*Safire's Political Dictionary* Hodder  
Education

The U.S. Congress can be traced to the founding and the debates in Philadelphia in the summer of 1787, but to suggest that the Congress in the first decade of the 21st century is the same Congress that was created over 220 years ago would be wildly misleading. The entries in this volume will elaborate on the original compromises and the ensuing evolution of legislative practice and

review how Congress has developed through several distinctive eras. This second edition of Historical Dictionary the U.S. Congress contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on the key concepts, terms, labels, and individuals central to identifying and comprehending the key role Congress plays in the history of the U.S. This book is an excellent resource for students, researchers, and anyone wanting to know more about the U.S. Congress.

**A Dictionary of Research  
Methodology and Statistics in**

**Applied Linguistics** Berlin : de Gruyter  
 'A dictionary of research methodology and statistics in applied linguistics' is a reference guide which offers an authoritative and comprehensive overview of key terms and concepts in the areas of research and statistics as concerns the field of applied linguistics. The volume is intended as a resource to delineate the meaning and use of various concepts, approaches, methods, designs, techniques, tools, types, and processes of applied linguistics research in an efficient and accessible style. Some entries relating to statistical aspects of research are also used so as to help the researcher in the successful formulation, analysis, and execution of the research design and carry the same towards its logical end. This book makes use of

approximately 2000 entries on the key concepts and issues of research with cross references where necessary. This volume is designed to appeal to undergraduate and graduate students, teachers, lecturers, practitioners, researchers, consultants, and consumers of information across the field of applied linguistics and other related disciplines.

### **The American Political Dictionary**

Rowman & Littlefield Publishers

The Gilded Age was an important three-decade period in American history. It was a time of transition, when the United States began to recover from its Civil War and post-war rebuilding phase. It was as a time of progress in technology and industry, of regression in race relations, and of stagnation in politics and foreign affairs. It was a time when

poor southerners began farming for a mere share of the crop rather than for wages, when pioneers settled in the harsh land and climate of the Great Plains, and when hopeful prospectors set out in search of riches in the gold fields out West. The Historical Dictionary of the Gilded Age relates the history of the major events, issues, people, and themes of the American "Gilded Age" (1869-1899). This period of unprecedented economic growth and technical advancement is chronicled in this reference and includes a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries.

The New Language of Politics The Concise Oxford Dictionary of Politics This new dictionary comprises over 280

clear and succinct entries, covering India's core political structures, ideologies, and practices, as well as individuals, groups, and concerns that are essential to them. The entries cover a diverse range of subjects, from caste, the Gujral Doctrine, and the Indian diaspora to the Partition of India and the Shah Bano controversy. It captures the richness of India's politics, as well as its foremost ideas and principles, explaining and interrogating important historical events and social concerns. Complete with useful web links, this new addition to the Oxford Quick Reference series is an indispensable companion for students studying Asian and international politics, as well as for professionals whose interests relate to India's expanding domestic and foreign politics.

Dictionary of Government and Politics

Oxford University Press, USA

'The sheer complexity of modern government means that many citizens are uneasy about concepts that political insiders and journalists take for granted. A Dictionary of Australian Politics is a valuable guide to clearing a path through the jungle.' - Barry Jones From 'barbecue-stopper' to 'washminster', from 'chardonnay socialist' to 'xenophobia', A Dictionary of Australian Politics is a comprehensive and lively guide to Australian political language. With handy 'quick grab' definitions, it is supported by in-depth explanations of the history and usage of important terms. For anyone interested in politics, this is an authoritative and entertaining reference. It is uniquely Australian, bringing

together a range of political terms and expressions that over time have entered the vernacular. It also includes international terms which are essential to political discussion.

