BESTSELLER "A hilarious, tender, and altogether life-affirming gem of a book." -- Emily Henry, bestselling author of Beach

Read A brilliant and touching romantic comedy about two polar opposites, one adorable dog, and living every day to its fullest. When Vanessa Price quit her job to pursue her dream of traveling the globe, she wasn't expecting to gain millions of YouTube followers who shared her joy of seizing every moment. For her, living each day to its fullest isn't just a motto. Her mother and sister never saw the age of 30, and Vanessa doesn't want to take

anything for granted. But after her half sister suddenly leaves Vanessa in custody of her baby daughter, life goes from "daily adventure" to "next-level bad" (now with bonus baby vomit in hair). The last person Vanessa expects to show up offering help is the hot lawyer next door, Adrian Copeland. After all, she barely knows him. No one warned her that he was the Secret Baby Tamer or that she'd be spending a whole lot of time with him and his geriatric

Chihuahua. Now she's feeling things she's vowed not to feel. Because the only thing worse than falling for Adrian is finding a little hope for a future she may never see. BookRiot, Top Books of 2021 Goodreads, Best of 2021 Romance Finalist She Reads, Best of 2021 Romance Winner

Life Is Short But Wide Hachette UK A Good Morning America featured thriller, 2021 People magazine "Best Books of Summer" winner and a Good Housekeeping "Best Beach Read to Add to Your Summer Reading List" From Katherine St. John, author of *The Lion's Den*, comes a "reading experience that's as layered and decadent as a slice of tiramisu" about a Hollywood heartthrob, his co-star ex-wife, and a film set on an isolated island that will unearth long-buried secrets—and unravel years of lies (Emily Henry, NYT bestselling author of

People We Meet on Vacation, New York Times Book Review). In the midst of a sizzling hot summer, some of Hollywood's most notorious faces are assembled on the idyllic Caribbean island of St. Genesius to film *The Siren*, starring dangerously handsome megastar Cole Power playing opposite his ex-wife, Stella Rivers. The surefire blockbuster promises to entice audiences with its sultry storyline and intimately connected cast. Three very different women arrive on set, each with her own motive. Stella, an infamously unstable actress, is struggling to reclaim the career she lost in the wake of multiple, very public breakdowns. Taylor, a fledgling producer, is anxious to work on a film she hopes will turn her career around after her last job ended in scandal. And Felicity, Stella's mysterious new assistant, harbors designs of her own that threaten to upend everyone's plans. With a hurricane brewing offshore, each woman finds herself trapped on the island, united against a common enemy. But as deceptions come to light, misplaced trust may prove more perilous than the storm itself. Includes a Reading Group Guide. [Brief Thoughts On Making The Most Of](#)

For many of us, the word "religious" evokes thoughts of brainwashing, violence and eye-rubbingly tiresome conversations. Why not be done with it? Combining wit and candor with sharp cultural observations, David Dark flips the script on religiosity, arguing that "If what we believe is what we see is what we do is who we are, there's no getting away from religion." *Life Is Short And So Is This Book* iUniverse
Life is short. You can, if you work hard and are lucky, get more of almost anything, but you can't get more time. Time only goes one way. The average American has a lifespan of less than 30,000 days. So

how you choose to live matters. That's the topic of this book. I don't pretend to have all the answers. I'm still learning every day, and many of the good ideas here I've picked up from other people either directly or by reading. But this is what's worked for me. Like life, this book is short. Many books I read could communicate their ideas in fewer pages. So I've tried to be brief in line with the wise person who noted: "If I'd had more time I would have written a shorter letter". I don't think brevity implies lack of content. The concepts here have improved the quality of my life, and I hope they're useful to you as well. Using these concepts, I have created a life I love. My job doesn't feel like work. I love and respect the people with whom I spend time. And I'm also passionate about my life outside work. I've learned how to create a balance that makes me happy between work and other interests, including my family, friends and exercise. Sadly I think that's rare. And yet, while I know I'm lucky, most people can work towards those goals in their own lives. My interest in making the most of my life began when I was just starting college, but when I was in my mid-thirties

a boss I admired died of cancer. He was young. He had a great wife; he had three young children; he had a fantastic career - he had everything in life. He just didn't have enough time. So, while I'd often thought about how to get the most out of life, the death of someone so young and vital increased my sense of urgency to act on it. One of the things I've always wanted to do was to work for myself. As a result, I left an exciting job at Microsoft in 2001 amidst the Internet bust to found the investing firm I now run. It was hard to do, both financially and emotionally. When I left Microsoft, many people - friends, family, and even some of the press - thought I was deluding myself to start a fund focused on Internet-related companies during a market crash. A press quote from the time said: "Call him a little crazy. Call him a little nuts." I'd never seen that type of coverage before. And, in a sense, the press was right; the business wasn't easy to start. Fortunately, from a vantage point of ten years down the road, it's worked out quite well. A key part of my job is reading and thinking about a broad variety of topics. So writing this book was relatively easy. It's even easier to read.

But, like many things in life, actually executing each day on these concepts is extremely difficult. With thanks to Thomas Edison, life is 1% inspiration and 99% perspiration. Even so, I hope you have fun perspiring. Peter Atkins Seattle, WA December, 2010

I mean it's well written, witty, and one would think some of it is common sense, but sometimes people (i.e. me!) need common sense to slap them in the face!" - Cheryl "Willie whistle blower has a nice ring to it. You know someone's going to kick your butt one day? Good work!" - A guy Willie no longer parties with "I don't understand you. You go through university, build a promising career. Four Thousand Weeks Center Street

AN INSTANT NEW YORK TIMES

BESTSELLER "Provocative and appealing . . .

. . . well worth your extremely limited time."

—Barbara Spindel, The Wall Street Journal

The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand

weeks. Nobody needs telling there isn't enough time. We're obsessed with our lengthening to-do lists, our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we're deluged with advice on becoming more productive and efficient, and "life hacks" to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most

meaningful parts of life seem to lie just beyond the horizon. Still, we rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an entertaining, humorous, practical, and ultimately

profound guide to time and time management. Rejecting the futile modern fixation on "getting everything done," *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we've come to think about time aren't inescapable, unchanging truths, but choices we've made as individuals and as a society—and that we could do things differently.
