MELANY MADELINE

The Door Is Open W. W. Norton & Company
'A humane, humorous and ultimately extremely moving novel'
Guardian 'A darkly comic, deeply moving and thoroughly modern
father-son love story' Mail on Sunday 'Funny, moving, disturbing
and beautifully written' Adam Kay 'Tremendously moving, fiercely
intelligent and very, very funny' Paul Murray Louis Lasker loves
his family dearly - apart from when he doesn't. There's a lot of
history. His father's marriages, his mother's death; one brother in

exile, another in denial; everything said, everything unsaid. And
now his father has taken a decision which threatens to blow the
family apart. We join the Laskers for what might be their final
days together. One last chance to fix things. It's a matter of life
and death . . .

The Jungle Book Nick Hern Books

In this volume of 15 articles, contributors from a wide range of
disciplines present their analyses of Disney movies and Disney
music, which are mainstays of popular culture. The power of the
Disney brand has heightened the need for academics to question
whether Disney's films and music function as a tool of the
Western elite that shapes the views of those less empowered.

Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Casanova BookRix

A sexually charged comedy by the award-winning playwright Comic Acting and Portraiture in Late-Georgian and Regency England Nick Hern Books

A tale of murder, comedy and tragedy: the riotous story of the one-legged superstar of Georgian London. In 1776 Foote's was the most talked-of name in the English-speaking world. By 1777 it was almost unmentionable. Samuel Foote, friend of David Garrick and Dr Johnson, is the greatest lost figure of the eighteenth century; his story defies belief and has only been forgotten for reasons both laughable and shocking. Foote's rise to fame was based on three unrelated accidents: his extraordinary gifts as an impressionist, a murder within his family which he turned into a true-crime bestseller, and the loss of his leg after a disastrous practical joke. Out of this was born the most singular career in stage history. He flouted convention in transvestite roles, evaded the censors by selling his scurrilous satires as 'Tea Parties', wrote

a series of plays for one-legged actors – accordingly not much revived – and established London's Theatre Royal, Haymarket. Then came two scandalous trials that rocked Georgian high society. Trials of such magnitude they kept America's Declaration of Independence from the front pages of the London papers. In a unique conflation of biography and social and medical history, award-winning historian Ian Kelly uncovers the hidden world of 'the Hogarth of the stage'. From Sheridan to Dickens to Dudley Moore, Foote's influence continues, but Mr Foote's Other Leg is not just a tragicomic tale of this Oscar Wilde of the eighteenth century, it is also the story of the first media storm, the first true-crime bestseller, the first victim of celebrity culture, and a joyous hop around the mad theatre of London life – high and low.

And, Wrong Mountain Routledge

Since ancient times human beings have gathered together for social purposes. And since not very long after that writers have written about these occasions. The party is a useful literary device, not only for social comment and satire, but as an occasion where characters can meet, fall in love, fall out or even get murdered. A Curious Invitation features forty of the greatest fictional festivities. Some of these parties are depictions of real events, like the Duchess of Richmond's Ball on the eve of battle with Napoleon in Thackeray's Vanity Fair; others draw on the author's experience of the society they lived in, such as Lady Metroland's party in Evelyn Waugh's Vile Bodies; while yet others come straight from the writer's bizarre imagination, like Douglas Adams' flying party above an unknown planet from The Hitchhiker's Guide to the Galaxy. Suzette Field offers you the chance to gatecrash these parties, spanning most of the history

of human civilization, seen through the eyes of the world's greatest writers.

Cultural-Historical Perspectives on Toys, Games, and Entertainment Anthem Press

Offers lesser-known facts about Casanova's life behind his mythical persona as a great lover, in an account that traces his work as a diplomat, writer, and confidant of such figures as Madame de Pompadour and Catherine the Great.

The Life of Antonin Carême, the First Celebrity Chef Pan Macmillan

The popularity of the comic performers of late-Georgian and Regency England and their frequent depiction in portraits, caricatures and prints is beyond dispute, yet until now little has been written on the subject. In this unique study Jim Davis considers the representation of English low comic actors, such as Joseph Munden, John Liston, Charles Mathews and John Emery, in the visual arts of the period, the ways in which such representations became part of the visual culture of their time, and the impact of visual representation and art theory on prose descriptions of comic actors. Davis reveals how many of the actors discussed also exhibited or collected paintings and used painterly techniques to evoke the world around them. Drawing particularly on the influence of Hogarth and Wilkie, he goes on to examine portraiture as critique and what the actors themselves represented in terms of notions of national and regional identity.

What Blest Genius?: The Jubilee That Made Shakespeare

University of Michigan Press

A gripping masterpiece, hailed as one of the 20th century's finest novels. A House for Mr Biswas is V.S. Naipaul's unforgettable third

novel. Born the "wrong way" and thrust into a world that greeted him with little more than a bad omen, Mohun Biswas has spent his 46 years of life striving for independence. But his determined efforts have met only with calamity. Shuttled from one residence to another after the drowning of his father, Mr Biswas yearns for a place he can call home. He marries into the domineering Tulsi family, on whom he becomes indignantly dependent, but rebels and takes on a succession of occupations in an arduous struggle to weaken their hold over him and purchase a house of his own. Heartrending and darkly comic, A House for Mr Biswas masterfully evokes a man's quest for autonomy against the backdrop of post-colonial Trinidad.

