EVERY BERG

Plant Spirit Medicine Fair Winds Press (MA)

Introduces the philosophy and practices of old world witchcraft, which relies on plant magic and the use of shadow, dispelling the myths about witches and presenting the tradition's tools, charms, spells, rituals, and correspondences.

Spiritual Practice Rooted in the Earth and Other Realms North Atlantic Books

Introduction to contemporary Wiccan practices.

Healing Magic, 10th Anniversary Edition Witchcraft Medicine Healing Arts, Shamanic Practices, and Forbidden Plants

Harold Roth is a leading authority on plant/herbal magic. His new book, *The Witching Herbs*, is an in-depth exploration of 13 essential plants and herbs most closely associated with witchcraft—13 because it's the witching number and reflects the 13 months of the lunar calendar. The plants are poppy, clary sage, yarrow, rue, hyssop, vervain, mugwort, wormwood, datura, wild tobacco, henbane, belladonna, and mandrake. Roth writes simply and clearly on a vast amount of esoteric information that is not easily found elsewhere and will be greeted enthusiastically by those who already have extensive experience and libraries. It is unique in that it combines mysticism with practical instructions for growing each plant, based on Roth's 30 years of gardening expertise. Each chapter focuses on one plant and includes information on its unique plant spirit familiar, clear how-to instructions for magical projects, and pragmatic information on growing and cultivating. Roth writes, "This book is a great choice for intermediate-to-advanced witches who would like to work more closely with the traditional witching herbs, especially the baneful plants with their rather difficult spirits. Working directly with spirits is one of the fundamentals of the Craft." *The Witching Herbs* is the essential plant-worker's guide. Roth is not only a successful gardener, but also a magician and scholar of the occult. No other book blends clear, practical gardening techniques with equally lucid and sophisticated plant magic so successfully.

A Biopsychosocial Paradigm of Consciousness and Healing John Hunt Publishing

In 1980, Michael Harner blazed the trail for the worldwide revival of shamanism with his seminal classic *The Way of the Shaman*. In this long-awaited sequel, he provides new evidence of the reality of heavens. Drawing from a lifetime of personal shamanic experiences and more than 2,500 reports of Westerners' experiences during shamanic ascension, Harner highlights the striking similarities between their discoveries, indicating that the heavens and spirits they've encountered do indeed exist. He also provides instructions on his innovative core-shamanism techniques, so that readers too can ascend to heavenly realms, seek spirit teachers, and return later at will for additional

healing and advice. Written by the leading authority on shamanism, *Cave and Cosmos* is a must-read not only for those interested in shamanism, but also for those interested in spirituality, comparative religion, near-death experiences, healing, consciousness, anthropology, and the nature of reality. Praise for Michael Harner and *The Way of the Shaman* "What Yogananda did for Hinduism and D. T. Suzuki did for Zen, Michael Harner has done for shamanism—namely, bring the tradition and its richness to Western awareness." —from *Higher Wisdom*, by Roger Walsh and Charles S. Grob "Wonderful, fascinating.... Harner really knows what he's talking about." —Carlos Castaneda, best-selling author of *The Teachings of Don Juan* and *The Active Side of Infinity* "An intimate and practical guide to the art of shamanic healing and the technology of the sacred. Michael Harner is not just an anthropologist who has studied shamanism; he is an authentic white shaman." —Stanislav Grof, author of *The Adventure of Self-Discovery* "Harner has impeccable credentials, both as an academic and as a practicing shaman. Without doubt (since the recent death of Mircea Eliade) the world's leading authority on shamanism." —Nevill Drury, author of *The Elements of Shamanism* "Michael Harner is a great shaman. He also proves that a person can be both a scientist and a shaman." —Bo Bair Rinchinov, Siberian Buryat shaman

The Learned Arts of Witches & Wizards ABC-CLIO

Food is magical, not just because of the amazing tastes, flavours and aromas but also for the magical properties it holds. The magic starts with the choice of food to use, be added in whilst you are preparing and cooking then the magic unfolds as people enjoy your food. Dishes can be created for specific intents, moon phases, and rituals, to celebrate sabbats or just to bring the magic into your family meal. Many food ingredients can also be used very successfully in magical workings in the form of offerings, medicine pouches, witches bottles and poppets. Let's work magic into your cooking...

Reclaiming the Feminine in Religion and Medicine Llewellyn Worldwide

This...book offers a concise, accessible history of witches and sorcery and also provides a fascinating insight into the world of magic...

Scottish Witchcraft Wild Flower Press

The Shamanic Journey Citadel Press

A colorful and compelling examination of evidence for the mind's ability to heal, taking a step into the fascinating world of psychic healing and shamanism. 80 black-and-white photographs.

Intuitive Witchcraft Shambhala Publications

A distinguished anthropologist—who is also an initiated shaman—reveals the long-hidden female roots of the world's oldest form of religion and medicine. Here is a fascinating expedition into this ancient tradition, from its prehistoric beginnings to the work of women shamans across the globe today.

