In the same way that [Love Does](#) has struck a deep chord with adults, kids will experience God in new and thrilling ways and see that living out our faith certainly isn't boring! With this book,

children will laugh, dream, and be inspired to make a difference for God, and they'll learn to: take ownership of their mistakes and forgive others for their mistakes. never give up—no matter how scared they are. put their faith into action by spending time with—and acting more like—Jesus. Kids everywhere will love Bob and Lindsey's stories about how love does. With childlike faith, enthusiasm, and great whimsy, young hearts will feel instantly connected to a love that acts as much as it feels. Children will walk away with a sense of wonder at how great God is and will feel empowered to do things that will make a tangible difference in the world. As a little boy with a big personality and even bigger dreams, Bob Goff had lots of questions, and they didn't go away when he grew up. It wasn't until he learned just how big and wild and wonderful God is that he began to find answers. Once Bob learned about the deep goodness of God, he began to learn about the great power God gives His kids when they live a life full of love for others. Bob and Lindsey invite kids to get to know God better and to see the world as a place designed to be changed as we put our faith in action.

Mama, do you love me? Yes I do Dear One. How much? In this universal story, a child tests the

limits of independence and comfortingly learns that a parent's love is unconditional and everlasting. The story is made all the more captivating by its unusual Arctic setting. The lyrical text introduces young readers to a distinctively different culture, while at the same time showing that the special love that exists between parent and child transcends all boundaries of time and place. The story is beautifully complemented by graphically stunning illustrations that are filled with such exciting animals as whales, wolves, puffins, and sled dogs, and a carefully researched glossary provides additional information on Arctic life. This tender and reassuring book is one that both parents and children will turn to again and again.

You and your former wife/husband are struggling to be civil to each other and you recognize the conflicts could be damaging to your child. Dr. Farber, a clinical child psychologist who's been in practice for 30+ years, knows what you're up against. He writes compassionately and insightfully about the concrete, doable steps you can take to avoid letting differences with your ex get in the way of being the best mom or the best dad you can be. Conflicts inevitably arise from living in two households. You don't have to like your ex, but, if you are going to co-parent successfully, you will still have to deal with your ex. Dr. Farber helps you navigate the upheaval with practical advice based on real-world families. His book shows you how to: • Know what to say, and not to say, to your child about separation and divorce • Cope with child support and other money issues • Handle the holidays and special family occasions • Choose and adjust to new schools • Introduce your child to a potential new partner • Co-parent when an ex has a personality disorder, addiction problem, or is a bully • Decide when to recruit the help of a parent coordinator • Raise a healthy child while co-parenting You'll draw strength and encouragement from the positive outcomes he's helped hurting parents and children achieve as they confronted such gripping problem areas. Dr. Farber's expert analysis and counsel will show you how to use co-parenting to turn your broken marriage into a working divorce that supports the emotional and developmental health of your children caught in the crossfire.

Moments of Cosmic Timing is a compilation of letters and what I call "lessons" written to my set of twins, whom I found this year. This book is my most passionate in that it is filled with advice to my children. The principles found in this book are not just ethical and theological interpretations of social issues. The principles are life-changing if they are taken to heart. A such, though there are letters written especially and specifically to Gavin and Jasmine, my twins, anyone who is at all interested in learning age old strategies for success will be able to use this book as a guide. Having been a teacher and a tutor, the lessons are meant to spark within the reader motivation for rising above the status quo and becoming a leader among peers. Any young person, male or female, will be challenged beyond their comfort zone in order to apply the spiritual, emotional and commonsensical values espoused in this book. This book will cause the reader to reevaluate that which thought important.

"Make Love Whenever Possible When Married With Children" is playful and poignant with spirited vignettes like "Seduce your spouse with humor," "Be a flasher," and "Experience the post-vasectomy sexual renaissance." Leslie Mancillas and Peg Melnik teamed up to write the book based on the following prescription program for staying sane within the madness of family life: 1. Be an opportunist. Make love whenever possible. 2. Date your spouse. Don't put off dating for two decades until your kids are conveniently in college. 3. Tend to your spouse. Even adults need to be nurtured. 4. Plan for chaos. 5. Become a top-flight negotiator. Marriage is one long, unwieldy negotiation. Keep closing the deal. 6. Keep close to your spirit. Find ways to nurture yourself. The co-authors firmly believe couples are living their most challenging years when they have children under their roof. Parents inhabit a different world than do those without children, one ruled by the needs of small people. The sheer responsibility that comes with parenthood can, over time, complicate even the healthiest marriage. While the divorce rate in America is at an astonishing 62 percent, staying happily married with children is not an insurmountable challenge as long as you realize it requires a kind of vigilance. It requires perspective, insight and, most importantly, the energy to keep a strong connection with your spouse. The authors use wisdom and wit to detail valuable tips drawn from their own experiences both positive and negative. The book is broken into six chapters, with a series of vignettes approximately one to three pages in length. Some of the more visual scenes from the book include playing hooky with your spouse, renewing marriage vows at Notre Dame and absent-mindedly driving to work with a plateful of cookies flying off the roof of the car, littering the road. Mancillas and Melnik's 100-page survival guide will no doubt be a compelling read, the best-selling bible for the married-with-kids crowd.

Poison of Love is a passionate, heart-wrenching novel about the life of one family, their turbulent marriage and a horrible tragedy they will soon have to face. When Ellen Brown marries her college sweetheart, she has no idea that her life journey is about to take a different course. After supporting her new husband through Harvard Medical School with the agreement that she would then go to grad school, she is "tricked" by him into getting pregnant, not once, but twice, dashing her hopes for grad school. Their third child comes along, and soon tragedy occurs. After having progressively severe reactions to the mandated childhood inoculations, Anna suffers convulsions and becomes autistic. This riveting novel deals with the serious nature of autism, how it changes a family's life forever, and questions whether the decline of America's educational level could be due to the massive amounts of inoculations given our children. Indulging her gripping motivation to research and write a book to inform the world, Ellen discovers facts that cannot stay hidden from the public. Will Ellen stay with her handsome husband, the doctor, or will his unappreciative and insensitive ways finally have their toll on their marriage? Poison of Love is a true-to-life novel that will both inform and engage the reader, page after page.

"The Love Children is valuable in its exploration and depiction of the many ways in which gender can still be a limitation, even within a supposedly more enlightened society." *Bust Magazine* It is the late 1960s in Cambridge, Massachusetts. The Grateful Dead is playing on the radio and teenagers are wearing long hair and blue jeans. Jess Leighton, the daughter of a temperamental painter and a proto-feminist Harvard professor, is struggling to make sense of her world amid racial tensions, Vietnam War protests, and anti-government rage. With more options than her mother's generation, but no role model for creating the life she desires, Jess experiments with sex and psychedelic drugs as she searches for happiness on her own terms. In the midst of joining and fleeing a

commune, growing organic vegetables, and operating a sustainable restaurant, Jess grapples with the legacy of her mother's generation
