It's the greatest story never told: that of a boy who met Jesus and dared to ask Him all the questions that have consumed mankind since the dawn of time. His name was Segatashya. He was a shepherd born into a penniless and illiterate pagan family in the most remote region of Rwanda. He never attended school, never saw a bible, and never set foot in a church. Then one summer day in 1982 while the 15-year-old was resting beneath a shade tree, Jesus Christ paid him a visit. Jesus asked the startled young man if he'd be willing to go on a mission to remind mankind how to live a life that leads to heaven. Segatashya

accepted the assignment on one condition: that Jesus answer all his questions-and all the questions of those he met on his travels-about faith, religion, the purpose of life, and the nature of heaven and hell. Jesus agreed to the boy's terms, and Segatashya set off on what would become one of the most miraculous journeys in modern history. Although he was often accused of being a charlatan and beaten as a result, Segatashya's innocent heart and powerful spiritual wisdom quickly won over even the most cynical of critics. Soon, this teenage boy who had never learned to read or write was discussing theology with leading biblical scholars and

advising pastors and priests of all denominations. He became so famous in Rwanda that the Catholic Church investigated his story. The doctors and psychiatrists who examined Segatashya all agreed that they were witnessing a miracle. His words and simple truths converted thousands of hearts and souls wherever he went. Before his death during the 1994 Rwandan genocide, Segatashya continued his travels and conversations with Jesus for eight years, asking Him what we all want to know: · Why were we created? · Why must we suffer? · Why do bad things happen to good people? · When will the world end? · Is there life after death? · How

do we get to Heaven? The answers to these and many other momentous, life-changing questions are revealed in this riveting book, which is the first full account of Segatashya's remarkable life story. Written with grace, passion, and loving humor by Immaculée Ilibagiza, Segatashya's close friend and a survivor of the Rwandan holocaust herself, this truly inspirational work is certain to move you in profound ways. No matter what your faith or religious beliefs, Segatashya's words will bring you comfort and joy, and prepare your heart for this life . . . and for life everlasting.

#1 New York Times
best-seller with more
than 11 million copies
sold and Amazon's #17
best-selling book of all
time. Heaven Is for
Real was the best-
selling non-fiction book
of 2011 as reported by
Nielsen's Bookscan,
and was developed as
a major motion picture
by Sony in 2014. "Do
you remember the
hospital, Colton?"
Sonja said. "Yes,
mommy, I remember,"
he said. "That's where

the angels sang to
me." When Colton
Burpo made it through
an emergency
appendectomy, his
family was overjoyed
at his miraculous
survival. What they
weren't expecting,
though, was the story
that emerged in the
months that
followed—a story as
beautiful as it was
extraordinary, detailing
their little boy's trip to
heaven and back.
Colton, not yet four
years old, told his
parents he left his body
during the surgery—and
authenticated that
claim by describing
exactly what his
parents were doing in
another part of the
hospital while he was
being operated on. He
talked of visiting
heaven and relayed
stories told to him by
people he met there

whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how “really, really big” God is, and how much God loves us. Retold by his father, but using Colton’s uniquely simple words, *Heaven Is for Real* offers a glimpse of the world that awaits us, where as Colton says, “Nobody is old and nobody wears glasses.” *Heaven Is for Real* will

forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the *Burpos* story in *Heaven Changes Everything: The Rest of Our Story*. *Heaven Is for Real* also is available in Spanish, *El cielo es real*. [West Virginia Blue Book](#) Thomas Nelson

The earliest surviving federal enumerations of the Tennessee Country consist of the

1810 census of Rutherford County and an incomplete 1820 census. But since the first settlers arrived at the French Lick as early as 1779, the first forty years of settlement in the area we now call Tennessee are a blank, at least in the official enumerations. This work is an attempt to reconstruct a census of the Cumberland River settlements in Davidson, Sumner, and Tennessee counties, which today comprise all or part of forty Tennessee counties. To this end, Mr. Fulcher has abstracted from the public records all references to those living in the jurisdictions between 1770 and 1790. From wills, deeds, court minutes, marriage records, military

records, and many related items, the author has put together a carefully documented list of inhabitants--virtually the "first" census of Tennessee.

