SMP Interact for GCSE Teacher's Guide to Book F2 Part B Pathfinder Edition Cambridge University Press

Extensively trialled and praised for building students' confidence, SMP Interact for GCSE is a versatile course for the GCSE three tier mathematics.

SMP Interact for GCSE Mathematics Cambridge University Press
Pathfinder is a special edition of the SMP Interact course for GCSE. It is an

enhanced version of the complete operational course being used in the pilot schools. The Pathfinder edition covers the content of all the new GCSEs and can be used with any specification – modular or non-modular. Pathfinder is split into three tiers: Foundation, Intermediate and Higher matching the new tiered content of the GCSE specifications. There are two pupils' books in each tier for each of the two years of GCSE (years 10 and 11). Each pupil's book has an associated

Teacher's Guide and Practice Book. The materials do not depend on use of SMP Interact at Key Stage 3.

SMP Interact for GCSE. Cambridge University Press

Extensively trialled and praised for building students' confidence, SMP Interact for GCSE is a versatile course for the GCSE three tier mathematics.

SMP Interact for GCSE Mathematics - Foundation Cambridge University Press
Foundation transition

practice provides thorough, well graded exercises up to the standard of grade F on the GCSE Mathematics Foundation tier. The booklet follows the structure of the Foundation transition students' book, making it easy to organise extra practice, homework and revision. These booklets are also convenient for use alongside other teaching texts when additional practice is needed: the contents lists are clear and detailed, and matching of all

boards' linear and major modular specifications to the section headings of these booklets is downloadable from www.smpmaths.org.uk, where answers to the booklets are available in pdf format.

SMP GCSE Interact 2-tier Foundation 2 Pupil's Book without answers

Cambridge University Press
Pathfinder is a special edition of the SMP Interact course for GCSE. It is an enhanced version of the complete operational course used in pilot schools. Pathfinder is split

into three tiers: Foundation, Intermediate and Higher and can be used with any GCSE syllabus. There are two pupil books in each tier for each of the two years of GCSE (years 10 and 11). Each pupil book has an associated Teacher's Guide and Practice Book. The materials do not depend on use of SMP Interact at Key Stage 3. *SMP Interact for GCSE* Cambridge University Press
The entire SMP two-tier course available in projectable pdf format.

This valuable classroom resource is on two CD-ROMs (one for each tier) which can be purchased separately. All textbook pages are there, including answers, along with PDFs of the resource sheets. [SMP Interact for GCSE Book 12 Part B](#) Cambridge University Press
This series is an excellent preparation for the linear and modular mathematics GCSE specifications offered by AQA, Edexcel and OCR. Each chapter is clear and thorough with objectives listed at the outset; ideas are

developed carefully and highlighted by key worked examples and discussion points. Plentiful built-in practice includes past exam questions and there is extra challenge for those who need it. Each chapter ends with a 'test yourself' and periodic review sections keep past work alive. A comprehensive contents description and index make navigation easy. Answers are included. *SMP GCSE Interact 2-tier Foundation Transition Pupil's Book without answers* Cambridge

University Press

This series is an excellent preparation for the linear and modular mathematics GCSE specifications offered by AQA, Edexcel and OCR. The books for the Foundation tier have been especially praised for helping raise the confidence of students, who as a result have a better understanding of the mathematics and a clearer self awareness of what they've learned. Foundation 1 is the first of two main books for the Foundation tier. It is also designed to follow on

from Foundation

Transition, a preparatory key stage 4 text for those who have followed a 'support' course in key stage 3.

SMP GCSE Interact 2-tier Higher Transition Pupil's Book Cambridge University Press

SMP Interact for GCSE Mathematics has been written specifically for the new linear and modular GCSE specifications. It has been extensively trialled and successfully used in schools, proving to be highly motivating for students. SMP Interact for

GCSE Mathematics is a self-contained course which can be used by schools whether or not they have used SMP Interact at Key Stage 3. It is available at Foundation, Intermediate and Higher tiers. Coverage of a whole tier in one book provides a flexible course to fit with schemes of work and gives the opportunity for revision of previous topics. The resource sheets are photocopiable masters that help speed up practical and drawing-based tasks, provide additional questions,

games and activity material for students to conduct their own investigations and include optional sheets where support is needed.

SMP Interact Cambridge University Press Pathfinder is a special edition of the GCSE course for SMP Interact. It is an enhanced version of the complete operational course used in pilot schools. Pathfinder is split into three tiers: Foundation, Intermediate and Higher and can be used with any GCSE syllabus. There are two

pupils' books in each tier for each of the two years of GCSEs (years 10 and 11). Each pupils' book has an associated Teacher's Guide and Practice Book.
