The fourth edition of the Peach Blossom Cologne Company Audit Case contains many new features, most significantly exercises dealing with the audit of internal control over financial reporting. Optional exercises simulate the planning phase of a real audit, including preparation of an engagement letter, completing a time budget, and conducting analytical procedures. In analyzing the potential problems uncovered by analytical procedures, students are required to provide an analysis of risks and a discussion of those accounts that may present potential problems. The optional internal control flowcharting exercises are based on the client's computer system. Two statistical sampling exercises are included: an attributes sampling application and a variables sampling exercise using dollar-unit (PPS) sampling. New to this edition is a table that cross-references exhibits to their related assignments. Additionally, students are provided a CD that contains working paper templates enabling students to complete some or all of the working papers electronically. For those

<p>instructors who would like to provide audit programs to their students, a CD containing audit programs is available. Students can use these programs as a starting point for developing their own audit programs.</p> <p><u>Congressional Record</u> John Wiley & Sons CAMPBELL * WHITE * WARREN CLOUD 9 LTD AN AUDIT CASE STUDY UPDATED CANADIAN EDITION This case study is</p>	<p>designed to provide students with the opportunity to work through various audit procedures that are performed during the planning and interim phases of a financial statement audit. Presents a typical audit scenario
Students are required to work through various audit tasks and procedures

that are performed during the planning and interim stages of an audit
Introduces students to typical audit duties that are performed in a real audit
Based on the Ernst & Young graduate audit program
Apple Blossom Cologne Company
McGraw-Hill/Irwin
Cloud 9 is designed to provide students with the opportunity to work through various audit procedures that are

performed during the planning and interim phases of a statutory audit. The case study is based on typical client scenarios that are regularly observed in the profession. The aim of this case study is to expose students to the practice of auditing and the tasks they would typically perform in their first year of auditing practice. Cloud 9 is derived from an audit case learning

resource used as part of the Ernst & Young graduate development program. Cloud 9 will provide your students - with a practical context of auditing and an appreciation of the level of quality, activity and knowledge Ernst & Young apply to the audit process and the vital role of auditing in practice and business.

 "A Way to Garden prods us toward that ineffable place where we feel we belong; it's a guide to living both in and out of the garden."
 —The New York Times Book Review
 For Margaret Roach, gardening is more than a hobby, it's a calling. Her unique approach, which she calls "horticultural how-to and woo-woo," is a blend of vital information you need to

memorize and intuitive steps you must simply feel and surrender to. In *A Way to Garden*, Roach imparts decades of garden wisdom on seasonal gardening, ornamental plants, vegetable gardening, design, gardening for wildlife, organic practices, and much more. She also challenges gardeners to think beyond their garden borders and to consider the ways gardening can

enrich the world. Brimming with beautiful photographs of Roach's own garden, *A Way to Garden* is practical, inspiring, and a must-have for every passionate gardener.