The Westing Game Simon and Schuster

A hilarious satire about college life and high class manners, this is a classic of postwar English literature. Regarded by many as the finest, and funniest, comic novel of the twentieth century, Lucky Jim remains as trenchant, withering, and eloquently misanthropic as when it first scandalized readers in 1954. This is the story of Jim Dixon, a hapless lecturer in medieval history at a provincial university who knows better than most that "there was no end to the ways in which nice things are nicer than nasty ones." Amis's scabrous debut leads the reader through a gallery of emphatically English bores, cranks, frauds, and neurotics, with each of whom Dixon must contend in one way or another in order to hold on to his cushy academic perch and win the girl of his fancy. More than just a merciless satire of cloistered college life and stuffy post-war manners, Lucky Jim is an attack on the forces of boredom, whatever form they may take, and a work of art that at once distills and extends an entire tradition of English comic

writing, from Fielding and Dickens through Wodehouse and Waugh. As Christopher Hitchens has written, "if you can picture Bertie or Jeeves being capable of actual malice, and simultaneously imagine Evelyn Waugh forgetting about original sin, you have the combination of innocence and experience that makes this short romp so imperishable."

A Newbery Medal Winner For over thirty-five years, Ellen Raskin's Newbery Medal-winning *The Westing Game* has been an enduring favorite. This highly inventive mystery involves sixteen people who are invited to the reading of Samuel W. Westing's will. They could become millionaires-it all depends on how they play the tricky and dangerous Westing game, a game involving blizzards, burglaries, and bombings Ellen Raskin has created a remarkable cast of characters in a puzzle-knotted, word-twisting plot filled with humor, intrigue, and suspense. Winner of the Newbery Medal Winner of the Boston Globe/Horn Book Award An ALA Notable Book A School Library Journal One Hundred Books That Shaped the Century "A supersharp mystery...confoundingly clever, and very funny." --Booklist, starred review "Great fun for those who enjoy illusion, word play, or sleight of hand." --The New York Times Book Review "A fascinating medley of word games, disguises, multiple aliases, and subterfuges--a demanding but rewarding book." --The Horn Book

Comedy, Tragedy and Murder in Georgian London Cambridge University Press

"If people turn to look at you in the street, you are not well dressed, but either too stiff, too tight, or too fashionable." -- Beau

Brummell Long before tabloids and television, Beau Brummell was the first person famous for being famous, the male socialite of his time, the first metrosexual -- 200 years before the word was conceived. His name has become synonymous with wit, profligacy, fine tailoring, and fashion. A style pundit, Brummell was singly responsible for changing forever the way men dress -- inventing, in effect, the suit. Brummell cut a dramatic swath through British society, from his early years as a favorite of the Prince of Wales and an arbiter of taste in the Age of Elegance, to his precipitous fall into poverty, incarceration, and madness. Brummell created the blueprint for celebrity crash and burn, falling dramatically out of favor and spending his last years in a hellish asylum. For nearly two decades, Brummell ruled over the tastes and pursuits of the well heeled and influential, and for almost as long, lived in penury and exile. With vivid prose, critically acclaimed biographer Ian Kelly unlocks the glittering, turbulent world of late-eighteenth/early-nineteenth-century London -- the first truly modern metropolis: venal, fashion-and-celebrity obsessed, self-centered and self-doubting -- through the life of one of its greatest heroes and most tragic victims. Brummell personified London's West End, where a new style of masculinity and modern men's fashion were first defined. Brummell was the leading Casanova and elusive bachelor of his time, appealing to both men and women of his society. The man Lord Byron once claimed was more important than Napoleon, Brummell was the ultimate cosmopolitan man. "Toyboy" to Georgiana, Duchess of Devonshire, and leader of playboys including the eventual king of England, Brummell inspired Pushkin to write *Eugene Onegin*, and Byron to write *Don Juan*,

and he influenced others from Oscar Wilde to Coco Chanel. Through love letters, historical records, and poems, Kelly reveals the man inside the suit, unlocking the scandalous behavior of London's high society while illuminating Brummell's enigmatic life in the colorful, tumultuous West End. A rare rendering of an era filled with excess, scandal, promiscuity, opulence, and luxury, Beau Brummell is the first comprehensive view of an elegant and ultimately tragic figure whose influence continues to this day.

