THE DARKEST WINTER Elle - Haunting shadows are nothing new to Elle St. James, she's been running from them all her life. But since the outbreak spread from the lower forty-eight,

new monsters lurk in the darkness. After Elle wakes from the fever, capable of horrific deeds, she fears she's one of them. Jackson - After the world goes mad and takes his family with it, Jackson Mitchell tosses aside his badge and decides a bottle of bourbon and the depths of despair are preferable to any semblance of living. All of that changes, however, when a group of young survivors are in dire need of his help and Jackson sacrifices his blissful oblivion in order to keep

them safe. Brought together under the worst possible circumstances, Elle and Jackson must face the inexplicable realities of the new world. Their past lives are over, and the arctic isn't all that's savage anymore. 2 THE LONGEST NIGHT, prequel novella Life seemed complicated for Sophie when she had teen pregnancy and her squeaky-clean reputation as the mayor's daughter to worry about. Now, everything is changed. Bloodcurdling screams pierce the night air and

lurid memories haunt feverish dreams. Alex is the new kid from the wrong side of the tracks, and it's all he can do to keep his head down until his eighteenth birthday when he can leave his life in foster care behind him. But Alex doesn't realize he and the quiet girl from class with lonely, blue eyes are fated in the most impossible way imaginable. 3. MIDNIGHT SUN The six of them survived the Alaskan winter after the Virus devastated the North, but summer in the land of the

midnight sun is fraught with a brutality of its own—long, grueling days, mosquito-ridden evenings, and woods with lurking shadows more dangerous than grizzlies. 4. FADING SHADOWS Crazy survivors and Ability-hungry madmen aren't the only repercussions of the Virus, and when a new, unforeseen danger threatens the townspeople, Kat must embrace her unharnessed Ability she's been trying for years to avoid. 5. UNTAMED Beau has

learned to embrace his Ability, but when he loses his best friend, Beau's world crumbles all over again. Brokenhearted, he embarks on a transformative journey of self-discovery, fraught with danger and adventure, and most unexpectedly, love. But the scars left in the wake of the Virus run deeper than Beau can possibly imagine. 6. UNBROKEN Thea fears the moment she'll have to use her telekinesis again. After all, the mere flick of her wrist in the heat of the moment

could prove fatal for someone she loves, and she already has enough blood on her hands to last her a lifetime. So, Thea jumps at the chance to shrug off the shadows of her youth and prove to herself she's unbroken. Hunter and Thea have never gotten along, and three weeks together could be Hunter's undoing...just not in the way he's expecting.  From #1 New York Times bestselling author Jennifer L. Armentrout comes a new novel in her Blood and Ash series... Is Love Stronger Than

Vengeance? A Betrayal... Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. The Dark One. The Prince of Atlantia. He wants her to fight him, and that's one order she's more than happy to obey. He may have taken her, but he will never have

her. A Choice.... Casteel Da'Neer is known by many names and many faces. His lies are as seductive as his touch. His truths as sensual as his bite. Poppy knows better than to trust him. He needs her alive, healthy, and whole to achieve his goals. But he's the only way for her to get what she wants—to find her brother Ian and see for herself if he has become a soulless Ascended. Working with Casteel instead of against him presents its own risks. He still tempts her with every

breath, offering up all she's ever wanted. Casteel has plans for her. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. Plans that could bind their lives together in unexpected ways that neither kingdom is prepared for. And she's far too reckless, too hungry, to resist the temptation. A Secret... But unrest has grown in Atlantia as they await the

return of their Prince. Whispers of war have become stronger, and Poppy is at the very heart of it all. The King wants to use her to send a message. The Descenters want her dead. The wolvern are growing more unpredictable. And as her abilities to feel pain and emotion begin to grow and strengthen, the Atlantians start to fear her. Dark secrets are at play, ones steeped in the blood-drenched sins of two kingdoms that would do anything to keep the truth hidden. But when

the earth begins to shake,
and the skies start to
bleed, it may already be
too late.

