Seo Made Simple DragonRising Publishing

Considered by Ty Cobb as “the finest natural hitter in the history of the game,” “Shoeless Joe” Jackson is ranked with the greatest players to ever step onto a baseball diamond. With a career .356 batting average—which is still ranked third all-time—the man from Pickens County, South Carolina, was on his way to becoming one of the greatest players in the sport’s history. That is until the “Black

Sox” scandal of 1919, which shook baseball to its core. While many have sympathized with Jackson’s ban from baseball (even though he hit .375 during the 1919 World Series), not much is truly known about this quiet slugger. Whether he participated in the throwing of the World Series or not, he is still considered one of the game’s best, and many have fought for his induction into the National Baseball Hall of Fame. From the author of *Turning the Black Sox White* (on Charles Comiskey) and *War on the Basepaths* (on Ty Cobb), *Shoeless Joe* tells the story of the incredible life of Joseph Jefferson Jackson. From a mill boy to a baseball icon, author Tim Hornbaker breaks down the rise and fall of “Shoeless Joe,” giving an inside look during baseball’s Deadball Era, including Jackson’s personal point of view of the “Black Sox” scandal, which has never been covered before. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

“Brosnan obviously knows his baseball, writes about it wittily, informally and with irony. He is a cynical, tough professional athlete and his book makes wonderful reading.”—New Yorker From the

author of *The Long Season*—considered by many to be the greatest baseball book of all time—comes another classic sports memoir by legendary pitcher Jim Brosnan, which chronicles how his team, the Cincinnati Reds, went on to win the 1961 National League pennant. In *Pennant Race*, Brosnan—with his trademark wise-guy wit and plain-spoken practicality—once again offers a refreshingly candid alternative to hackneyed baseball mythologizing. Day by day, game by game, Brosnan reveals the real lives of professional ballplayers: their exhilaration and frustration, hope and despair, chronic worry over job security, playful camaraderie, world-weary cynicism, and boyish—if cautious—optimism. Although the Reds would ultimately lose the World Series to the Yankees, for Brosnan and his teammates, this was a winning season. *Pennant Race* vividly captures a remarkable year in the life of a ball club and the golden age of one of Major League Baseball's most memorable eras.

Vampire Solstice Harvard Business Review Press

Practical Guide to Project Planning is filled with project documents and templates ready to use for planning and managing project. It explains project analysis and modeling techniques so these documents and templates can be used for effective project management. In addition, the book is also a guide to best practices that comply with the PMI

150 Shades of Play Fuel

This book reveals the importance of playing cards in Russian criminal culture. The handmade decks are beautiful works of art in their own right. Prohibited by the prison authorities, they are constructed from innocuous materials procured from the everyday routine of prison life. During construction both the cards and their designs are adroitly manipulated so they can be read. Once they are completed, the virtuoso player prowls the prison, searching for a suitable victim. This process is described here for the first time. Extensive diagrams show how the cards are made, while decks of actual prison cards are reproduced in facsimile.

If your sex life could use some spicing up, this is the book for you. This A to Z guide includes: how to's, safety info, tips on shopping, everything beginners need to know.

Russian Criminal Tattoo HarperCollins

This book features over 180 photographs and accompanying texts of Russian criminal tattoos from the Arkady Bronnikov collection. From the mid-1960s to the late-1980s Bronnikov worked as a senior expert in criminalistics at the USSR Ministry of Internal Affairs, part of his duties involved visiting correctional institutions of the Ural and Siberia regions. It was here that he interviewed, gathered information and took photographs of convicts and their tattoos, building one of the most comprehensive archives of this phenomenon. He regularly helped to solve criminal cases across Russia by using his collection of tattoos to identify culprits and corpses. The Bronnikov collection was made exclusively for police use, to further the understanding of the language of these tattoos and to act as an aid in the identification and apprehension of criminals in the field. Unimpeded by artistry, these vernacular photographs present a guileless representation of criminal society. Every image discloses evidence of an inmate's character: aggressive, vulnerable, melancholic, conceited. Their bodies display an unofficial history, told not just through tattoos, but also in scars and missing digits. Closer inspection only confirms our inability to comprehend the unimaginable lives of this

previously unacknowledged caste.

Managing Your Scarcest Resources Business leaders know that the key to competitive success is smart management of scarce resources. That's why companies allocate their financial capital so carefully. But capital today is cheap and abundant, no longer a source of advantage. The truly scarce resources now are the time, the talent, and the energy of the people in your organization--resources that are too often squandered. There's plenty of advice about how to manage them, but most of it focuses on individual actions. What's really needed are organizational solutions that can unleash a company's full productive power and enable it to outpace competitors. Building off of the popular Harvard Business Review article "Your Scarcest Resource," Michael Mankins and Eric Garton,

Bain & Company experts in organizational design and effectiveness, present new research into how you can liberate people's time, talent, and energy and unleash your organization's productive power. They identify the specific causes of organizational drag--the collection of institutional factors that slow things down, decrease output, and drain people's energy--and then offer a pragmatic framework for how managers can overcome it. With practical advice for using the framework and in-depth examples of how the best companies manage their people's time, talent, and energy with as much discipline as they do their financial capital, this book shows managers how to create a virtuous circle of high performance.

