JIMENA FINLEY

Grendel Psychology Press

Published in English for the first time, this is one of the most important recent books on Hegel. Seeking to restore Hegel's concepts of time and temporality, it is essential reading for those interested in contemporary continental philosophy.

The Kite Runner Laurel Leaf

These two essays, written late in Jung's life, reflect his responses to the shattering

experience of World War II and the dawn of mass society. Among his most influential works, "The Undiscovered Self" is a plea for his generation--and those to come--to continue the individual work of self-discovery and not abandon needed psychological reflection for the easy ephemera of mass culture. Only individual awareness of both the conscious and unconscious aspects of the human psyche, Jung tells us, will allow the great work of human culture to continue and thrive. Jung's reflections on self-knowledge and the exploration of the unconscious carry

over into the second essay, "Symbols and the Interpretation of Dreams," completed shortly before his death in 1961. Describing dreams as communications from the unconscious, Jung explains how the symbols that occur in dreams compensate for repressed emotions and intuitions. This essay brings together Jung's fully evolved thoughts on the analysis of dreams and the healing of the rift between consciousness and the unconscious, ideas that are central to his system of psychology. This paperback edition of Jung's classic work includes a

new foreword by Sonu Shamdasani, Philemon Professor of Jung History at University College London.

Nicomachean Ethics New Directions Publishing

Over the past two thousand years, Western legal systems have had to alter some of their most basic principles in order to regulate the giving of gifts. This is a study of how legal concepts from the marketplace have been reshaped to accommodate a fundamentally different type of social practice. Richard Hyland examines the law of gifts in England, India, and the United States, and in Belgium, France, Germany, Italy, and Spain. Gifts also surveys the extensive discussion about gift giving in anthropology, history, economics, philosophy, and sociology. In addition, Hyland offers a critique of the functionalist method in comparative law and demonstrates the benefits of an interpretive approach.

NEWBERRY MEDAL WINNER • TIME MAGAZINE'S 100 BEST FANTASY BOOKS OF ALL TIME • NOW A MAJOR MOTION PICTURE FROM DISNEY Read the ground-

breaking science fiction and fantasy classic that has delighted children for over 60 years! "A Wrinkle in Time is one of my favorite books of all time. I've read it so often, I know it by heart." —Meg Cabot Late one night, three otherworldly creatures appear and sweep Meg Murry, her brother Charles Wallace, and their friend Calvin O'Keefe away on a mission to save Mr. Murray, who has gone missing while doing top-secret work for the government. They travel via tesseract--a wrinkle that transports one across space and time--to the planet Camazotz, where Mr. Murray is being held captive. There they discover a dark force that threatens not only Mr. Murray but the safety of the whole universe. A Wrinkle in Time is the first book in Madeleine L'Engle's Time Quintet.

Valences of the Dialectic Anchor Canada

The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth*

is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.

For Your Own Good Verso Books

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her

father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis.

Apple in the Middle Houghton Mifflin Harcourt

In this chilling short-story by a master of the craft, Kurt Vonnegut creates a fictional world of the future where life and death are no longer matters of individual choice or destiny. The title refers to the famous quote from Hamlet, "To be or not to be...." with "0" being pronounced as "naught." It also refers to the eternal dilemma of life and death that face every human being at some point in their lives. Written in 1962 it is set in some unspecified time in the future, when earth has become a Utopia. The population is under control, there is no poverty, suffering or even natural death. Man has conquered all. It's common for humans to live for two centuries or more. Death happens only when someone requests it. 2BR02B in the story is the telephone number that volunteers must call when they are ready for assisted suicide. It belongs to the Federal Bureau of

Termination which decides that for every child born, one person must volunteer to die. However, all is not perfect in this paradise - human beings still retain a spark of humanity and yearn for freedom. When the story opens, Edward Wehling, a youngish father-to-be is waiting for his wife to give birth. What follows is both spine-chilling and eerie. It makes you introspect about the future of humankind, whether the earth can sustain itself at the pace at which population is growing and about the ethics of concepts like assisted suicide. The reader pauses to wonder whether greater common good can replace love and the individual. 2BR02B has memorable characters like the nameless two-hundred-year-old painter, the genial Dr Hitz who created the first population control gas-chamber and Leora Duncan a gas-chamber hostess. Apart from these, the story explores Vonnegut's favorite anti-establishment ideas, where the government is seen as the enemy of personal freedom. Art in the future, according to Vonnegut, will become dull, commercialized and prescribed by the state. Creativity and individual expression will die out along with other freedoms.