A Social and Musical History DIANE Publishing

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

Out of My Mind Bloomsbury Publishing USA

"Staging Memory and Materiality in Eighteenth-Century Theatrical Biography" examines theatrical biography as a nascent genre in eighteenth-century England. This study specifically focuses on Thomas Davies' 1780 memoir of David Garrick as the first moment of mastery in the genre's history, the three-way war for the right to tell Charles Macklin's story at the turn of the century and James Boaden's theatrical biography spree in the 1820s and 1830s, including the lives of John Philip Kemble, Sarah Siddons, Dorothy Jordan and Elizabeth Inchbald. This project investigates the extent to which biographers envisioned themselves as artists, inheriting the anxiety of impermanence and correlating fear of competition that plagued their thespian subjects. It traces a suggestive, but not determinative, outline of generic development, noting the shifting generic features that emerge in context of a given work's predecessors. Drawing heavily on

primary sources, then-contemporary reviews and archival material in the form of extra-illustrated or "scrapbooked" editions of the biographies, this text is invested in the ways that the increasing emphasis on materiality was designed to consolidate, but often challenged, the biographer's authority. This turn to materiality also authorized readerly participation, allowing readers to "co-author" biographies through the use of material insertions, asserting their own presence in the texts about beloved thespians.

The Libertine MDPI

Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre-modern civilization. Recent research has begun to acknowledge the fundamental importance of these aspects in cultural, religious, philosophical, and literary terms. This volume expands on the traditional approach still very much focused on the materiality of game (toys, cards, dice, falcons, dolls, etc.) and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune. Whether considering blessings or horse fighting, falconry or card games, playing with dice or dolls, we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time. The contributions examine a wide gamut of approaches to pleasure, considering health issues, eroticism, tournaments, playing music, reading and listening, drinking alcohol, gambling and throwing dice. This large issue was also relevant, of course, in non-Christian societies, and constitutes a critical concern both for the

past and the present because we are all homines ludentes. Dead Famous Walter de Gruyter GmbH & Co KG

Since 1939, Horton Foote, "the Chekhov of the small town," has chronicled with compassion and acuity the experience of American life both intimate and universal. His adaptation of Harper Lee's *To Kill a Mockingbird* and his original screenplay *Tender Mercies* earned him Academy Awards. He has won a Pulitzer Prize, the Gold Medal for Drama from the American Academy of Arts and Letters, the PEN/Laura Pels Foundation Award for Drama, and the President's National Medal of Arts. *Beginnings* is the story of Foote's discovery of his own vocation. He didn't always want to write. When he left Wharton, Texas, at the age of sixteen to study at the Pasadena Playhouse, Foote aspired to be an actor. He remembers the terror and excitement of leaving home during the Depression, his early exposure to the influences of German theater, and the speech lessons he took to "cure" him of his Southern drawl. He eventually arrives in New York to search for acting jobs and to study with some of the great Russian and American teachers of the 1930s. But after mixed results on the stage, he finally recognizes his true passion, writing. From Martha Graham to Tennessee Williams, from Agnes de Mille to Lillian Gish, Horton collaborates with great artists in both dance and theater. The world he describes of fierce commitment and passion regardless of financial rewards is both captivating and inspiring. Through it all Horton maintains his genuine Southern charm, and he often travels home to Wharton, the town that nurtured him as a storyteller and has inspired his writing for the past sixty years. From one of the most moving and distinctive voices of our time, *Beginnings* is a rare, personal look

at a fascinating era in American life, and at the making of a writer.

"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff

What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. *THE DOOR IS OPEN* uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can

do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

Beginnings Yale University Press

The Nabob - A Comedy, in Three Acts is an unchanged, high-quality reprint of the original edition of 1778. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Let Go My Hand Cambridge University Press

Offering an authoritative and timely account of the relationship between literature and medicine in the eighteenth century and Romantic period, a time when most diseases had no cure, this collection provides a valuable overview of how two dynamic fields influenced and shaped one another. Covering a period in which both medicine and literature underwent frequent and sometimes radical change, the volume examines the complex mutual construction of these two fields via various perspectives: disability, gender, race, rank, sexuality, the global and colonial,

politics, ethics, and the visual. Diseases, fashionable and otherwise, such as Defoe's representation of the plague, feature strongly, as authors argue for the role literary genres play in affecting people's experience of physical and mental illness (and health) across the volume. Along with its sister publication, *Literature and Medicine in the Nineteenth Century*, this volume offers a major critical overview of the study of literature and medicine.

The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct Pearson UK

A fascinating social history of the guitar, reasserting its long-forgotten importance in Romantic England This book is the first to explore the popularity and novelty of the guitar in Georgian England, noting its impact on the social, cultural, and musical history of the period. The instrument possessed an imagery as rich as its uses were varied; it emerged as a potent symbol of Romanticism and was incorporated into poetry, portraiture, and drama. In addition, British and Irish soldiers returning from war in Spain and Portugal brought with them knowledge of the Spanish guitar and its connotations of stylish masculinity. Christopher Page presents entirely new scholarship in order to place the guitar within a multifaceted context, drawing from recently digitized original source material. *The Guitar in Georgian England* champions an instrument whose importance in the eighteenth and nineteenth centuries is often overlooked.
