Get everything you need to know to eat like our ancestors and go paleo! Going paleo can be confusing, but it doesn't have to be. Whether you're looking to lose weight or transform your health, the paleo diet, with its emphasis on eating protein-rich meats and seafood, fruits and vegetables, and nuts and seeds, while eliminating sugars, carbs, and dairy, is a revolutionary way to lose weight, reduce inflammation, and improve overall health, but most people often don't know how to get started on it. The Complete Idiot's Guide to Eating Paleo is the only guide any beginner will need to get started with this life-changing diet. Now you can learn how to get started on the diet, and stick with it, from the experts at paleoplan.com Here's what you'll find inside:

- A complete breakdown of the paleo diet, including how it works, why it benefitted our ancestors (and how it can benefit us today), and how it can transform your health
- Over 100 delicious paleo recipes with detailed meal plans, each with detailed nutrition information so you'll know exactly what you're eating and know that you're going 100% paleo
- Detailed guidance on what to eat and what not to eat, and how you can eliminate the bad foods in your diet and integrate the good foods so you can achieve your nutrition goals
- Tips for sourcing ingredients, stocking your pantry for paleo, and stocking your fridge and freezer with paleo-friendly ingredients

We're living in the midst of a scientific revolution that's captured the general public's attention and imagination. The aim of this new revolution is to develop a "theory of everything"—a set of laws of physics that will explain all that can be explained, ranging from the tiniest subatomic particle to the universe as a whole. Here, readers will learn the ideas behind the theories, and their effects upon our world, our civilization, and ourselves. The Complete Idiot's Guide® String Theory explains how this exciting idea holds up against competing theories. In this Complete Idiot's Guide®, you get:

- Clear explanation of quantum mechanics, Einstein's theories of relativity, and how string theory unites them.
- A quick, easy-to-understand overview of competing theories and how they might be tested.
- Fast facts about black holes, what's inside them, how they're made, and why they're so paradoxical.
- Simple, smart tips to help you visualize extra dimensions.

You've always known writing comedy was about more than just

being funny. But how do you create a joke and work it into a script or a stand-up routine? Comedian, writer, and teacher Jim Mendrinos has the answers. In *The Complete Idiot's Guide to Comedy Writing*, Mendrinos gives readers the principles he teaches in his popular courses, from understanding what funny is and how to find it, to how to actually construct comedy. Working through the basic constructions and forms including premises, points of view, and twists, he shows the variations of written, verbal, and physical comedy. With useful exercises, Mendrinos helps writers refine their writing, appeal to their audience, and even break writer's block by learning techniques for brainstorming, free association, lists, and finding infinite points of view.
