What if saying hello to an old friend meant saying good-bye to life as you know it? It's been six years since Pen Calloway watched her best friends walk out of her life. And through the birth of her daughter, the death of her father, and the vicissitudes of single motherhood, she has never stopped missing them. Pen, Cat, and Will met on their first day of college and formed what seemed like a lifelong bond, only to break apart amid the realities of adulthood. When, after six years of silence, Cat—the bewitching center of their group—emails Pen and Will asking to meet at their college reunion, they can't refuse. But instead of a happy reconciliation, what awaits is a collision of past and present that sends Pen and Will on a journey across the world. With her trademark wit, vivid prose, and gift for creating captivating characters, Marisa de los Santos returns with an emotionally resonant novel about our deepest human con-nections.

Sunday School That Works Divorced Kids

The question asked by this story is not "Is abortion wrong?" but rather "Do American citizens have the right to say that abortion is wrong?" -from the

Introduction On Friday, March 20, 2009, fifteen months after the City of Oakland, California, passed a law making it illegal to approach a woman entering an abortion clinic without her consent, Walter B. Hoye II went to jail for standing on a public sidewalk outside an abortion clinic with a sign saying, "God loves you and your baby. Let us help you." The ordained Baptist minister could have accepted a lesser sentence of community service, provided he agreed never to return to the clinic. But he preferred spending thirty days in the county jail to forfeiting his constitutional right to free speech and his Christian duty to offer help to women in need, most of whom were black like him. Two higher courts eventually exonerated him: one overturned his criminal conviction and the other judged that the enforcement of the Oakland "bubble law" was unconstitutional. Walter's dramatic days in prison, where he lived and preached the Gospel and won the hearts of fellow inmates, is detailed in this book. The political machinations that created the bubble law and then entrapped Walter are also described, using public records. Both stories are told in the context of Walter's background as the descendant of black slaves and the disciple of his hero, Martin Luther King Jr., whose niece, Alveda, has written the foreword for this book.

The essentials of pastoral care involve the pastor's distinctive task of caring for those who are estranged--the lost sheep. Taken from the biblical image of the shepherd, the pastor by virtue of his or her professional calling cultivates wise judgment in order to hear the hurting and offer guidance, reconciliation, healing, sustaining presence, and empowerment to those in need. This book will outline the quintessential elements pastors need to wisely minister in today's context by discussing four major kinds of lostness: grief, illness, abuse, and family challenges. The purpose of the Abingdon Essential Guides is to fulfill the need for brief, substantive, yet highly accessible introductions to the core disciplines in biblical, theological, and religious studies. Drawing on the best in current scholarship, written with the need of students foremost in mind, addressed to learners in a number of contexts, Essential Guides will be the first choice of those who wish to acquaint themselves or their students with the broad scope of issues, perspectives, and subject matters within biblical and religious studies.
