Have you ever thought that you found the love of your life--only to find out that he wasn't? Have you ever thought that your only child would be your one saving grace--only to find out that he wasn't? Have you ever thought that the one man in your life, the only man that you've ever known as a father, would be there to protect you forever--only to find out that he wasn't? Have you ever wished for the perfect mother--only to find out that she wasn't, or the perfect family--only to find out that that they weren't? Have you ever felt like you just want to be normal--only to find out that you aren't? Have you ever felt all alone in the world--only to find out that there are others who feel the same way? Have you ever felt like you wanted to die--only to realize that you have so much to live for? Rahimah shares this compelling story about her life as an amazing young Black girl, who

came of age when she was a daughter, a granddaughter, a motherless child, and a mother. Take this journey with her, as she attempts to walk by faith while learning how to live with love and hate; while coping with life and death; while seeking to understand race and religion; while determining the difference between truth and lies, and while overcoming trials and tribulations. Throughout her life, Rahimah has struggled with fear, rejection, and abandonment. This is a story about vulnerability, insecurity, sexuality, and spirituality. This is a story about being torn between loyalty and integrity; and choosing between self-destruction and self-awareness. This is a story about determination and inspiration. Everyone has a story. This is Rahimah's story. This is her life-- (The Life of Rah).

Tired of the sporadic and outdated food holidays that were quietly celebrated each year—most of which were created by food companies to market their products—blogger John-Bryan Hopkins decided to revamp food celebrations and spice them up with his own favorite foods. Creating a food holiday for every day of the year, Hopkins launched Foodimentary.com, which became an immediate overnight success with Google adopting his bespoke calendar. With thousands of fans

across multiple platforms, Foodimentary.com is the number-one go-to resource cited by numerous magazines, newspapers, and websites to definitively know which food is being celebrated and when. Mixing Hopkins' online success with fun food facts, forgotten histories, and classic recipes, while folding in scrumptious illustrations and rare photographs, Foodimentary is a festive jubilee of America's culinary roots and inventions, from today's more recent novelties, such as Ranch Dressing Day (celebrated on March 10), to popular dishes of yesteryear such as National Thermidor Day (celebrated on January 24). Whether enjoyed à la carte or consumed in one sitting, get ready to be swept into a twelve-month course created exclusively by Foodimentary.com! [An Autobiography](#) Cambridge University Press

For more than 30 years, numerous independent reviewers, student advice writers and even competitors have heralded HERGENHAHN'S AN INTRODUCTION TO THE HISTORY OF PSYCHOLOGY as the best in the field--and for good reason. It was the first History of Psychology text to include basic pedagogy--elements such as summaries and study questions that several current alternatives still lack. It engages students with interesting biographical tidbits--the fun facts that readers fondly remember after other details fade. Grounded in original source material and contemporary scholarship, the book provides breadth and depth of analysis unrivaled by works of similar length. In the eighth edition, author Tracy Henley continues to demonstrate that most of the concerns of contemporary psychologists are manifestations of themes that have been part of Psychology for hundreds--or even thousands--of years. NEW YORK TIMES BESTSELLER \* The inside story of Donald Trump's first two years in Washington as viewed from Capitol Hill, a startling account that turns "Congress into a Game of Thrones book" (Trevor Noah, The Daily Show). Taking readers into secret strategy calls and closed-door meetings from the House to the White House, Politico Playbook writers Jake Sherman and Anna Palmer trace the gamesmanship and the impulsiveness, the dealmaking and the backstabbing, in a blow-by-blow account of the power struggle that roiled Congress. Moving from the fights for advantage between Donald Trump, Nancy Pelosi, and Chuck Schumer; to Mitch McConnell's merciless, Machiavellian handling of the sexual assault accusations against Supreme Court nominee Brett Kavanaugh; to Paul Ryan's desperate, failed attempts to keep Mark Meadows from pushing Trump into a government shutdown over immigration, The Hill to Die On bristles with fresh news and tells the story of what really happened in some of the most defining moments our era. Like The West Wing for Congress, or Shattered meets This Town, The Hill to Die On tells an unforgettable story of politics and power, where the stakes going forward are nothing less than the future of America and the lives of millions of ordinary Americans. Praise for The Hill to Die On "[Sherman and Palmer] go deep inside the halls of Congress to document the deal making, backstabbing, power struggles and political knife fights that have roiled the nation's capital during President Donald Trump's first two years in office. . . . Anything but boring."--USA Today, "5 Books Not to Miss" "[The Hill to Die On] painstakingly chronicles the return to divided government and the restoration of an institutional check on a mercurial chief executive. . . . The book depicts a foul-mouthed president in love with his own reflection, a House GOP encased in the amber of self-delusion, and Nancy Pelosi's unblinking focus on twin prizes: recapturing the House and returning to the speaker's chair."--The Guardian "If you are one of the many Americans who hates Congress, this book is for you. In the Washington depicted in Jake Sherman and Anna Palmer's new book, there are no heroes--only winners and losers. . . . With these lawmakers, Sherman and Palmer get inside their heads and capture what they're thinking in real time."--The Washington Post

*Includes: Chicken Primavera \* Rosemary Almond-Crusted Pork Tenderloin \* Thai Pumpkin Soup \* Korean Short Ribs \* Oatmeal Breakfast Muffins ... and hundreds more!* Simon and Schuster Daisy Bacon, the opinionated, autocratic and complex editor of Love Story Magazine from 1928 to 1947, chose the stories that would be read by hundreds of thousands of readers each week. The first weekly periodical devoted to romance fiction and the biggest-selling pulp fiction magazine in the early days of the Great Depression, Love Story sparked a wave of imitators that dominated newsstands for more than twenty years. Disparaged as a "love pulp," the magazine actually championed the "modern girl," bringing its heroines out of the shadows of Victorian poverty and into the 20th century. With Love Story's success, Bacon became a national spokesperson, declaring that the modern woman could have it all--in love, in marriage and in the business world. Yet Bacon herself struggled to achieve that ideal, especially in her own romantic life, built around a long-term affair with a married man. Drawing on exclusive access to her personal papers, this first-ever biography tells the story behind the woman who influenced millions of others to pursue independence in their careers and in their relationships.

Southern fare with a Mexican flair, by the chef/co-owner of the restaurant empire that Bon Appétit called a "Top American Restaurant" USA Today called Taqueria del Sol "a runaway success." Bon Appétit wrote: "Move over, Chipotle!" The fast-casual food of Eddie Hernandez, the James Beard-nominated chef/co-owner of the restaurant, lands on the commonalities of Southern and Mexican food, with dishes like Memphis barbecue pork tacos, chicken pot pie served in a "bowl" of a puffed tortilla, turnip greens in "pot likker" spiked with chiles, or the "Eddie Palmer," sweet tea with a jab of tequila. Eddie never hesitates to break with purists to make food taste better, adding sugar to creamy grits to balance the jalapeños, or substituting tomatillos in fried green tomatoes for a more delicate texture. Throughout, "Eddie's Way" sidebars show how to make each dish even more special.

Most everyone has something they are passionate about. But without the ability to actually effect change, things just stay the same. To truly inspire change, we must be able to explain the

problem, inspire people to join us, and create a vision for the new reality that motivates others to take the actions that lead to lasting transformation. Inspiring change requires charisma—the ability to communicate a clear, visionary, and inspirational message that captivates and motivates an

audience. Charisma, a social skill, like listening, can be learned. Once learned, it becomes the difference between being heard or ignored. Whether you're the head of a company, a Girl Scout troop leader, or a freelance artist all alone in your studio, charisma can help you get what you want.