Technology and scientific advancements will render simple human concepts of compassion and love redundant. Though the story is a trifle dated (it refers to the year 2000 as the year in which population control systems were first imposed, and the earth had run out of food and water) it is an interesting one that appeals to readers of all ages. In this chilling short-story by a master of the craft, Kurt Vonnegut creates a fictional world of the future where life and death are no longer matters of individual choice or destiny. The title refers to the famous quote from Hamlet, "To be or not to be...." with "0" being pronounced as "naught." It also refers to the eternal dilemma of life and death that face every human being at some point in their lives. Written in 1962 it is set in some unspecified time in the future, when earth has become a Utopia. The population is under control, there is no poverty, suffering or even natural death. Twelve-year-old Vahan Kenderian, the son of an influential Armenian family in Turkey, struggles to survive alone after witnessing the deaths of many of his family and friends during the Armenian massacres of the early twentieth century.

Philosophy for Militants Henry Holt and Company

An urgent and provocative account of the modern 'militant', a transformative figure

at the front line of emancipatory politics. Around the world, recent events have seen the creation of a radical phalanx comprising students, the young, workers and immigrants. It is Badiou's contention that the politics of such militants should condition the tasks of philosophy, even as philosophy clarifies the truth of our political condition. To resolve the conflicts between politics, philosophy and democracy, Badiou argues for a resurgent communism - returning to the original call for universal emancipation and organizing for militant struggle.

"John F. Welsh provides us with a superb distillation of the thought of Max Stirner and the dialectical egoist paradigm he developed. Through this brilliant study, Welsh demonstrates the power and breadth of dialectics as a radical mode of analysis and social transformation--Chris Matthew Sciabarra author of *Total Freedom: Toward a Dialectical Libertarianism*.

Understanding Myself: My Dialectical Journal Into Self-Acceptance Graywolf Press

ONE OF TIME MAGAZINE'S 100 BEST YA

BOOKS OF ALL TIME • NEW YORK TIMES BESTSELLER A modern-day classic from Newbery Medalist Jerry Spinelli, this beloved celebration of individuality is now an original movie on Disney+! And don't miss the author's highly anticipated new novel, *Dead Wednesday!* *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, as well as *The Warden's Daughter*, a novel about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his

readers, past these pitfalls and challenges and toward their futures with more compassion.” —The New York Times

Keeper'n Me Houghton Mifflin Harcourt
A searing novel about the obstacles facing women in Zimbabwe, by one of the country's most notable authors Anxious about her prospects after leaving a stagnant job, Tambudzai finds herself living in a run-down youth hostel in downtown Harare. For reasons that include her grim financial prospects and her age, she moves to a widow's boarding house and eventually finds work as a biology teacher. But at every turn in her attempt to make a life for herself, she is faced with a fresh humiliation, until the painful contrast between the future she imagined and her daily reality ultimately drives her to a breaking point. In *This Mournable Body*, Tsitsi Dangarembga returns to the protagonist of her acclaimed first novel, *Nervous Conditions*, to examine how the hope and potential of a young girl and a fledgling nation can sour over time and become a bitter and floundering struggle for survival. As a last resort, Tambudzai takes an ecotourism job that forces her to return to her parents' impoverished

homestead. It is this homecoming, in Dangarembga's tense and psychologically charged novel, that culminates in an act of betrayal, revealing just how toxic the combination of colonialism and capitalism can be.

The Wretched of the Earth Princeton University Press

Young Adult Native American Novel Apple Starkington turned her back on her Native American heritage the moment she was called a racial slur for someone of white and Indian descent, not that she really even knew how to be an Indian. Too bad the white world doesn't accept her either. And so begins her quirky habits to gain acceptance. Apple's name, chosen by her Indian mother on her deathbed, has a double meaning: treasured apple of my eye, but also the negative connotation—a person who is red, or Indian, on the outside, but white on the inside. After her wealthy father gives her the boot one summer, Apple reluctantly agrees to visit her Native American relatives on the Turtle Mountain Indian Reservation in North Dakota for the first time. Apple learns to deal with the culture shock of Indian customs and the Native Michif

language, while she tries to deal with a vengeful Indian man who loved her mother in high school but now hates Apple because her mom married a white man. As Apple meets her Indian relatives, she shatters Indian stereotypes and learns what it means to find her place in a world divided by color.

