When You Feel More Like a Maid Than a Wife and Mother John Wiley & Sons

How to distinguish Mr. Right from Mr. Right Now—tips from the marriage-minded priest featured on the Today show and in the New York Times. Father Pat Connor knows marriages. Having presided over more than two hundred weddings and conducted pre-marriage and marriage counseling for more than forty years, he's something of an expert. And now he is sharing his wealth of experience with women everywhere on the subject of Whom Not to Marry. Father Pat's philosophy is simple: A love affair may lead to marriage but love itself cannot make a marriage work. In the early stages of romance, when infatuation trumps judgment, it can be difficult to see the flaws in your mate and to think rationally about your future. That's where this book comes in. A heavenly how-not-to, Whom Not to Marry offers timely and time-honored advice such as: Never marry a man who has no friends, for he won't be capable of the intimacy that marriage demands. Never marry a man who isn't responsible with cash. Most marriages that flounder do so because of money. Never marry a man who lets you walk all over him. It's good to have a doormat in the house, but not if it's your husband. Life may seem random, but there are many things you can do to make sure your life partner is the right one. It all starts with being honest with yourself. Use your good judgment, Father Pat counsels. Know what you want. Know who is worth loving and who is worth marrying. Once you can do that, you'll stand a much better chance of living happily ever after.

In this first full-length study on the topic, Matthew Hunt—with access to rare and controversial films—provides a history of film censorship in Thailand. Hunt outlines its beginnings in the country, when films were censored by the police for political and ideological reasons, rather than on the basis of taste and decency, to the present when issues such as politics, religion, and sex are the main reasons films are banned. He also examines how Thai filmmakers approach culturally sensitive subjects and how their films have been censored as a result. Hunt presents interviews with ten leading directors, including conversations with Thai New Wave veterans Apichatpong Weerasethakul and Pen-ek Ratanaruang. In these interviews, the directors discuss their most controversial films, which range from mainstream studio movies to independent arthouse releases, and explain their responses to censorship.

It's her turn to drive. Men take from Jana. Her dad and brother: money. Stage-side gawkers: her dignity. Still, she finished nursing school, won a spot in Manhattan's top ER—thanks to no man. But when her dad's business and heart fails, ever-loyal Jana Park must return to the stripper's pole. Now

even her boss's chauffeur ogles her in the rearview. Faux-kindness-and irrefutable heat-aside, she glares back. Because screw 'em all. Chauffeur Antonio Ruiz is done with his cheating wife, the city, the almighty buck. His seaside home in Mexico calls. One last gig for his biggest client, the city's strip club king, then he's out. Except that the sharp, exotic, petite powerhouse of a woman he's been hired to drive-day in-day out, glaring at him with those deep, solemn eyes-takes him over. If he could pierce her shield of doubt, he'd bring her home, far from this hell. But, no. Jana's got to take the wheel and drive. Away from her family's abuse, her boss's clutches...and toward Antonio's true brand of love. The road's rocky. Will they make it to paradise? Or will it all go south... in the city.

Taking "Gangnam Style" seriously: what Internet memes can tell us about digital culture. In December 2012, the exuberant video "Gangnam Style" became the first YouTube clip to be viewed more than one billion times. Thousands of its viewers responded by creating and posting their own variations of the video—"Mitt Romney Style," "NASA Johnson Style," "Egyptian Style," and many others. "Gangnam Style" (and its attendant parodies, imitations, and derivations) is one of the most

famous examples of an Internet meme: a piece of digital content that spreads quickly around the web in various iterations and becomes a shared cultural experience. In this book, Limor Shifman investigates Internet memes and what they tell us about digital culture. Shifman discusses a series of well-known Internet memes—including "Leave Britney Alone," the pepper-spraying cop, LOLCats, Scumbag Steve, and Occupy Wall Street's "We Are the 99 Percent." She offers a novel definition of Internet memes: digital content units with common characteristics, created with awareness of each other, and circulated, imitated, and transformed via the Internet by many users. She differentiates memes from virals; analyzes what makes memes and virals successful; describes popular meme genres; discusses memes as new modes of political participation in democratic and nondemocratic regimes; and examines memes as agents of globalization. Memes, Shifman argues, encapsulate some of the most fundamental aspects of the Internet in general and of the participatory Web 2.0 culture in particular. Internet memes may be entertaining, but in this book Limor Shifman makes a compelling argument for taking them seriously.

"Bare Men" portrays the male nude as a human and a work of art, not simply a utilitarian device. It celebrates men who are comfortable in their skin, relaxed, powerful, erect, vulnerable. The images share moments of joy, the power of release, physical angst and ease of masculinity. "Bare Men" offers glimpses into their private moments. The viewer is privy to two relationships: the man and the photographer and the man and himself while in some instances is invited to join in.

"Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"--Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.
