From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Wall Street Journal Bestseller From the acclaimed author of *Turn the Ship Around!*, former US Navy Captain David Marquet, comes a radical new playbook for empowering your team to make better decisions and take greater ownership. You might imagine that an effective leader is someone who makes quick, intelligent decisions, gives inspiring speeches, and issues clear orders to their team so they can execute a plan to achieve your organization's goals. Unfortunately, David Marquet argues, that's an outdated model of leadership that just doesn't work anymore. As a leader in today's networked, information-dense business climate, you don't have full visibility into your organization or the ground reality of your operating environment. In order to harness the eyes, ears, and minds of your people, you need to foster a climate of collaborative experimentation that encourages people to speak up when they notice problems and work together to identify and test solutions. Too many leaders fall in love with the sound of their own voice, and wind up dictating plans and digging in their heels when problems begin to emerge. Even when you want to be a more collaborative leader, you can undermine your own efforts by defaulting to command-and-control language we've inherited from the industrial era. It's time to ditch the industrial age playbook of leadership. In *Leadership is Language*, you'll learn how choosing your words can dramatically improve decision-making and execution on your team. Marquet outlines six plays for all leaders, anchored in how you use language: • Control the clock, don't obey the clock: Pre-plan decision points and give your people the tools they need to hit pause on a plan of action if they notice something wrong. • Collaborate, don't coerce: As the leader, you should be the last one to offer your opinion. Rather than locking your team into binary responses (“Is this a good plan?”), allow them to answer on a scale (“How confident are you about this plan?”) • Commit, don't comply: Rather than expect your team to comply with specific directions, explain your overall goals, and get their commitment to achieving it one piece at a time. • Complete, not continue: If every day feels like a repetition of the last, you're doing something wrong. Articulate concrete plans with a start and end date to align your team. • Improve, don't prove: Ask your people to improve on plans and processes, rather than prove that they can meet fixed goals or deadlines. You'll face fewer cut corners and better long-term results. • Connect, don't conform: Flatten hierarchies in your organization and connect with your people to encourage them to contribute to decision-making. In his last book, *Turn the Ship Around!*, Marquet told the incredible story of abandoning command-and-control leadership on his submarine and empowering his crew to turn the worst performing submarine to the best performer in the fleet. Now, with *Leadership is Language* he gives businesspeople the tools they need to achieve such transformational leadership in their organizations.

Reluctantly, he contacts an expert in empowerment, even though he feels like he's already tried that approach. Step by step, the expert helps him understand why his past and present efforts have fallen short and figure out what he needs to do to create an empowered workforce. The process as it unfolds is complex, paradoxical, and counterintuitive—but well worth the effort. This new edition dispels the notion that empowerment is a bygone fad.
