Fortress of the Soul Coquitlam, B.C. : Ayre's Digital Doodlings
He's spent years as a hunter, but now he's the one ensnared in a

creature's trap. Ketahn did not want a mate. Fate has a different plan for him. When the queen he despises declares her intention to claim him, he retreats into the jungle. What he finds there changes his world. Small, delicate, and pale skinned, Ivy Foster is nothing like the females Ketahn has known. She's not of his kind at all. Yet the moment he sees her, he knows the truth in his soul- she is his heartsthread. And now that he has her, he won't let anything take her away. Not the jungle, not the gods, not the queen and her warriors. Whether Ivy agrees or not, their webs are entangled. No one will ever sever those threads. ----- Book 1 of 3 in The Spider's Mate Trilogy. Warning: Contains darker themes and there is also a cliffhanger. Through a dual engagement with the unconscious in psychoanalysis and Islamic theological-medical reasoning, Stefania Pandolfo's unsettling and innovative book reflects on the maladies of the soul at a time of tremendous global upheaval. Drawing on in-depth historical research and testimonies of contemporary patients and therapists in Morocco, Knot of the Soul offers both an ethnographic journey through madness and contemporary formations of despair and a philosophical and theological exploration of the vicissitudes of the soul. Knot of the Soul moves from the experience of psychosis in psychiatric hospitals, to the visionary torments of the soul in poor urban neighborhoods, to the melancholy and religious imaginary of undocumented migration, culminating in the liturgical stage of the Qur'anic cure. Demonstrating how contemporary Islamic cures for madness address some of the core preoccupations of the psychoanalytic approach, she reveals how a religious and ethical relation to the "ordeal" of madness might actually allow for spiritual transformation. This sophisticated and evocative work illuminates new dimensions of psychoanalysis and the ethical imagination while also sensitively examining the collective psychic strife that so many communities endure today.

The anatomy of Britain on the edge of Brexit, by Orwell Prize
 winning journalist Since Britain's 2016 referendum on EU
 membership, the nation has been profoundly split: one side
 fantasizing that the referendum will never be acted upon, the
 other entrenched in questionable assumptions about reclaimed
 sovereignty and independence. Underlying the cleavage are
 primal myths, deeper histories, and political folk-legends. James
 Meek, "the George Orwell of our times," goes in search of the
 stories and consequences arising out of a nation's alienation from
 itself. In *Dreams of Leaving and Remaining*, Meek meets farmers
 and fishermen intent on exiting the EU despite the loss of
 protections they will incur. He reports on a Cadbury's factory shut
 down and moved to Poland in the name of free market
 economics, exploring the impact on the local community left
 behind. He charts how the NHS is coping with the twin burdens of
 austerity and an aging population. *Dreams of Leaving and
 Remaining* is urgent reporting from one of Britain's finest
 journalists. James Meek asks what we can recover from the debris
 of an old nation as we head towards new horizons, and what we
 must leave behind. There are no easy answers, and what he
 creates instead is a masterly portrait of an anxious, troubled
 nation.

French Huguenots made enormous contributions to the life and culture of colonial New York during the seventeenth and eighteenth centuries. Huguenot craftsmen were the city's most successful artisans, turning out unrivaled works of furniture which were distinguished by unique designs and arcane details. More than just decorative flourishes, however, the visual language employed by Huguenot artisans reflected a distinct belief system shaped during the religious wars of sixteenth-century France. In *Fortress of the Soul*, historian Neil Kamil traces the Huguenots' journey to New York from the Aunis-Saintonge region of southwestern France. There, in the sixteenth century, artisans had created a subterranean culture of clandestine workshops and meeting places inspired by the teachings of Bernard Palissy, a

potter, alchemist, and philosopher who rejected the communal, militaristic ideology of the Huguenot majority which was centered in the walled city of La Rochelle. Palissy and his followers instead embraced a more fluid, portable, and discrete religious identity that encouraged members to practice their beliefs in secret while living safely—even prospering—as artisans in hostile communities. And when these artisans first fled France for England and Holland, then left Europe for America, they carried with them both their skills and their doctrine of artisanal security. Drawing on significant archival research and fresh interpretations

of Huguenot material culture, Kamil offers an exhaustive and sophisticated study of the complex worldview of the Huguenot community. From the function of sacred violence and alchemy in the visual language of Huguenot artisans, to the impact among Protestants everywhere of the destruction of La Rochelle in 1628, to the ways in which New York's Huguenots interacted with each other and with other communities of religious dissenters and refugees, *Fortress of the Soul* brilliantly places American colonial history and material life firmly within the larger context of the early modern Atlantic world.