American Political Scientists Routledge  
Containing over 500 definitions of political theories, dogmas and phraseologies, this dictionary includes updated entries on the European Community and federalism alongside new definitions of the European Court of Justice and Central Banks, among others. Frequently-used terms in Middle-Eastern politics are explained, from Ayatollah and the Arab-Israeli wars, to fundamentalism and the Gulf War. It also includes sections on ideas that have become familiar terms over recent years, such as perestroika, glasnost,

being politically correct, and Thatcherism, as well as issues that have taken on greater political significance - for example, abortion and environmentalism.

Dictionary of Politics & Government  
English-Khmer Routledge

Far more than a simple glossary, this unique resource provides a detailed lexicography of political and social life in China today, and deepens our understanding of the last twenty years of enormous change in the People's Republic. Each of the 1,600 entries (1) is rendered in Chinese characters; (2) is alphabetized according to pinyin, the Chinese phonetic alphabet; (3) is translated into English; and (4) is explained in terms of the situation in which it first appeared and how its

meaning shifted over time. In addition to the main body of definitions and annotations, there are three appendices, abbreviations, a name index, and a bibliography.

*The Penguin Dictionary of Politics*  
Infobase Publishing

First published in 1991, *The Dictionary of Contemporary Politics of Central America and the Caribbean* provides a guide to the most important organizations, figures, events and themes in the contemporary politics of Central America, Mexico, and the Caribbean. The countries covered include Mexico, Guatamala, Belize, Honduras, El Salvador, Nicaragua, Costa Rica, Panama, Cuba, Dominican Republic, Haiti, Jamaica, Trinidad and Tobago, Barbados, Grenada, St Vincent, St Lucia,

Dominica, St Kitt's-Nevis, Antigua and Puerto Rico. The background information supplied in the book explains how, for many in Central America, the guerrilla wars have merely been the intensification of a conflict previously fought by the likes of Nicaragua's Sandino or the Salvadorean Farabundo Marti, and before them by the Indian leaders who resisted the Spanish settlement. Although first published in 1991, this book will be a valuable resource for journalists, students, diplomats, business people, and anyone else who is interested in the politics of this richly diverse continent.

*A Dictionary of Australian Politics* OUP  
Oxford

Originally compiled by an expert team of contributors, this dictionary covers all

the major figures in world politics of the twentieth century. Authoritative and wide-ranging, it describes and assesses the lives of more than 1,100 men and women who have shaped political events across the world. Each entry includes an account of the background, career, and achievements of the individual concerned, balancing fact with critical appraisal. This second edition, commissioned especially for Oxford Reference, contains over 25 new entries, and the whole text has been thoroughly revised and updated.

### **Dictionary of Political Economy**

Routledge

This best-selling dictionary contains over 1,700 entries on all aspects of politics.

Written by a leading team of political scientists, it embraces the whole multi-

disciplinary specturm of political theory including political thinkers, history, institutions, and concepts, as well as notable current affairs that have shaped attitudes to politics. An appendix contains timelines listing the principal office-holders of a range of countries including the UK, Canada, the USA, Australia, New Zealand, Russia, and China. Fully revised and updated for the 3rd edition, the dictionary includes a wealth of new material in areas such as international relations, political science, political economy, and methodologies, as well as a chronology of key political theorists. It also boasts entry-level web links that don't go out of date. These can be accessed via a regularly checked and updated companion website, ensuring that the links remain relevent, and any

dead links are replaced or removed. The dictionary has international coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms. [The Penguin Dictionary of Politics](#) Oxford University Press

A biographical dictionary profiling the presidents of the United States, from George Washington to Barack H. Obama. *Historical Dictionary of the Gilded Age* Rowman & Littlefield

The Penguin Dictionary of International Relations provides an authoritative overview of this complex and constantly shifting subject. Ranging from the Arab-Israeli conflict to weapons of mass destruction, this is an indispensable and

comprehensive guide to the events, organisations, theories and concepts that are shaping today's global community.