Apologetics is for everyone. The Bible is clear that all believers are called to defend their faith. However, if apologetics is the formal process that we have come to expect, this sounds like an impossible task. But what if apologetics could be part of natural, normal conversation—both from the pulpit and in everyday life? Aimed at preparing you to clearly and confidently defend your faith, Expository Apologetics sets forth an approach to apologetics that is rooted in Scripture and eminently accessible. Filled with real-world examples and practical advice, this book will equip you with the tools you need to think biblically and converse persuasively—offering unbelievers “a reason for the hope that is in you.”

Русские Уголовные Татуировки И Игральные Карты Createspace Independent Pub

This text provides a basic understanding of digital signal processing concepts and techniques. It begins with the characterization of discrete-time signals and systems in the time and frequency domains augmented by MATLAB functions. It then covers Fourier analysis based on digital techniques.

Pennant Race *SEO Made Simple*

“Takes readers inside the clubhouse, the dugout, and the bullpen—not to mention the airplane, the train and the hotel room—in ways no sportswriter ever has.” — Washington Post “Rich and always interesting....This is the most authentic and convincing book about baseball I have ever read.” — Los Angeles Times “Funny, candid, and even more interesting because it doesn’t chronicle an exceptional season (something Brosnan reserved for his second book, *Pennant Race*, 1962), this book was a game changer.” — Booklist “One of the best baseball books ever written. It is probably one of the best American diaries as well.” — New York Times

Expository Apologetics Fuel Publishing

Naomi Judd's life as a country music superstar has been nonstop success. But offstage, she has battled incredible adversity. Struggling through a childhood of harsh family secrets, the death of a young sibling, and absent emotional support, Naomi found herself reluctantly married and an expectant mother at age seventeen. Four years later, she was a single mom of two, who survived being beaten and raped, and was abandoned without any financial support and nowhere to turn in Hollywood, CA. Naomi has always been a survivor: She put herself through nursing school to support her young daughters, then took a courageous chance by moving to Nashville to pursue their fantastic dream of careers in country music. Her leap of faith paid off, and Naomi and her daughter Wynonna became The Judds, soon ranking with country music's biggest stars, selling more than 20 million records and winning six Grammys. At the height of the singing duo's popularity, Naomi was

given three years to live after being diagnosed with the previously incurable Hepatitis C. Miraculously, she overcame that too and was pronounced completely cured five years later. But Naomi was still to face her most desperate fight yet. After finishing a tour with Wynonna in 2011, she began a three-year battle with Severe Treatment Resistant Depression and anxiety. She suffered through frustrating and dangerous roller-coaster effects with antidepressants and other drugs, often terrifying therapies and, at her absolute lowest points, thoughts of suicide. But Naomi persevered once again. RIVER OF TIME is her poignant message of hope to anyone whose life has been scarred by trauma.

Introduction to Digital Signal Processing HarperCollins

For the Vampire community, the Solstice Choosing has been the holiest night of the year - for a hundred thousand years. But this year, something new is about to happen. The oldest prophecies are about to be fulfilled - and the Festival of Blessings is finally upon us.

Improving Vocabulary Skills, Fourth Edition, provides an answer to a problem that many students have: they simply don't know enough words. This book will truly help you master 300 important words and word parts. You will see and use these words in a number of different - and interesting- contexts. By working actively with the materials in this book, you are sure to expand your word base.

Improving Vocabulary Skills

Prepare for career success with firsthand experience in calculating payroll, completing payroll taxes, and preparing payroll records and reports. The 2015 edition of Bieg/Toland's market-leading text addresses all of the latest laws on payroll. The text focuses on applications rather than theory, and includes strong end-of-chapter material that reinforces concepts and provides valuable hands-on learning experiences. Numerous detailed examples and real business applications enliven this edition and demonstrate the relevance of the material. An extensive payroll project within the last chapter of the book gives students the opportunity to practice all they have learned, either manually or using Cengage Learning's General Ledger Software (CLGL).

River of Time

Tattoo drawings and prison portraits from Fuel's fabled archive of Russian criminal subculture This volume presents highlights from Fuel's singular collection of authentic material on this subject. Previously unpublished in its original form, this work comprises ink-on-paper drawings by Danzig Baldaev, the photographic albums of Arkady Bronnikov and prisoner portraits by Sergei Vasiliev. The selection is contextualized with insights from Mark Vincent, an author and academic specializing in the Soviet Gulag, and Alison Nordström, a photography scholar, writer and curator. The meticulous depictions of tattoos by prison guard Danzig Baldaev are reproduced in facsimile, authenticated by his signature and stamp, alongside his handwritten notes on the reverse. The paper has yellowed with age, giving the exquisite drawings a visceral temporality, almost like skin. Sergei Vasiliev's photographs portray inmates in startling intimacy. He achieves a remarkable level of trust within the closed criminal society, a strict hierarchy, where outsiders are viewed with hostile suspicion. Arkady Bronnikov's collection of photographs are shown in the albums in which they were collected. Used exclusively to aid police in their investigations, they depict a motley lineup of assorted body parts.

Russian Criminal Tattoo Archive is the only publication of primary material on this subject,

highlighting the pioneering methods these three individuals used to document this unique phenomenon.