Ishmael IAP

Winner of the Newbery Medal, this remarkably moving novel has impressed the hearts and minds of millions of readers. Set in Mississippi at the height of the Depression, this is the story of one family's struggle to maintain their integrity, pride, and independence in the face of racism and social injustice. And it is also Cassie's story—Cassie Logan, an independent girl who discovers over the course of an important year why having land of their own is so crucial to the Logan family, even as she learns to draw strength from her own sense of dignity and self-respect. * "[A] vivid story.... Entirely through its own internal development, the novel shows the rich inner rewards of black pride, love, and independence."—Booklist, starred review
A Wrinkle in Time Rowman & Littlefield

Richard Wright [RL 6 IL 10-12] A poor black boy acquires a very disturbing symbol of manhood--a gun. Theme: maturing. 38 pages. Tale Blazers. *Constructive Criticism* Oxford University Press

Leon Leyson (born Leib Lezjon) was only ten years old when the Nazis invaded Poland and his family was forced to relocate to the Krakow ghetto. With incredible luck, perseverance and grit, Leyson was able to survive the sadism of the Nazis, including that of the demonic Amon Goeth, commandant of Plaszow, the concentration camp outside Krakow. Ultimately, it was the generosity and cunning of one man, a man named Oskar Schindler, who saved Leon Leyson's life, and the lives of his mother, his father, and two of his four siblings, by adding their names to his list of workers in his factory - a list that became world renowned: Schindler's List. This, the only memoir published by a former Schindler's List child, perfectly captures the innocence of a small boy who goes through the unthinkable. Most notable is the lack of rancour, the lack of venom, and the abundance of dignity in Mr Leyson's

telling. *The Boy on the Wooden Box* is a legacy of hope, a memoir unlike anything you've ever read.

The Problem of God, Yesterday and Today HarperCollins

In an urbane and persuasive tract for our time, the distinguished Catholic theologian combines a comprehensive metaphysics with a sensitivity to contemporary existentialist thought. Father Murray traces the "problem of God" from its origins in the Old Testament, through its development in the Christian Fathers and the definitive statement by Aquinas, to its denial by modern materialism. Students and nonspecialist intellectuals may both benefit by the book, which illuminates the problem of development of doctrine that is now, even more than in the days of Newman, a fundamental issue between Roman Catholic and Protestant, theologians and nonspecialist intellectuals alike will find the subject of vital interest. As a challenge to the ecumenical dialogue, the question is raised whether, in the course of its development through different phases, the problem of God has come back to its original position. Father Murray is Ordinary professor of theology at

Woodstock College, Woodstock, Maryland. St. Thomas More Lectures, 1. "A gem of a book—lucid, illuminating, brilliantly written. A fine contribution to the current Catholic theological renaissance."—Paul Weiss.

An old woman demonstrates the value of her age when she solves a warlord's three riddles and saves her village from destruction.

Gifts Simon and Schuster

Madman, tyrant, animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as

Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich "Beer-hall putsch" was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against communism and the Jewish people in this document, which was to become *Mein Kampf*, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In *Mein Kampf*, Hitler describes his strategy

for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

Stargirl LA CASE Books

After half a century exploring dialectical thought, renowned cultural critic Fredric Jameson presents a comprehensive study of a misunderstood yet vital strain in Western philosophy. The dialectic, the concept of the evolution of an idea through conflicts arising from its inherent contradictions, transformed two centuries of Western philosophy. To Hegel, who dominated nineteenth-century thought, it was a metaphysical system. In the works

of Marx, the dialectic became a tool for materialist historical analysis. Jameson brings a theoretical scrutiny to bear on the questions that have arisen in the history of this philosophical tradition, contextualizing the debate in terms of commodification and globalization, and with reference to thinkers such as Rousseau, Lukcs, Heidegger, Sartre, Derrida, and Althusser. Through rigorous, erudite examination, *Valences of the Dialectic* charts a movement toward the innovation of a "spatial" dialectic. Jameson presents a new synthesis of thought that revitalizes dialectical thinking for the twenty-first century.
