**Second Book of Practical Studies Etude 86** Second Book Of Practical Studies The Second Book of Practical Studies is designed to logically extend the techniques already presented in the First Book and also to introduce and develop new techniques and rhythms that will offer a challenge to the intermediate student. Through the use of slightly more difficult and more extended studies, it is hoped that the material included in this book may more fully develop general musicianship and more feeling for style and interpretation and thus act as a foundation for

solo literature. Second Book of Practical Studies - Cooper Music Free delivery and returns on eligible orders. The Second Book of Practical Studies is designed to logically extend the techniques already presented in the First Book and also to introduce and develop new techniques and

rhythms that will offer a challenge to the intermediate student. Through the use of slightly more difficult and more extended studies, it is hoped that the material included in this book may more fully develop general musicianship and more feeling for style and interpretation and thus act as a foundation for solo literature.

**Getchell 101**

This collection of miniature etudes is intended to serve as a logical continuation of the First Book of Practical Studies in which the simplest rhythmic figures (whole, half, quarter, eighth, and dotted quarter followed by eighth notes) were fully developed. Both books will be found suitable for individual or class instruction.