Brandon Sanderson Civil unrest cripples the citizens of Adro in the aftermath of the revolution that obliterated the monarchy. Now, Field Marshal Tamas and his lieutenants must confront the true cost of freedom in book one of the Powder Mage Trilogy. It's a bloody business overthrowing a king. . . Field Marshal Tamas' coup against his king sent corrupt aristocrats to the guillotine and brought bread to the starving. But it also provoked war with the Nine Nations, internal

attacks by royalist fanatics, and the greedy to scramble for money and power by Tamas's supposed allies: the Church, workers unions, and mercenary forces. It's up to a few. . . Stretched to his limit, Tamas is relying heavily on his few remaining powder mages, including the embittered Taniel, a brilliant marksman who also happens to be his estranged son, and Adamat, a retired police inspector whose loyalty is being tested by blackmail. But when gods are

involved. . . Now, as attacks batter them from within and without, the credulous are whispering about omens of death and destruction. Just old peasant legends about the gods waking to walk the earth. No modern educated man believes that sort of thing. But they should. . . Winner of the David Gemmell Morningstar Award for Best Debut Fantasy. Club's fifteen best books of 2020 | A Sunday Times best book of the year Selected by students across France to win the Prix Goncourt des Lycéens, David Diop's English-language, historical fiction debut *Night All Blood is Black* is a "powerful, hypnotic, and

dark novel" (Livres Hebdo) of terror and transformation in the trenches of the First World War. Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called "Chocolat" soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in *No Man's Land*. Unable to commit this

mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual: every night he sneaks across enemy lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate

that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the

trenches, David Diop's *At Night All Blood is Black* is a dazzling tale of a man's descent into madness. [Empire of Silence](#) Little, Brown

At the heart of it all is eighteen-year-old Juliette Cai, a former flapper who has returned to assume her role as the proud heir of the Scarlet Gang—a network of criminals far above the law. Their only rivals in power are the White Flowers, who have fought the Scarlets for generations. And behind every move is their heir,

Roma Montagov, Juliette's first love...and first betrayal. But when gangsters on both sides show signs of instability culminating in clawing their own throats out, the people start to whisper. Of a contagion, a madness. Of a monster in the shadows. As the deaths stack up, Juliette and Roma must set their guns—and grudges—aside and work together, for if they can't stop this mayhem, then there will be no city left for either to rule.

Hadrian Marlowe, a man revered as a hero and despised as a murderer, chronicles his tale in the galaxy-spanning debut of the Sun Eater series, merging the best of space opera and epic fantasy. It was not his war. The galaxy remembers him as a hero: the man who burned every last alien

Cielcin from the sky. They remember him as a monster: the devil who destroyed a sun, casually annihilating four billion human lives—even the Emperor himself—against Imperial orders. But Hadrian was not a hero. He was not a monster. He was not even a soldier. On the wrong planet, at the right time, for the best reasons, Hadrian Marlowe starts down a path that can only end in fire. He flees his father and a future as a torturer only to be left stranded on a strange, backwater world.

Forced to fight as a gladiator and navigate the intrigues of a foreign planetary court, Hadrian must fight a war he did not start, for an Empire he does not love, against an enemy he will never understand.

Embracing Survival

Houghton Mifflin Harcourt The acclaimed authors of *The Map of Moments* and *The Secret Journeys of Jack London* join creative forces once more in this epic, standalone novel—an exciting dark fantasy of gods and mortals, fools and heroes, saviors and destroyers with a brilliant beam of hope at its core—that

should more than appeal to readers of N.K. Jemisin and Brandon Sanderson. In the great kingdom of Quandis, everyone is a slave. Some are slaves to the gods. Most are slaves to everyone else. Blessed by the gods with lives of comfort and splendor, the royal elite routinely perform their duties, yet some chafe at their role. A young woman of stunning ambition, Princess Phela refuses to allow a few obstacles—including her mother the queen and her brother, the heir apparent—stand in the

way of claiming ultimate power and glory for herself. Far below the royals are the Bajuman. Poor and oppressed, members of this wretched caste have but two paths out of servitude: the priesthood . . . or death. Because magic has been kept at bay in Quandis, royals and Bajuman have lived together in an uneasy peace for centuries. But Princess Phela's desire for power will disrupt the realm's order, setting into motion a series of events that will end with her becoming a

goddess in her own right . . . or ultimately destroying Quandis and all its inhabitants.

Magic Triumphs Grand Central Publishing
In the fourth novel in Anne Bishop's New York Times bestselling series, the Others will need to decide how much humanity they're willing to tolerate—both within themselves and their community... Since the Others allied themselves with the cassandra sangue, the fragile yet powerful human blood prophets who were being

exploited by their own kind, the dynamic between humans and Others has changed. Some, such as Simon Wolfgard, wolf shifter and leader of the Lakeside Courtyard, and blood prophet Meg Corbyn see the closer companionship as beneficial. But not everyone is convinced. A group of radical humans is seeking to usurp land through a series of violent attacks on the Others. What they don't realize is that there are older and more dangerous forces than shifters and

vampires protecting the land—and those forces are willing to do whatever is necessary to safeguard what is theirs...
