince him to let her go, to pick again. If not, she'll have to find a way to escape his - very muscled and rather delicious - clutches.
