Literary Hoaxes and Cultural Authenticity

Simon and Schuster
 Airman, war hero, immigrant, law student, diplomat, novelist and celebrity spouse, Romain Gary had several lives thrust upon him by the history of the twentieth century, but he also aspired to lead many more. He wrote more than two dozen books and a score of short stories under several different names in two languages, English and French, neither of which was his mother tongue. Gary had a gift for narrative that endeared him to ordinary readers, but won him little respect among critics far more intellectual than he could ever be. His varied and entertaining writing career tells a different story about the making of modern literary culture from the one we are accustomed to hearing. Born Roman Kacew in Vilna (now Lithuania) in 1914 and raised by only his mother after his father left them, Gary rose to become French Consul General in Los Angeles and the only man ever to win the Goncourt Prize

twice. This biography follows the many threads that lead from Gary's wartime adventures and early literary career to his years in Hollywood and his marriage to the actress Jean Seberg. It illuminates his works in all their incarnations, and culminates in the tale of his most brilliant deception: the fabrication of a complex identity for his most successful nom de plume, Émile Ajar. In his new portrait of Gary, David Bellos brings biographical research together with literary and cultural analysis to make sense of the many lives of Romain Gary - a hero fit for our times, as well as his own.

 Originally published in 1954, *The Wilder Shores of Love* is the classic biography of four nineteenth-century European women who leave behind the industrialized west for Arabia in search of romance and fulfillment. Hailed by *The Daily Telegraph* as "enthraling to read," Lesley Blanch's first book tells the story of Isabel Burton, the wife and traveling companion of the explorer Richard Burton; Jane Digby, who exchanged European society for an adventure in loving; Aimée Dubucq de Rivery, a Frenchwoman captured by pirates who became a member of the Turkish sultan's harem; and Isabelle Eberhardt, a Swiss woman who dressed as a man and lived among the Arabs of

Algeria.

Writing a new page in the surprisingly long history of literary deceit, *Impostors* examines a series of literary hoaxes, deceptions that involved flagrant acts of cultural appropriation. This book looks at authors who posed as people they were not, in order to claim a different ethnic, class, or other identity. These writers were, in other words, literary usurpers and appropriators who trafficked in what Christopher L. Miller terms the "intercultural hoax." In the United States, such hoaxes are familiar. Forrest Carter's *The Education of Little Tree* and JT LeRoy's *Sarah* are two infamous examples. Miller's contribution is to study hoaxes beyond our borders, employing a comparative framework and bringing French and African identity hoaxes into dialogue with some of their better-known American counterparts. In France, multiculturalism is generally eschewed in favor of universalism, and there should thus be no identities (in the American sense) to steal. However, as Miller demonstrates, this too is a ruse: French universalism can only go

so far and do so much.

There is plenty of otherness to appropriate. This French and Francophone tradition of imposture has never received the study it deserves. Taking a novel approach to this understudied tradition, *Impostors* examines hoaxes in both countries, finding similar practices of deception and questions of harm.

A Memoir Ellipses Marketing
A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness

and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. Promise at Dawn begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

Et c'est ainsi que Romain Gary explique le titre qu'il donne à son autobiographie, La Promesse de l'aube. Fils unique d'une mère qui rêve sa progéniture en génie - un futur Victor Hugo, un aviateur pionnier comme Guynemer, un don Juan... -, il sera à la hauteur de beaucoup de ses attentes même quand elle ne sera plus là pour le constater... Cette autobiographie, un

peu romancée, est poignante et également drôle, servie par un style brillant. On tourne les pages sans même s'en apercevoir.

Now in its second edition, The Routledge Dictionary of Cultural References in Modern French reveals the hidden cultural dimension of contemporary French, as used in the press, going beyond the limited and purely lexical approach of traditional bilingual dictionaries. Even foreign learners of French who possess a good level of French often have difficulty in fully understanding French articles, not because of any linguistic shortcomings on their part but because of their inadequate knowledge of the cultural references. This cultural dictionary of French provides the reader with clear and concise explanations of the crucial cultural dimension behind the most frequently used words and phrases found in the contemporary French press. This vital background information, gathered here in this innovative and

entertaining dictionary, will allow readers to go beyond a superficial understanding of the French press and the French language in general to see the hidden yet implied cultural significance that is so transparent to the native speaker. This fully revised second edition includes: a broad range of cultural references from the historical and literary to the popular and classical; an enhanced analysis of punning mechanisms used in the press; over 3,000 cultural references explained with updated examples; a three-level indicator of frequency; new and expanded chapters on the French of Quebec, institutional and academic references, and English borrowings in the areas of IT and medical science; over 600 online questions to test knowledge before and after reading. The Routledge Dictionary of Cultural References in Modern French is the ideal reference for all undergraduate and postgraduate students of French seeking to enhance their understanding of the French language. It will also be of interest to teachers, translators and Francophiles alike. French

students in khâgne, Sciences-Po and schools of journalism will also find this book valuable and relevant for their studies. Test questions and solutions are available at www.routledge.com/9780367376758, in addition to three online chapters. These bonus chapters explore figurative expressions involving the names of animals, the language of the law and slang terms.