A Biographical Dictionary Scarecrow Press

Alfabetisk gennemgang af en række politologiske begreber

The Penguin Dictionary of International Relations Routledge

A collection of more than six hundred slang terms of American political speech encompasses informative entries on such words as "boondoggle," "juice bill," and "Joe Citizen," including both the definition of the word and its historical background.

Rahnama Press

The Blackwell Dictionary of Political Science is a clear introduction to the

terminology of political science for students and general readers. The book comprises rigorous definitions and explanations of around 1000 key terms presented in an engaging style, cross-referenced, and easily accessible to readers new to the subject. It also includes a section of short biographies of the most eminent writers in the discipline - both classical and modern. The book is unique in combining a single author's overview and minimal assumptions about the reader's prior knowledge of the discipline. Major entries include short bibliographies for those who wish to pursue topics further.

A Dictionary of Catchwords, Slogans, and Political Usage New York, N.Y. : Holt, Rinehart, and Winston

6. Peoples of China

*The Oxford Dictionary of Political Quotations* Penguin Group USA

This bestselling dictionary contains over 1,700 entries on all aspects of politics and international relations. Written by a leading team of political scientists, it embraces the multi-disciplinary spectrum of political theory including political thinkers, history, institutions, theories, and schools of thought, as well as notable current affairs that have shaped attitudes to politics. Fully updated for its fourth edition, the dictionary has had its coverage of international relations heavily revised and expanded, reflected in its title change, and it includes a wealth of new material in areas such as international institutions, peace building, human security, security studies, global

governance, and open economy politics. It also incorporates recommended web links that can be accessed via a regularly checked and updated companion website, ensuring that the links remain relevant. The dictionary is international in its coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms. Dictionary of Political Science. Edited by Joseph Dunner. [By Various Authors.]. Routledge

An invaluable tool for learners of Portuguese, this Frequency Dictionary provides a list of the 5000 most commonly used words in the language. Based on a twenty-million-word

collection of Portuguese (taken from both Portuguese and Brazilian sources), which includes both written and spoken material, this dictionary provides detailed information for each of the 5000 entries, including the English equivalent, a sample sentence, and an indication of register and dialect variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are also thirty thematically-organized 'boxed' lists of the top words from a variety of key topics such as sports, weather, clothing and relations. An engaging and highly useful resource, A Frequency Dictionary of Portuguese will enable students of all levels to get the most out of their study of Portuguese

vocabulary.

Dictionary of Politics and Economics

University of Chicago Press

From Aeschylus to Tony Blair to Boris Yeltsin to Malcom X; 4,000 quotations; A-Z by speaker arrangement, with keyword index.

A Dictionary of Politics Wiley-Blackwell

This comprehensive Dictionary provides descriptive and analytical coverage of the turbulent political history and striking changes which have occurred both regionally and in key countries since the end of the Second World War. Substantially rewritten to take into account the dramatic political events and developments since 1995, the third edition of this acclaimed Dictionary will provide non-specialists and specialists alike with an essential resource on this

constantly changing and volatile region. Including new entries, updated country profiles on Indonesia, Malaysia and Cambodia and a revised reading list, leading authority and commentator on this rapidly developing region Michael Leifer has brought this Dictionary fully up-to-date. Changes in government, the rise of new leaders and the knock-on effect on economy and society are covered including: the death of key figures such as Pol Pot and the rise of a new generation of leaders, dramatic changes of government in Indonesia, Thailand and the Philippines and elections in Malaysia. Countries covered include Brunei, Burma

(Myanmar), Cambodia (Kampuchea), Indonesia, Laos, Malaysia, the Philippines, Singapore, Thailand and Vietnam. Key features include: \* Individual entries provide detailed information and authoritative commentary on the central figures, political parties and organizations, political systems and structures, major events and key documents. \* For each state covered, an extended narrative analyses its recent history and political and social development. \* Extensive cross-referencing and a subject index lead the reader to the vital material. \* Subject bibliographies refer researchers to source and secondary matter.