Shamanism was not only humankind's first spiritual and healing practice, it was originally the domain of women. This is the claim of Barbara Tedlock's provocative and myth-shattering book.

Reinterpreting generations of scholarship, Tedlock—herself an expert in dreamwork, divination, and healing—explains how and why the role of women in shamanism was misinterpreted and suppressed, and offers a dazzling array of evidence, from prehistoric African rock art to modern Mongolian ceremonies, for women's shamanic powers. Tedlock combines firsthand accounts of her own training among the Maya of Guatemala with the rich record of women warriors and hunters, spiritual guides, and prophets from many cultures and times. Probing the practices that distinguish female shamanism from the much better known male traditions, she reveals:

- The key role of body wisdom and women's eroticism in shamanic trance and ecstasy
- The female forms of dream witnessing, vision questing, and use of hallucinogenic drugs
- Shamanic midwifery and the spiritual powers released in childbirth and monthly female cycles
- Shamanic symbolism in weaving and other feminine arts
- Gender shifting and male-female partnership in shamanic practice

Filled with illuminating stories and illustrations, *The Woman in the Shaman's Body* restores women to their essential place in the history of spirituality and celebrates their continuing role in the worldwide resurgence of shamanism today.

Transform, Heal, and Remember with the Power of Plants and Ancestral Medicine Bantam

This book contains the first comprehensive examination of popular familiar belief in early modern Britain. It provides an in-depth analysis of the correlation between early modern British magic and tribal shamanism, examines the experiential dimension of popular magic and witchcraft in early modern Britain, and explores the links between British fairy beliefs and witch beliefs. In the hundreds of confessions relating to witchcraft and sorcery trials in early modern Britain there are detailed descriptions of intimate working relationships between popular magical practitioners and

familiar spirits of either human or animal form. Until recently historians often dismissed these descriptions as elaborate fictions created by judicial interrogators eager to find evidence of stereotypical pacts with the Devil. Although this paradigm is now routinely questioned, and most historians acknowledge that there was a folkloric component to familiar lore in the period, these beliefs, and the experiences reportedly associated with them, remain substantially unexplored. This book examines the folkloric roots of familiar lore from historical, anthropological and comparative religious perspectives. It argues that beliefs about witches' familiars were rooted in beliefs surrounding the use of fairy familiars by beneficent magical practitioners or cunning folk', and corroborates this through a comparative analysis of familiar beliefs found in traditional Native American and Siberian shamanism. The author explores the experiential dimension of familiar lore by drawing parallels between early modern familiar encounters and visionary mysticism as it appears in both tribal shamanism and medieval European contemplative traditions. These perspectives challenge the reductionist view of popular magic in early modern Britain often presented by historians.

Healing Power Simon and Schuster

Learn how to improve your life using the spiritual properties all around you in nature. This revised and expanded guide includes the magical properties and uses for nearly 300 plants. Entries describe how to use spells or rituals and potions that solve ev

Ecstasy and Healing Simon and Schuster

Is shamanism all that different from modern witchcraft? According to Christopher Penczak, Wicca's roots go back 20,000 years to the Stone Age shamanic traditions of tribal cultures worldwide. A fascinating exploration of the Craft's shamanic origins, *The Temple of Shamanic Witchcraft* offers year-and-a-day training in shamanic witchcraft. Penczak's third volume of witchcraft teachings corresponds to the water element - guiding the reader into this realm of emotion, reflection, and healing. The twelve formal lessons cover shamanic cosmologies, journeying, dreamwork, animal/plant/stone medicine, totems, soul retrieval, and psychic surgery. Each lesson includes exercises (using modern techniques and materials), assignments, and helpful tips. The training ends with a ritual for self-initiation into the art of the shamanic witch - culminating in an act of healing, rebirth, and transformation. COVR Award Winner

Shamanic Encounters with Another Reality Llewellyn Worldwide

The Witch's Herbal Apothecary is a magickal book of recipes, rituals, and materia medica for reconnecting with the power and healing of Earth Magick. Author Marysia Miernowska is the Director of one of California's most renowned herbal schools and named one of the "top 15 witches on Instagram" (@marysia_miernowska) by Huffington Post. Mother Earth is a living entity that holds great medicine to heal us physically and spiritually. However, in today's modern world, too many of us are separated from this source of nourishment. With the wheel of the year as a framework, you'll begin to understand the currents of nature and how to weave yourself back into this great web of life. Using the plants, seasons, and cycles as your tools, you will be able to tap into the potent Earth Magick of life, death, renewal, and rebirth. In harmony with the seasons, You will learn how to: Grow

medicine Harvest from the wild or home garden Process plants Make remedies Each season opens a portal of magick that allows you to harvest the literal and spiritual gifts the Earth is offering at that time. The Witch's Herbal Apothecary will awaken the Witch inherent in every wild soul and guide her into an empowered relationship of healing and magick with the natural world.