La promesse de l'aube, pièce d'après Romain Gary lePetitLitteraire.fr

In this book Ralph Schoolcraft explores the extraordinary career of the modern French author, film director, and diplomat—a romantic and tragic figure whose fictions extended well beyond his books. Born Roman Kacew, he overcame an impoverished boyhood to become a French Resistance hero and win the coveted Goncourt Prize under the pseudonym—and largely invented persona—Romain Gary. Although he published such acclaimed works as *The Roots of Heaven* and *Promise at Dawn*, the Gaullist traditions that he defended in the world of French letters fell from favor, and his critical

fortunes suffered at the hands of a hostile press. Schoolcraft details Gary's frustrated struggle to evolve as a writer in the eye of a public that now considered him a known quantity. Identifying the daring strategies used by this mysterious character as he undertook an elaborate scheme to reach a new readership, Schoolcraft offers new insight into the dynamics of authorship and fame within the French literary institutions. In the early 1970s Gary made his departure from the conservative literary establishment, publishing works that boasted a quirky, elliptical style under a variety of pseudonymous personae, the most successful of which was that of an Algerian immigrant by the name of Emile Ajar. Moving behind the mask of his new creation, Gary was able to win critical and popular acclaim and a second Goncourt in 1975. But as Schoolcraft suggests, Gary may have "sold his shadow"—that is, lost his authorial persona—by marketing himself too effectively. Going so far as to recruit a cousin to stand in as the public face of this phantom author, Gary kept the secret of his true

authorship until his violent death in 1980 from a self-inflicted gunshot wound. The press reacted with resentment over the scheme, and he was shunned into the ranks of literary oddities. Schoolcraft draws from archives of the several thousand documents related to Gary housed at the French publishing firms of Gallimard and Mercure de France, as well as the Butler Library at Columbia University. Exploring the depths of a story that has long remained shrouded in mystery, Romain Gary: *The Man Who Sold His Shadow* is as much a fascinating biographical sketch as it is a thought-provoking reflection on the assumptions made about identities in the public sphere.

Only in recent years have historians rediscovered the critical role that French colonial troops played in the twentieth century's two world wars. What is perhaps still deeply under-appreciated is how much General de Gaulle's Free France drew its strength from 1940 to the middle of 1943 from fighting men, resources,

and operations in French Equatorial Africa rather than London. Territorially, Free France spanned from the Libyan border with Chad down to the Congo River, and to the scattered tiny French territories of the South Pacific and India. Eric T. Jennings tells the story of an improbable French military and institutional rebirth through Central Africa and gives a unique, deep look at the key role Free French Africa played during World War II to help the Allied cause.

White Dog Primento 'Masterly ... awesome reading ... an outstanding biography' Max Hastings, Sunday Times The definitive biography of the greatest French statesman of modern times In six weeks in the early summer of 1940, France was over-run by German troops and quickly surrendered. The French government of Marshal Pétain sued for peace and signed an armistice. One little-known junior French general, refusing to accept defeat, made his way to England. On 18 June he spoke to his compatriots over the BBC, urging them to rally to him in London. 'Whatever happens, the flame of French resistance must not be extinguished and will not be extinguished.' At that moment, Charles

de Gaulle entered into history. For the rest of the war, de Gaulle frequently bit the hand that fed him. He insisted on being treated as the true embodiment of France, and quarrelled violently with Churchill and Roosevelt. He was prickly, stubborn, aloof and self-contained. But through sheer force of personality and bloody-mindedness he managed to have France recognised as one of the victorious Allies, occupying its own zone in defeated Germany. For ten years after 1958 he was President of France's

Fifth Republic, which he created and which endures to this day. His pursuit of 'a certain idea of France' challenged American hegemony, took France out of NATO and twice vetoed British entry into the European Community. His controversial decolonization of Algeria brought France to the brink of civil war and provoked several assassination attempts. Julian Jackson's magnificent biography reveals this the life of this titanic figure as never before. It draws on a vast

range of published and unpublished memoirs and documents - including the recently opened de Gaulle archives - to show how de Gaulle achieved so much during the War when his resources were so astonishingly few, and how, as President, he put a medium-rank power at the centre of world affairs. No previous biography has depicted his paradoxes so vividly. Much of French politics since his death has been about his legacy, and he remains by far the greatest French leader since Napoleon.
