Seven Steps to Success for Sales Managers Penguin

"Coaching is the universal language of learning, development, and change." Imagine a workplace without fear, stress, or worry. Instead, you're acknowledged as a valued, contributing team player who doesn't sacrifice priorities, values, happiness, or your life for your job. Sound ludicrous? Consider this is a reality in many thriving organizations. Most leadership books don't apply to sales leadership. Sales leaders are uniquely and indispensably special and need to be coached in a way that's aligned with their role, core competencies, and individuality to achieve their personal goals and company objectives. What if you can successfully coach anyone in 15, 5, or even 60 seconds using one question? *Sales Leadership* makes delivering consistent, high-impact coaching easy. For busy, caring managers, this removes the pressure and misconception that, "Coaching is difficult, doesn't work, and I don't have time to coach." Since most managers don't know how to coach, they become part of the non-stop, problem-solving legion of frustrated Chief Problem Solvers who habitually do others' work, create dependency, and nourish the seed of mediocrity. Great business leaders shift from doing people's jobs to developing them by learning the language of leadership coaching. In its powerful simplicity, *Sales Leadership* delivers a chronological path to develop a thriving coaching culture and coaching leaders who develop top performing teams and sales

champions. Using Keith's intuitive LEADS Coaching Framework™, the coaching talk tracks for critical conversations, and his Enrollment strategy to create loyal, unified teams, you will inspire immediate change. Now, coaching is easily woven into your daily conversations and rhythm of business so that it becomes a natural, healthy habit. In his award-winning book, *Coaching Salespeople Into Sales Champions*, Keith was the first Master Certified Coach to share his personal coaching playbook that is now the standard for coaching excellence. Ten years later, and one million miles traveled, he reveals the evolution of sales leadership and coaching mastery through his experiences working with Fortune 5000 companies and small businesses worldwide.

Based on one of today's most popular sales training programs *Crushing Quota* breaks the process down into manageable components, so you can make sales coaching a realistic, meaningful part of your staff's job. It all comes down to three critical points that the vast majority of sales managers today are missing: •Provide clear direction for sellers on how to get to quota—for all sales roles •Ensure effective execution by coaching the right things, in the right measure, executed the right way •Assess seller performance and make timely course corrections It's all about helping your people make the best use of their time and effort. That's what coaches do. When a salesperson is skilled at making important decisions about which priorities to pursue and which ones to ignore to—results follow. It's that simple. *Crushing Quota* teaches you how to develop the best coaching approach for your teams and their individual sellers using powerful research-based best practices. This is the definitive guide to making sales coaching work for any sales team in any industry.