Discover how to utilize the magic of plants and diasporic ancestral practices in remedies and ritual. What if plants could be used to guide the process of transformation? What if you knew which rituals and plants could be partnered to alleviate physical symptoms or heal emotional and spiritual imbalances? How can plants help you stand in your power, strengthen your intuition, and provide protection? In *The Art & Practice of Spiritual Herbalism*, leading Black herbalist Karen Rose provides the answers you seek. This guide to harnessing the power of plants is a practical tool for working through the symptoms of body disease and the underlying emotional and spiritual issues. Organized by major body systems such as circulatory, digestive, and reproductive, *The Art & Practice of Spiritual Herbalism* gives a brief overview of the physical mechanisms of the system, the spiritual correspondences associated with that system, and the plants, remedies, and rituals that can be used to bring oneself back to healing and balance. Filled with stories, ancestral recipes, and accessible practices that anyone can use, *The Art & Practice of Spiritual Herbalism* shows you how to use the power of plants for spiritual and physical healing.

[Healing with Form, Energy, and Light](#) Simon and Schuster

A Buddhist manual for replacing an anxious, narrow, uncomfortable identity with one that is expansive, peaceful, and capable. In the shamanic worldview of Tibet, the five elements of earth, water, fire, air, and space are accessed through the raw powers of nature and through non-physical beings associated with the natural world. The Tibetan tantric view recognizes the elements as five kinds of energy in the body and balances them with a program of yogic movements, breathing exercises, and visualizations. In Dzogchen teachings, the elements are understood to be the radiance of being, and are accessed through pure awareness. *Healing with Form, Energy, and Light* offers the reader healing meditations and yogic practices on each of these levels. Tenzin Rinpoche's purpose is to strengthen our connection to the sacred aspect of the natural world and to present a guide that explains why certain practices are necessary and in what situations practices are effective or a hindrance. And the world too is transformed from dead matter and blind processes into a sacred landscape filled with an infinite variety of living forces and beings. "The secrets freely given in this volume can help us lay sound foundations for whatever yogic practice we may adopt. Tenzin Rinpoche has rendered all a great service." —Yoga Studies

Shamanic Healing Weiser Books

An in-depth investigation of traditional European folk medicine and the healing arts of witches •

Explores the outlawed "alternative" medicine of witches suppressed by the state and the Church and how these plants can be used today • Reveals that female shamanic medicine can be found in cultures all over the world • Illustrated with color and black-and-white art reproductions dating back to the 16th century Witch medicine is wild medicine. It does more than make one healthy, it creates lust and knowledge, ecstasy and mythological insight. In *Witchcraft Medicine* the authors take the reader on a journey that examines the women who mix the potions and become the healers; the legacy of Hecate; the demonization of nature's healing powers and sensuousness; the sorceress as shaman; and the plants associated with witches and devils. They explore important seasonal festivals and the plants associated with them, such as wolf's claw and calendula as herbs of the solstice and alder as an herb of the time of the dead--Samhain or Halloween. They also look at the history of forbidden medicine from the Inquisition to current drug laws, with an eye toward how the sacred plants of our forebears can be used once again.

[Witchcraft Medicine](#) Llewellyn Worldwide

Discover the shamanic powers within each of us • Explores ayahuasca rituals in the Amazon, messages from power animals and plant spirits, intuitive dreams, soul retrieval, and holograms of past lives and spirits • Explains the shamanic way of "seeing" to diagnose spiritual, emotional, and physical ailments via candle readings, remote viewing, and shamanic journeys • Details how the author has helped individuals communicate with loved ones who have passed on and release themselves from negative spirits Each and every one of us has shamanic powers. Glimpses of them can arise at any age in the form of intuitive dreams, déjà vu, spontaneous visions, and out-of-body experiences. Most people dismiss these experiences. However, by embracing these gifts, we can unlock our shamanic potential to change ourselves and the world around us. Revealing his transformation from skeptic to respected shamanic healer, Itzhak Beery explains how, after countless prescient dreams and visions throughout his life that he brushed off, a series of synchronistic events led to his first shamanism workshop with Michael Harner, renowned shamanism scholar and teacher. This, in turn, led to a trip to South America with John Perkins to work with indigenous shamanic healers. Beery shares his experiences with ayahuasca rituals in the Amazon, messages from power animals and plant spirits, dreams that foretold future events, and holographic sightings of past lives and spiritual entities, both evil and benign. He details his shamanic way of "seeing" to diagnose spiritual, emotional, and physical ailments via candle readings and remote viewing. Explaining how we are always surrounded by spirits, he recounts helping people communicate with loved ones who have passed on and shares powerful stories of soul retrieval during shamanic journeys to other worlds. Through his true stories of visions that manifested in reality, Beery reveals that we are all shamans. By igniting our natural intuition and developing trust for our inner powers, we can each connect to the oneness of nature where all knowledge is found.