"A good story, well told, of a sliver of life in Richmond, a small, elite-driven capital city in the young nation's most influential state." Publishers Weekly George Wythe clung to the mahogany banister as he inched down the staircase of his comfortable Richmond, Virginia, home. Doubled over in agony, he stumbled to the kitchen in search of help. There he found his maid, Lydia Broadnax, and his young protege, Michael Brown, who were also

writhing in distress. Hours later, when help arrived, Wythe was quick to tell anyone who would listen, "I am murdered." Over the next two weeks, as Wythe suffered a long and painful death, insults would be added to his mortal injury. *I Am Murdered* tells the bizarre true story of Wythe's death and the subsequent trial of his grandnephew and namesake, George Wythe Sweeney, for the crime unquestionably the most sensational and talked-about court case of the era. Hinging on hit-and-miss forensics, the unreliability of medical autopsies, the prevalence of poisoning, race relations, slavery, and the law, Sweeney's trial serves as a

window into early nineteenth-century America. Its particular focus is on Richmond, part elegant state capital and part chaotic boomtown riddled with vice, opportunism, and crime. As Wythe lay dying, his doctors insisted that he had not been poisoned, and Sweeney had the nerve to beg him for bail money. In *I Am Murdered*, this signer of the Declaration of Independence, mentor to Thomas Jefferson, and "Father of American Jurisprudence" finally gets the justice he deserved."

Rock. "Catherine Breese Davis fills an important but unsung niche in the tradition of women's poetry in the U.S. and now unsung no more. The editors of this book have given us a brilliant selection from Davis's poems, combined with illuminating writings about her work and life. This volume is a true labor of love, a priceless introduction to a lucid, poignant, and unflinching poet." Annie Finch "I have admired Catherine Davis's exquisitely sculpted lyrics for over forty years. But it has been futile to recommend her work to others because it has been nearly impossible for anyone to find the poems, most of which were never published in book form. What a gift

to have this lost poet restored to us." Dana Goia"

A paradigm-shifting diet plan that allows you to eat anything you want, as much as you want—and still strip away 20, 40, 60 pounds, or more. After conducting extensive research at the Salk Institute and the National Institute on Aging, poring over copious amounts of new research in intermittent fasting, and engaging 2,000 people for a test panel, bestselling authors David Zinczenko and Peter Moore determined that people can lose remarkable amounts of weight eating the foods they like best—as long as they eat within a set 8-hour time period. Fasting is, of course, an ancient spiritual and

health practice, but it's also a way to sidestep many of the ills of the modern world—including diabetes, heart disease, and cognitive impairment. Zinczenko and Moore demonstrate how simply observing this timed-eating strategy, even just three days a week, will reset your metabolism so that you can enter fat-burning mode first thing in the morning—and stay there all day long. And by focusing on eight critical, nutrient-rich Powerfoods, you can build in a second layer of protection against Alzheimer's, heart disease, and even the common cold. In the book, you will find motivating strategies, delicious recipes, and an 8-minute workout routine to maximize

calorie burn. The 8-Hour Diet promises to strip away unwanted pounds and give you the focus and willpower you need to reach your goals for weight loss and life.

This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine discussions of US-American identities today. These myths include the myth of »discovery,« the Pocahontas myth, the myth of the Promised Land, the myth of the Founding Fathers, the melting pot myth, the myth of the West, and the myth of the self-made man. The chapters provide extended analyses of

each of these myths, using examples from popular culture, literature, memorial culture, school books, and every-day life. Including visual material as well as study questions, this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building.

What is life's most intense pleasure? Did you know that it is free, safe and feels way better than sex? Or that the key to pristine health is not only to eat like a caveman, but to live like one? In *The Awakened Ape* Jevan Pradas uses evolutionary psychology to hack the human mind and body

to answer the question: "How can we enjoy life to the fullest?" The results, while unexpected, are completely backed by science. Perpetually bored, anxious, fatigued and overweight, modern society has failed to deliver the happiness it promised. The remedy, Jevan argues, is in a unique synthesis of a Paleolithic lifestyle and Buddhist meditation. A sprawling journey, featuring Jevan's adventures with naked Amazonian tribes and retreats with enlightened monks to learn the secrets of optimal well-being, *The Awakened Ape* will teach you how to achieve deep states of bliss. All while shaping your body into the fit and healthy animal millions of years of

evolution programmed
you to be.
